"THOSE SUSPENDERS ARE HERE SOMEWHERE"

ROBIN JONES was the victim of a little spontaneous candid camera work by his father recently. Herald photographer Peter Jones was loading film into a camera on the kitchen table of his home when number three son toddled into the room with diaper and rubber pants at half mast and proceeded to rummage in one of the cupboards. Peter said the light was wrong and he didn't have a flash handy but the situation was such that he couldn't resist trying to recapture it on film with the above results. He suggested the caption.
