

Trees Give Beauty To Our Community

Have you ever stopped to realize the value that trees have in our community? They provide beauty and comfort of a restful and pleasant atmosphere. They provide shade during the hot summer months and protection from cold winds during the cooler seasons. They enhance the value of any property and are well worth the care and attention they require.

PROTECT TREES

It is worthwhile for you to protect the existing trees on your lot from damage during construction. This can be done by building a temporary barrier around each one. The barrier should be made of concrete or brick walls. Coniferous trees, where they are too thickly planted, should be removed. Windbreaks should be planned to reduce wind velocities and may conform to the elevations of the trees in order to prevent the cutting of the roots or soil about the trees.

PROPER PLANTING
To save trees you must devote time to proper planning. In selecting trees for planting avoid those which seed profusely such as chestnuts, Manakoba maple and tree-of-heaven, because the seedlings have to be destroyed continually. Avoid planting plants that close to the house or sewer lines because their roots can clog drains and damage concrete walls. Coniferous trees, where they are too thickly planted, should be removed. Windbreaks should be planned to reduce wind velocities and may conform to the elevations of the trees in order to prevent the cutting of the roots or soil about the trees.

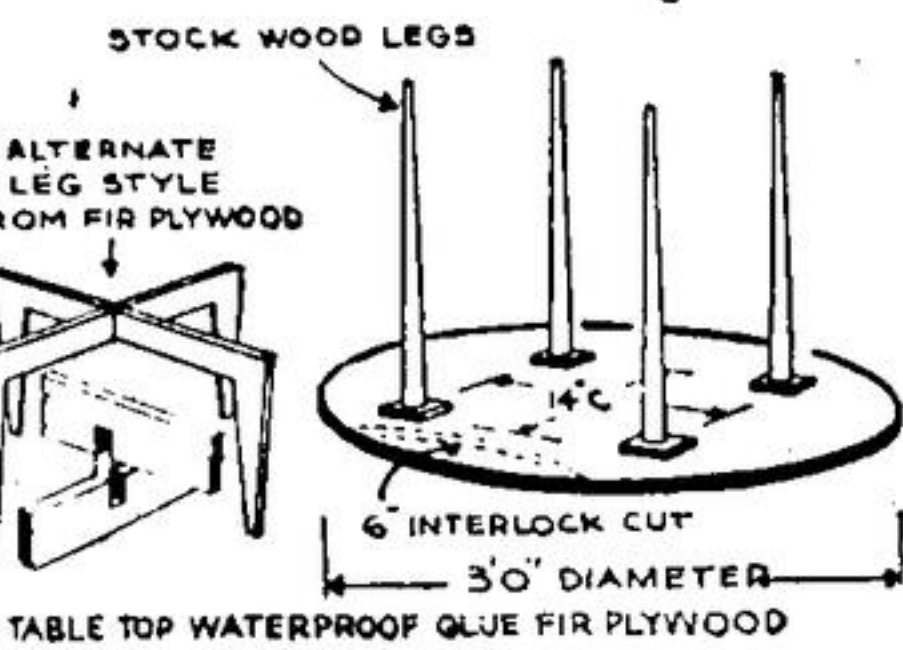

Planting of trees is done in the late fall or early spring when tree growth is dormant. Dig a hole large enough to accommodate the roots without crowding or bending. A reasonable pot moss should be used to introduce a reasonable amount of shade in order to protect the house from the sun's hottest rays during summer months.

CHRIS WALKER, of the horticultural society, is one man who doesn't need to be told of the value of planting young arbours. In this picture he's obviously beside himself while planting one of the new saplings which will boost Georgetown Park's maple population.

ONE OF A SERIES

Build It Yourself

Fir Plywood Patio Tables Will Serve Dual Purpose

Tables for outdoor living are practical additions to your backyard amenities. A rich staining barbecue pales if you have to hold it on your lap. A table is a safer place for a drink or a book than the flammable, concrete or lawn of the terrace. And, when the wife isn't watching, it's the natural place for weary feet.

With random segments cut your tables will be outdoors out of these circular tables any most of the time. The number of them can be as many as you want. They are built to last and to your taste. They are made of the best materials and are built to last.

Build one of these patio tables for a coffee table in your living room. They are built to last and to your taste. They are made of the best materials and are built to last.

There is only one kind of waterproof glue for plywood. It is made in Canada. It is identified on its edge by the industry mark "PMBC EXTERIOR".

Finish the tables with natural finishes to bring out the fine grain of fir plywood or if color is desired, use a quality exterior type house paint.

Little Marjorie: "You gave me the biggest piece of cake."

Mother: "But you see, dear, you've got a bigger piece."

Little Marjorie: "Yes, and I'm always going to keep it."

Be sure to use plywood made with waterproof glue since of cake."

Fashions, Music Delight Audience at High School

The Departments of Home Economics and Music at the High School combined to present a program of "Fashions and Music" in the auditorium last Wednesday night and the blending of concert recital and fashion show proved a refreshing and entertaining way for the students to display the results of their plus-teaching.

Fifty-eight students modeled the ensembles created in Home Ec while the musical portion of the programme included selections by the Senior and Junior Bands, the school Dance Band, Choir and soloists.

The modelling was directed by Mrs. B. Hess and Mrs. A. Loney assisted by Mrs. Ann Smith and Peter Forgrave was in charge of music during the promenade of fashions. The bands and choir were directed by Dr. Charles Wilson. Mr. Mike Peleschak and Dan Wagstaff handled the lighting.

The Senior Band opened with a group of four numbers: "Holiday March", "God This Self", "Mimic in G Minor" and "Canzona with Counterpoint" and returned later with "March of the Pilgrims", "Symphonette for Band" a medley of South Pacific numbers. They closed the program with three hit tunes from The Music Man.

The Junior Band played three numbers during the second half: "Graduation March", "Chromatic Jump" and "South American Holiday" which gave the audience a sample of how things will sound next term when the Intermediate and Senior Bands begin to combine their efforts. The Dance Band's selections were "Speak Low", "Love Walked In" and "I Can Dream Cant".

The Choir sang "All Night All Day", "Now Thank We All Our God", "Younger Generation", "Climb Every Mountain" and "A Little Bit of Luck" and two tunes from the Broadway show, "Carousel", "You'll Never Walk Alone" and "June Is Out of This World".

In a clarinet solo, Ian B. well played Sonata in B Flat. Paul Fisher, on cornet, played "Be Thou With Me" and Mike Baker played Gershwin's Prelude No. 2, a study in the blue style.

In introducing Dr. Wilson, high school principal J. L. Lambert commented that there is so much for young people in the music field that those who complain of "nothing to do" certainly have no grounds for their claim.

Students who modelled were Nancy Korzack, Judy Mills, Josephine Mitchell, Margaret Thompson, Diana Armstrong, Brenda Boyle, Pat Bowman, Nancy Little, Helen Van Klak, Sharon Puckering, Carol Fournier, Maureen Smith, Judy McCrea, Pat Sargent, Donna Thornton, Madeline Buresh, Carol Stevens, Roxie Hamilton, Jackie Lacey, Edna Fisher, Jackie Lacey, Sharon Sikes, Judy Nash, Mary Hills, Linda Powers, Mary King, Ann Godson, Len the Lady, Shirley Taggart, Len Sheryl Puckering, Mary Lou da Bailey, Pat Hyde, Bonnie Brown, Pat Lawrie.

Employed in Milton With Robertson Firm

A sudden heart attack at his home on the 7th Line was fatal for Roy Laurence Burt, 54, on May 11th.

Except for a year in Campbellville, Mr. Burt had spent his life as a Georgetown district resident. He was the son of the late Laurence and Alice Sovereign Burt. A twin brother Bruce died in infancy.

He had been employed at the P. L. Robertson Co. in Milton for the past twenty years.

In 1941 he married Annie Kathleen Hadfield of Milton. Besides his wife, he leaves three children, Donald, Marjorie and Barbara, and brothers and sisters, George and Elmer of Georgetown, Mrs. K. Hamilton (Helen) and Lloyd of Ballinafad, and Mrs. W. Johnston (Margaret) of Acton. A sister, Alice, died in childhood.

Rev. Ian Fleming conducted the funeral service on May 14th at the Harold C. McClure Funeral Home Interment was in Coningsby Cemetery. Six nephews were pallbearers, Laurence Johnston, Gordon Hamilton, Henry Chaplin, Harvey, Earl and Ross Burt. Neighbours were flower bearers, John Devereaux, Donald Lindsay, George Henderson, Ken Kirkwood, Fred Roden and Ken Faulkner.

Will Build New OPP Office Near Milton

A new North Halton Provincial Police Detachment headquarters will be built on the triangle park area immediately north of the Base Line. Hon. Ray Connell, Minister of Public Works confirmed this week.

He indicated the building was included in the Attorney General's "works requested" list but was not high on their priorities.

"We have arranged for the site on Highway 25 on which we will build the Detachment Building but I do not foresee any start being made on it during the current year," the Minister reported.

Some time ago the Milton town council approved transfer of a parcel of the originally intended park land back to the Department of Highways for transfer to the Department of Public Works. It was understood at that time an OPP Detachment Building was to occupy the site at the northwest corner of the Base Line and Highway 25.

The OPP has 21 men and a secretary presently working out of cramped quarters on Bronte Street.

Has Contacts Not Enough

A traffic policeman stopped a woman motorist and asked to see her driver's license. Then, seeing that her licence required her to wear glasses when driving, he demanded that she put on her spectacles. "But I have contacts," she objected.

"Lady, I don't care who you know," replied the officer snappily. "Put those glasses on or I'll run you in!"

Notice to Creditors
