

Wasnt So Baa-a-a-d

MARCH EXITS LIKE LAMB . . ER . . LION

THE MAD MONTH OF MARCH (rain, snow, gusty winds, flooding, et al) bowed out like a lamb Sunday — or was it a lion. This little gamboler on the Charles Greig farm gleefully adds to the confusion by donning a Lions Club hat.

HALTON MANOR

St. Patrick's is Theme Honour Birthdays

by Muriel Thompson

On Friday evening, March 6th, Mr. Allan showed two short films for "movie night". The first film "Red Letter Days" was devoted to the sport of hunting. Woodcock and grouse shooting in Nova Scotia, wild turkey shooting in Florida and the hunting of cottontail rabbits in New York State were all shown.

The second film, "Jamaican Flavour," was a film describing the industries and history of the island of Jamaica from the time of its discovery by Columbus in 1494 to the present time.

Rev. J. K. L. McGown conducted the church service in the Chapel on Sunday afternoon, March 10th. Mr. McGown read verses 22-28 of St. John's Gospel and then delivered a very fine sermon based on this very fine sermon based on this. He said that it is wonderful how many references to the word "bread" are to be found in the Bible. One of these is the saying of Jesus, "I am the Bread of Life." Mr. McGown went on to say that just as food and drink are necessary to the physical body, so Jesus is the Bread that is necessary for the spiritual body.

Mrs. S. Lockie was the organist.

The gaiety and brightness always associated with St. Patrick's day were in evidence at a combined St. Patrick's Day and March birthday party held in the auditorium on March 11th. The party was conducted by the Manor Auxiliary.

The walls of the auditorium were decorated with cut-outs of Irish pipes, top hats, sham rocks and other Irish symbols. The head table was decorated with bouquets of mauve and yellow mums with a pink and white birthday cake occupying the center of the table. In honour of St. Patrick's Day, there was a second birthday cake iced with green icing.

When the audience had assembled an Irish favour was pinned on the dress or coat of each resident Mrs. S. A. Allen, the president of the Auxiliary, extended a welcome and special birthday greetings to the guests of honour. Mrs. W. Bell, the entertainment convenor, took charge of the delightful program.

The first number was a medley of lively dance tunes played by a 3-piece orchestra made up of Mr. R. Wright, violin, Mrs. Wright, piano and Mr. W. Bell, guitar.

A quartette of four young girls, Elsie and Cecie Jazi, Margaret and Helen Bell sang two songs, with the audience joining them in the singing of the choruses. These songs were "When Irish Eyes are Smiling" and "Just a Shanty in Old Shanthy Town". Mrs. Wright was the accompanist.

Mrs. Bell leading a sing-song of favourite old melodies was enjoyed. Dressed in the very pretty traditional costume of the Irish colleens, Susan and Marilyn Martin danced an Irish jig. Mrs. W. Bell sang two solos. "Dear Old Donegal" and "That's an Irish Lullaby". The closing number was another medley of lively dance tunes played by Mr. and Mrs. Wright and Mr. Bell, with Mr. Vickers, a resident, joining in with the bones.

The ten guests of honour were called to the head table they were decorated with fancy hats and the "Happy Birthday" song was sung for them.

Says Instruction, Not Ban Firearm Solution

49 Raylawn Cr., Georgetown, Ont., March 25th, 1963.

An Open Letter to Rev. Ian Fleming.

On behalf of the Sportsmen in Halton County or more over in Ontario. May I say how sorry we are about the unnecessary suffering that your two sons are going through now, and may suffer in the future. Suffering caused by an unfortunate incident.

I must however, take this opportunity to answer statements attributed to you, that appeared in a Toronto paper, March 25th, 1963.

The Toronto paper reports you first stated "that thoughtless parents were to blame for your son's suffering". In this statement you are 60 per cent right. Children of the older age group must shoulder some of the responsibility.

According to the paper you then stated "parents who teach their children to cross the streets safely, should prevent them from handling dangerous firearms." You have, in this statement, mentioned one of our children's most dangerous needs, crossing the street.

This problem may come about hundreds of times in one day, hundreds of times when parents are not around to protect their children. The need then, is to teach our children the proper and safe way to cross streets. To instruct them on the dangers of carelessness.

Firearms on the other hand, may be found in your home, your home or anyone else's. They may be found when you or I are not there to protect our children. We must then instruct them on the dangers of these firearms, and if our children show interest in these firearms at a later date, we must see they get the proper instruction of the safe handling of such firearms.

Later you were quoted as saying "society in general was to blame, for not passing and enforcing by laws, which forbid youngsters to roam freely with offensive weapons." Such by laws have been passed and are enforced as much as humanly possible. These laws HAVE, NOT and WILL NOT stop the problems that cause these by laws.

The first term of 10 years or a fine of \$500 will not raise the suffering being suffered by your sons. These fines are necessary in varied amounts, but only to show the public that an ounce of prevention can save them a pound of heartbreaks.

Over the years, people have discovered that knowledge of the things we fear most, can drive away our fears and show us the way to live with these old fears.

Organizations such as the Ontario Federation of Anglers & Hunters, of which our local club is a member, and in cooperation with the Dept. of Lands and Forests have been carrying on an educational program to instruct both parents and the children in the safe handling of firearms.

With such measures taken by the parents, these problems would be at a minimum. A minimum that can only be helped by the Heavenly Father.

Programs such as these need the moral support of the public. Quites such as those above although made when you were grief stricken and shocked, can do no good. They can though, do much harm to such constructive programs.

Yours sincerely,
FRED DAIRY

HEAT YOUR HOME!

Plan Summer Testing For Air Attack Sirens

If the two air attack warning sirens in town begin wailing without prior notice it will be because of (a) a short circuit, or (b) a genuine attack.

(Canadian Army Central Command at Oakville told The Herald this week that no testing has been scheduled yet but it's probable the sirens will sound sometime this summer. The sirens, on towers on the Howard Wrigglesworth and George Kennedy public school grounds, were to have been tested in June of 1962 but the test was postponed because sirens in another part of the country had to be modified.

Central Command said notification will be made through newspapers and radio weeks in advance of any scheduled test. The sirens caused some concern here last year when a hydro line working between Georgetown and Brampton tripped them accidentally.

Notice to Creditors

IN THE ESTATE OF Walter Lawson, Gentleman, Deceased.
All persons having claims against the estate of Walter Lawson, late of the Village of Stewartstown, in the County of Halton, Gentleman, who died on or about the 6th day of February, 1963, are hereby notified to send particulars of same to the undersigned on or before the 22nd day of April, 1963, after which date the estate will be distributed with regard only to the claims of which the undersigned shall then have notice, and the undersigned will not be liable to any person whose claim they shall not then have notice.

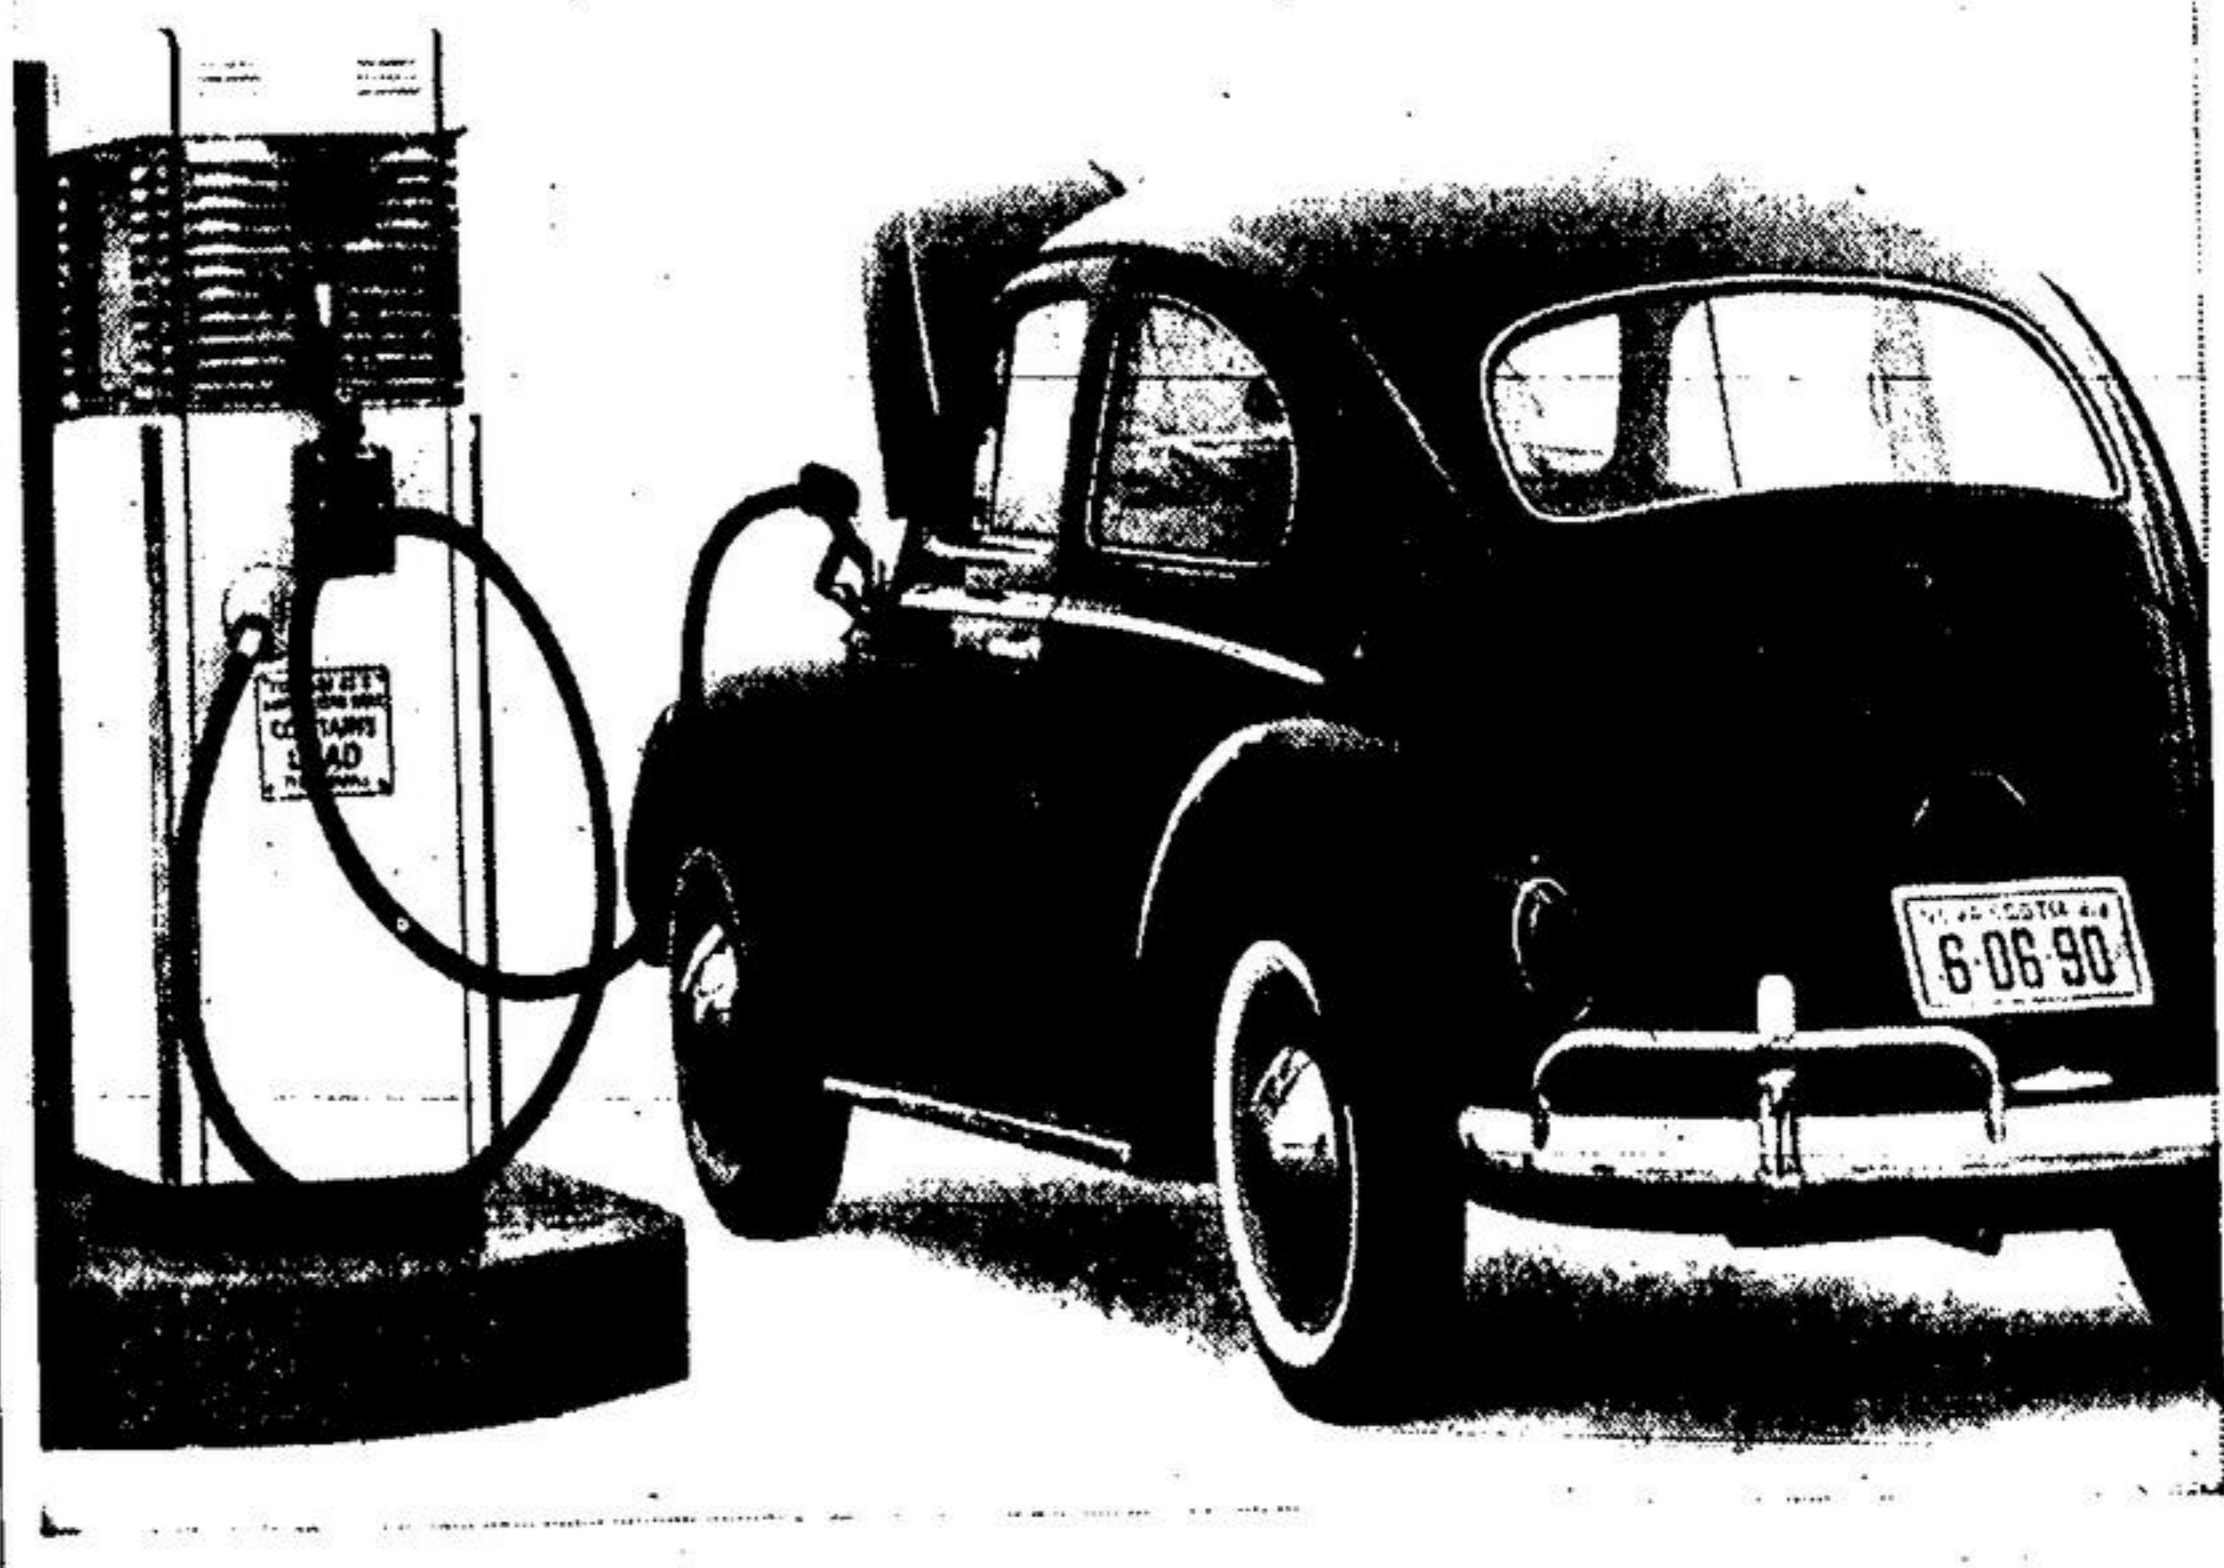

DATED at Georgetown, this 18th day of March, A.D. 1963. Flora MacDonald Lawson, Walter Robert Lawson and Donald Gier Lawson, Executors of the Estate of Walter Lawson, by their Solicitors, Dale, Bennett, Latimer & Barnes, 23 Mill St., Georgetown, Ont.

For two cents I'll leave town.

Don't go away mad. Just go away. In a Volkswagen. You'll come back smiling on the money you saved going. The Volkswagen averages 38 miles to a gallon of gas. In fact we've heard a few owners claim 50 mpg. (They're either very good drivers, or a little weak at mathematics.) The Volkswagen is never change in other departments too. For a start, the oil never needs topping between changes. And even when it is time for a change, two and one-fifth quarts will do it. When it comes to the cooling system, your expenses come to zero. The radiator can't boil over or spring leaks or freeze up because there is no radiator. We cool our car with air instead of water. On a long trip your thoughts may turn to service and replacement parts. Don't worry. You can be miles from nowhere and still find VW service. (We have 346 dealers right across Canada.) As a matter of fact, why not test drive a Volkswagen at your nearest dealer now? And since it only costs him a couple of pennies, feel free to head for the city limits.

LEGION NOTES

by Don. N. Platt

EUCHRE

Four teams of four players each tried their luck at the Zone Euchre Tournament in Port Credit on Saturday. The luck was not too good. One team composed of Earl Emund, Dave Bowman, Scotty Patterson and Charlie Parton came within one point of the play-offs but, euchre not being horses, close doesn't count. Good try men!

CRIBBAGE

Our Legion cribbage team came out on top of the Georgetown Industrial Cribbage and Dart League last week for the second straight year. The Ex-Orendas, who led the pack throughout the season, eased off enough on the last evening for the Legion boys to pick up the three points they trailed for a tie. The fourteen extra games to break the tie were not completed when at eleven games, the Legion had taken eight for a sound win. Team Captain Jim McPherson with Charlie Cocklin, Harry Knight, Herb Harlow, Frank Nicholson, Roy Rudiger, Jack Ripon and Don Platt will go on into the play-offs and try for a second trophy.

SHUFFLEBOARD

Approval was given by the members for the purchase of a shuffleboard at last Thursday's general meeting. Although considerable discussion preceded the vote it was mainly concerned with methods of purchase as most members appeared to favour the idea. The unit will be installed along the wall that backs on the TV room. Three tables displaced from the area will be placed in the TV room. The installation should be completed in two or three weeks.

HISTORICAL COMMITTEE

Following a recommendation by Dave Capperault at the last meeting an Historical Committee will be set up in the near future. The committee will be concerned with all be brought with him examples. Branch 120 events, past, present and future and will record use of oil, water colour, and these events in a scrap book that water colour and collage.

SATURDAY NIGHT

Two new Georgetown residents, Harry and Bridget Davidson, by name, visited the Branch on Saturday night. Our were called to the head table they were decorated with fancy hats and the "Happy Birthday" song was sung for them.

MR. FIX-IT

To the honor of Bud Hill and the laughter of all present, the exhaust fan number 1 fan for the wall last week. A well-meaning member made an ill-timed attempt to quiet the noisy rumblings in the unit only to find himself supporting the whole works on his head. A shower of sparks and dirt erupted in all directions.

Several minutes and many drops of perspiration were required to seat the unit back in its customary position only to find that, instead of sucking air in, it threw out large chunks of greasy dust.

GIRLS FIELD HOCKEY

Rosa Longene is planning to organize a girls field hockey team in Georgetown. All girls interested in playing may see Rosa at the Georgetown Park on Sunday, April 21, at 2:00 p.m.

50-50 DRAW

Lucky Winner, Earl Emund. Ticket seller, Dave Bowman.

John Agg Speaker At Arts & Crafts

The March meeting of the Arts and Crafts of Georgetown was held at the home of Mrs. J. P. Mill, Park Avenue. The guest speaker was John Agg of Terra Cotta who spoke on his Country Gallery from its first conception to final realization as a medium for the display of his work. Mr. Agg's principal art is painting and will be brought with him examples.

All members will be called for pictures pertaining to conclude his address. Mr. Agg past events. With regard to present and future happenings, approval was given for the purchase of an electronic flash. The work of Longene and Henderson is of great value to the Branch in maintaining a photographic history of the Branch.

SATURDAY NIGHT
