Ambulance Station To Get Last Touch

The town has undertaken to complete the grounds around the ambulance building. Ambulance Chairman Walter Gray

recommended the soil be cultivated and covered with 2" of topsoil before seeding is done. Mid-August was the time he suggested for the seeding. He also felt the area on the east side should be gravelled for a parking area.

Council endorsed his idea, feeling that the Ambulance Corps had already done a great deal out of their own pockets to beautify the area.
