

TURNING BACK TIME....

STATION SCENE FIFTY YEARS AGO

TIMES HAVE CHANGED AROUND the CNR station (then the Grand Trunk) in fifty years. Gone is the W. Peagley House Bus, the familiar horse drawn coach that transported train passengers to and from the depot, and the maple water tower (top background) that disappeared with the coming of diesel locomotives. Since this picture was taken the plank platform around the station was converted to brick.

Legion Ball Bashers Third in District Tourney

by Don N. Platt

Sixteen of Branch 120's top ball bashers journeyed to Stamford on Saturday to match their swings against over 170 golfers representing their branches in the District Golf Tournament.

To have the district trophy rest alongside the already secured zone trophy was their ready aim. Our boys however, were frustrated by seven opposing branch golfers who were able to get the little ball into the little hole with a slightly fewer number of strokes, this being the object of the game.

A third place standing was achieved by one Branch 120 team which qualifies them for the Legion Provincial Tournament to be held in Burlington on October 5th.

This team is composed of Lucy, Anna, Norm, Stan, Harvey, Chapel, John, Linda, Ticket seller, Peter, DuBois, Andy, St. Laurent, and I.

Andy, Harry and John both came in with 79. Andy was next with an 81 followed by Jack with an 82.

To knock the ball around so expertly on an unfamiliar golf course is deserving of a round of applause in which yours truly enthusiastically joins.

HORSESHOES

Next Saturday will be horse shoe day in Georgetown when days at Ashgrove school which has been the home of the top players of the district several years ago, will congregate here in an attempt to wrest the district title. Pictures of the championship from Branch were passed around showing some of the classes and stud.

The pits beside the armory ends have in the past been the two former teachers who scene of many closely fought contests. Mrs. William McMurtry and this year's battle of Streetsville and Mrs. How should be no exception.

With the zone trophy safely back in town, the children enjoyed resting on the silver-washed sides during the day and Georgetown's hurters are glow punts which was later seen.
