

FOR WALTER 'PATCH' IT WAS

### MUTINY ON THE BOZARK

**PIRATE WALTER 'PATCH' O'LOCK** (the infamous Irish buccaneer) sweeps up a bathing belle from the 'good old days'. Mary Göbel, at the Riviera Friday night where masqueraders romped at the annual Bozark Ball at which Little Theatre-people were guests.

## Best in World Boasts Halton TB Seal Drive

Mrs. M. E. Lunau, secretary general in Halton County, was of the Halton County Tuberculosis and Health Association, and the return per capita has been close to attend tributary of \$2.88 and the 17th International TB Conference, per letter sent out of conference in Rome, Italy in Sep. \$1.15 were all above the member Mrs. Lunau spearheaded a virtual average.

The TB seals campaign in Dr. Archie F. Bull, Medical Officer of Health and Director of the world's most successful TB seals campaign. Unit, reported 23 new cases of Tuberculosis were discovered within the county this year. 13

The announcement was made by Dr. C. W. L. Jeanes, executive secretary of the Canadian Medical Association, at the annual meeting of the Halton through Military Medical services and one by film at the County Association.

Receipts from the Halton National Employment Agency, County campaign for 1962 to "It is becoming increasingly difficult to find new cases of \$34,074, approximately double the number of 31.9 cents for every resident tuberculosis and a tribute in the county. This figure is should be paid to the good believed to be the highest in work of the family physicians who discover the largest number of the world."

### Donations Up

#### Extend Program

Mrs. C. W. McKinnon, chairwoman of the Christmas Seal campaign, noted during her report, stated: "Halton that this year's donations in County is indeed fortunate increased 7.8 per cent despite to have such a capable and the fact that the population of interested Board of Directors Halton County dropped again who gave so willingly of their approximately \$8,000 from the previous year to fight tuberculosis and our year. She continued, the now we are making plans to average per capita donation re-extend our program into the

## Raylawn Dust Complaint Resident Wants Action

May 14th 1963 couple of hours on my front Municipality of Georgetown, Town Council, Ontario, Ont., Gentleman.

Since my family and I took up residence in Georgetown some two and one-half years ago, we have been patiently awaiting the decision of the town authorities to correct an unfortunate situation.

I sincerely hope that I am wrong in this, but it seems to be increasingly apparent that this situation is not going to be rectified.

What I am referring to is the section of road on Raylawn Crest, between Duncan Drive and Lamstone Crest. This is a disgrace to the town of Georgetown and I believe that the residents on this particular stretch of road will agree with me on this point.

This is a heavily travelled road and on a dry, windy day the dust that is raised is fantastic. This dust seems to permeate every house and garden in the house, with no regard for furniture, clothes, etc. This too constitutes a definite health hazard, especially when one of my children for the last ten years has, and still is, being treated for an allergy to a cost to me of hundreds of dollars. One of the causes of the allergy is DUST and if you would care to verify this with our family physician, I will be glad to give you his name upon request.

Perhaps you gentlemen think that I am exaggerating, but Geoffrey Denby, Esquerring Assessor is District Chairman.

Arthur W. Benton, Esquerring Assessor, will be chairman of the Assessing Officers of District 12 this year. Mr. Benton was elected to office at the spring meeting in Kingston where members from Ontario, York, Peel and Haldimand counties met. Other officers included Gerald Meredith, Ottawa, urban vice-chairman; John May, North Galt, rural vice-chairman; and John C. Sprout, Toronto Township, secretary-treasurer.

Perhaps you gentlemen think that I am exaggerating, but Geoffrey Denby, Esquerring Assessor attended the convention in that case, I can extend my invitation to the gentry from Georgetown, who are chairman of any other Cliff Hibbert and Jim Bishop, member of council, to spend a few
