## **AUDITOR'S REPORT FOR 1962**

To the Council and Ratepayers of the Township of Esquesing.

Dear Sirs: We have made an examination of the books and accounts of the Township of Esquesing and its associated boards for the year ended December 31st, 1962. The examination has been conducted in accordance with the regulations of the Department of Municipal Affairs and there is attached a completed questionnaire covering specific auditing requirements.

The Statement of Revenue and Expenditure 'D' shows that the Township had a surplus on the year's operations of \$8,285.60. This has been added to the surplus brought forward from prior years, which now stands at \$18.012.37.

There is attached, a statement of gains and losses from the budget, showing how the surplus arose. The chief item is a reduction in road expenditures of \$8,970.34 from the budgeted

We call attention to two items in the Balance Sheet: • Taxes unpaid of ..... \$ 121,198.63

The continued annual increase in the amount of unpaid taxes is a matter for concern. The unpaid taxes represent 33% of the current year's levy. A year ago, the unpaid taxes were 30% of the current levy. There are limits to the amount which municipality may borrow on bank loans, and unless this trend is stopped, the Township will eventually find it cannot borrow enough money for current expenditures

We suggest increasing the present penalties of 6% per annum to the maximum allowed by the Act and moving the tax payment date forward one month.

The large bank loans are caused by the unpaid taxes The capital reserve fund statement F now stands at \$7,883.71 after contributing \$11,432.35 to the cost of the new municipal building in 1962. The present balance is more than adequate to take care of 1963 charges on the debentures issued

for the Municipal Hall. There are three items included as payable to schools which should be paid over.

Due to Milton High School District- portion of supplementary levy for 1962	\$ 139.99
Due to Acton High School District - portion of supplementary levy for 1962	56 46
Due to Georgetown, Acton and Milton High School Districts. Their portion of supplementary high school debenture levy of 1960, 1961 and 1962	898 72
AUDITOR'S OPINION	
We hereby report that in our opinion:  (1) The financial transactions which have our notice have been within the punicipality.  (2) The audit has been conducted in active instructions of the Department of	cordance with

(3) The financial statements present fairly the financial

position of the municipality as at December 31, 1962, and the results of its operations for the year
