

Georgetown Lawyer President Of County Children's Aid

The members of the Halton County Children's Aid Society met for their annual meeting in the Halton Centennial Manor Thursday evening, to elect officers and directors for 1963. Mr. J. J. Liffie was elected as president, treasurer and director, and to hear an interesting talk from guest speaker Ernest Murray, supervisor of the Peel County Children's Aid Society. D. V. Laffner of Georgetown, vice-president of the society for 1962, was elected as president for a two-year term. He replaces Harold C. Biggar of Oakville, who just completed a two-year term in office.

Rev. C. M. Mitchell of Burlington was elected vice-president. J. Cheney of Oakville secretary and Albert Watson of Oakville was returned as treasurer.

In an effort to increase the participation of County Councilors in the endeavours of the Society the six members of the Children's Aid Committee of the County Council were elected to the executive as directors. They are Deputy Reeve W. J. Coulter of Nassagaweya, Deputy Reeve J. Bell of Milton, Deputy Reeve G. Gallagher of Burlington and Deputy Reeve W. H. Denny of Acton.

Mayor S. G. Childs of Milton, Mrs. D. Taylor of Acton, Mrs. L. Wells of Esquesing, Wilfred Harrison and Warren Harding of Burlington and Robert Bornhold and Mrs. H. G. Lullen of Oakville were also elected to the executive as directors.

PRESIDENT'S REPORT

In his report, president Liffie noted "with the increase in population in the county, it has been difficult to acquire the necessary number of properly trained social workers, however, we were very fortunate in finding William Limes to fill the position of Executive Assistant."

He suggested the various letters in the staff and the new employees that would be hired in the future would make the Children's Aid office space "entirely inadequate". The 1963 Board, he said, "will have to find double the office space we presently have."

Mr. Biggar recalled that in 1962 two important auxiliary services were begun, the engaging of a Psychiatric Consultant for one half day each month and the hiring of a Paralegal for one half day each week. In closing, he thanked the Board members, the Executive Director Paul Jolliffe and his staff "for making the past two years a success."

TWO USEFUL CITIZENS
Omer K. VanSickle, treasurer for 1962, reported that during that year the Society had received receipts totaling \$135,946.06, over \$100,000 of which was received from the County of Halton. Expenses for the year were \$134,515.31; leaving an increase in the bank balance of \$500.75. Mr. VanSickle noted that "if the money spent in Children's Aid work means the difference between two useful citizens and two idlers, it is money well spent." He said that the total number of dollars spent on this work totalled less than \$1 per capita of the residents of Halton County.

Local Director Paul Jolliffe met at the home of their assistant leader, Jan Patterson, on Monday evening with seven attending. Home visits must be made by the end of 1962 or 1961. Since the last garden and Potato Salads and annual meeting, there has been a net gain of two new recruits for workers and we can now report that more than one half

of our professional staff has received post graduate training in social work.

CHILD POPULATION
"In recent months," Mr. Jolliffe continued, "a staff development program under the direction of William James, along with a monthly psychiatric clinic held by Dr. Murray McGovern, have contributed greatly to an increasing effective total service."

Mr. Jolliffe noted that population trends indicate a rising wave of child population in the County of Halton. 42 per cent of Halton's population is now under 20 years of age, while 25 per cent is under 10 years of age. He said, "More children of course require more services from our agency, created and dedicated to serve children."

"The leadership of the president and the Board of Directors, the efforts of individual foster parents, the support of the County of Halton and the cooperation and help of many others, have made the accomplishments of the past year possible," he said.

Records of the work of the Society in 1962 show that in the year with 92 children under their care and admitted 80 more children into care, 45 children were placed in adoption and adoptions were completed for 18 children. 22 children were returned to their parents and the Society closed the year with 98 children under their care. Of these 98 children, 27 are in adoption homes, one is in a foster home and eight are in institutions.

The Society has assisted during the year assisted with 33 private or "parent" adoptions, 97 unmarried mothers planning for care of infants, 398 other miscellaneous services and have helped 848 children in their own homes through visiting services to 290 families.

Seven Limestone Vegetables met at the home of Margaret Arnold last week. The girls made assorted sandwiches during their lesson period and served them for lunch later.

Congratulations to Mr. and Mrs. Carl Hill on the arrival of their chosen daughter, Miriam Louise.

Mrs. Ethel Thompson of Toronto spent a few days with Mrs. Mitchell last week.

Margaret Van Sackel celebrated her seventh birthday with a party for thirteen. Little friends of her home on Saturday.

Mr. and Mrs. Chas. Mason of Acton visited Mr. and Mrs. Mills on Friday.

Rev. Norman Young conducted communion services at Limestone Presbyterian Church on Sunday.

Congratulations to Mr. and Mrs. Jim Briles on the arrival of a new little daughter.

George Price is New Skating Club President

The new president of the Georgetown Figure Skating Club for the coming season is George Price. He was elected at last week's general meeting.

Vice president is Desmond Bowell, Secretary is Mrs. G. Price and Treasurer is A. Skelton. Elected to the Committee were Mrs. K. Malott, D. Cusworth, D. MacLachlan and Mrs. Desmond Bowell.

Mr. Price reported that \$2000 was netted by the club's Ice Carnival and as a result, the club would be starting the new season one hundred and fifty dollars richer than they started last year.

There was a large turnout of parents at this meeting than previously but the executive would be delighted if more parents would attend.

The world-wide success of the event was the greatest and most costly single undertaking in the history of medicine according to the Canadian Cancer Society.
