WATCH GRASS FIRES

WARNS FIRE CHIEF
 The ground is still well saturated with the winter runoff but winds, and sunshine these recent weeks have dried the grass, warns Fire Chief Bonfield, who hopes this spring won't provide as hectic a time for firemen as last. Watch rubbish fires at all times if you're cleaning the yard, and don't burn off grass areas unless you have more than enough help to keep the flames under control. Don't throw burning cigarette butts out the car windows, and use incinerators wherever possible.

CLUB MIDTOWN
 by Kate

Well now that we are back here is not right. Really you can't stand every week to give you our last one. With all the swiftness of the information on what's going on in the future. Last week's dance, I am happy to for all concerned, a record hop was a success. There was a good band. Why, I can remember a record-breaking crowd even more than a dance with there but there was a good band. Why, I can remember a crowd and I feel that every when I first started going to body had a good time. The dances. All there was was a record hop which is a good crowd but every one have a record hop which is a good crowd but every one something different. The num-enjoyed themselves. The last year or so you could there is no reason why it can't be the count on one hand and that be done again, but it is up to about something like this you ors will be opened to all mem-rules in March 28th Herald.

you. As I have said so many can never tell what is going to happen. That is why it is not to plan too far ahead before or not so good, not us. cause plans can so easily get upset, leaving you kind of stranded. There will be posters put up every week and it is a good idea to check with them. This is written early in the week and by the time Friday comes there could possibly be a change. Either way you can be sure whatever is going on, it will be something we are sure you'll like. Until Friday be good and keep smiling. Like OUT.

Weekly Stag Euchre Planned by Legion
