

MARRIED IN BALLINAFAD

IN A DOUBLE RING CEREMONY at Ballinafad United Church, Marilyn Lorraine Hattie Madill became the bride of Delbert James Linstead. The bride is the daughter of Mr. and Mrs. Morgan Madill, R.R. 1, Limestone, and the groom is the son of Mr. and Mrs. Delbert Linstead, R.R. 1, Terra Cotta.

Predict Average Crop Halton Grain Farmers

Although some areas of southwestern Ontario have experienced a scorching dry summer that has sent crop prospects plummeting, the Halton County grain and cereal crop for this year is expected to be an average. In other business, Port Credit Deputy Reeve Jack Plans was representative of the practice of locking people up overnight may in some instances be illegal since they are not tenanted or on remand from a magistrate's court. He intimated that wronged prisoners may be entitled to sue the county.

Ontario's other major field crop, tobacco, is being harvested without too much trouble, but it is too early to get an estimate of crop yield, according to the Dominion Bureau of Statistics which reported this week that the fall season on Wednesday evening in the church hall. Miss Lee King, the president, presided and welcomed the members back and led in prayer. Following the business part of the meeting, Mrs. R. Hicks, the Program Convener, introduced the Bible Study program.

Harvesting of the prairie wheat crop is nearly finished and both wheat and grain quality are considered good in much of the prairie except the Peace River region of Alberta. According to the Bureau of Statistics, changes are good for a bumper crop in the southern districts, basing the figures on a projection of the more than 50 per cent of the threshing that has already been done.

Clark Claims Halton Opposes Co-op Jail

Halton County will scupper a proposal for a single jail to serve Peel, Dufferin and Halton counties, Chinguaroush centres were set up around the reeve Clark predicted on Thursday. The administration committee of Peel county council wants a Presbyterial President, will alternate in its century-old peak on her trip to Trinidad jailhouse. One way to eliminate it would be construction of a single jail to serve the 3 counties. Some municipal jail in the three counties have recently been closed as uncomfortable, filthy and a disgrace to the community.

Halton county councillors today declined comment on the possibility that they would be against the idea. However, at the last meeting of county council, an expenditure of more than \$3,000 was authorized for general repairs and cleaning up of the county jail at Milton. Further spending on the jail is expected to be authorized at the next council meeting. Streets, Bruce George Parker told the meeting in Brampton.

FINANCIAL OUTLOOK

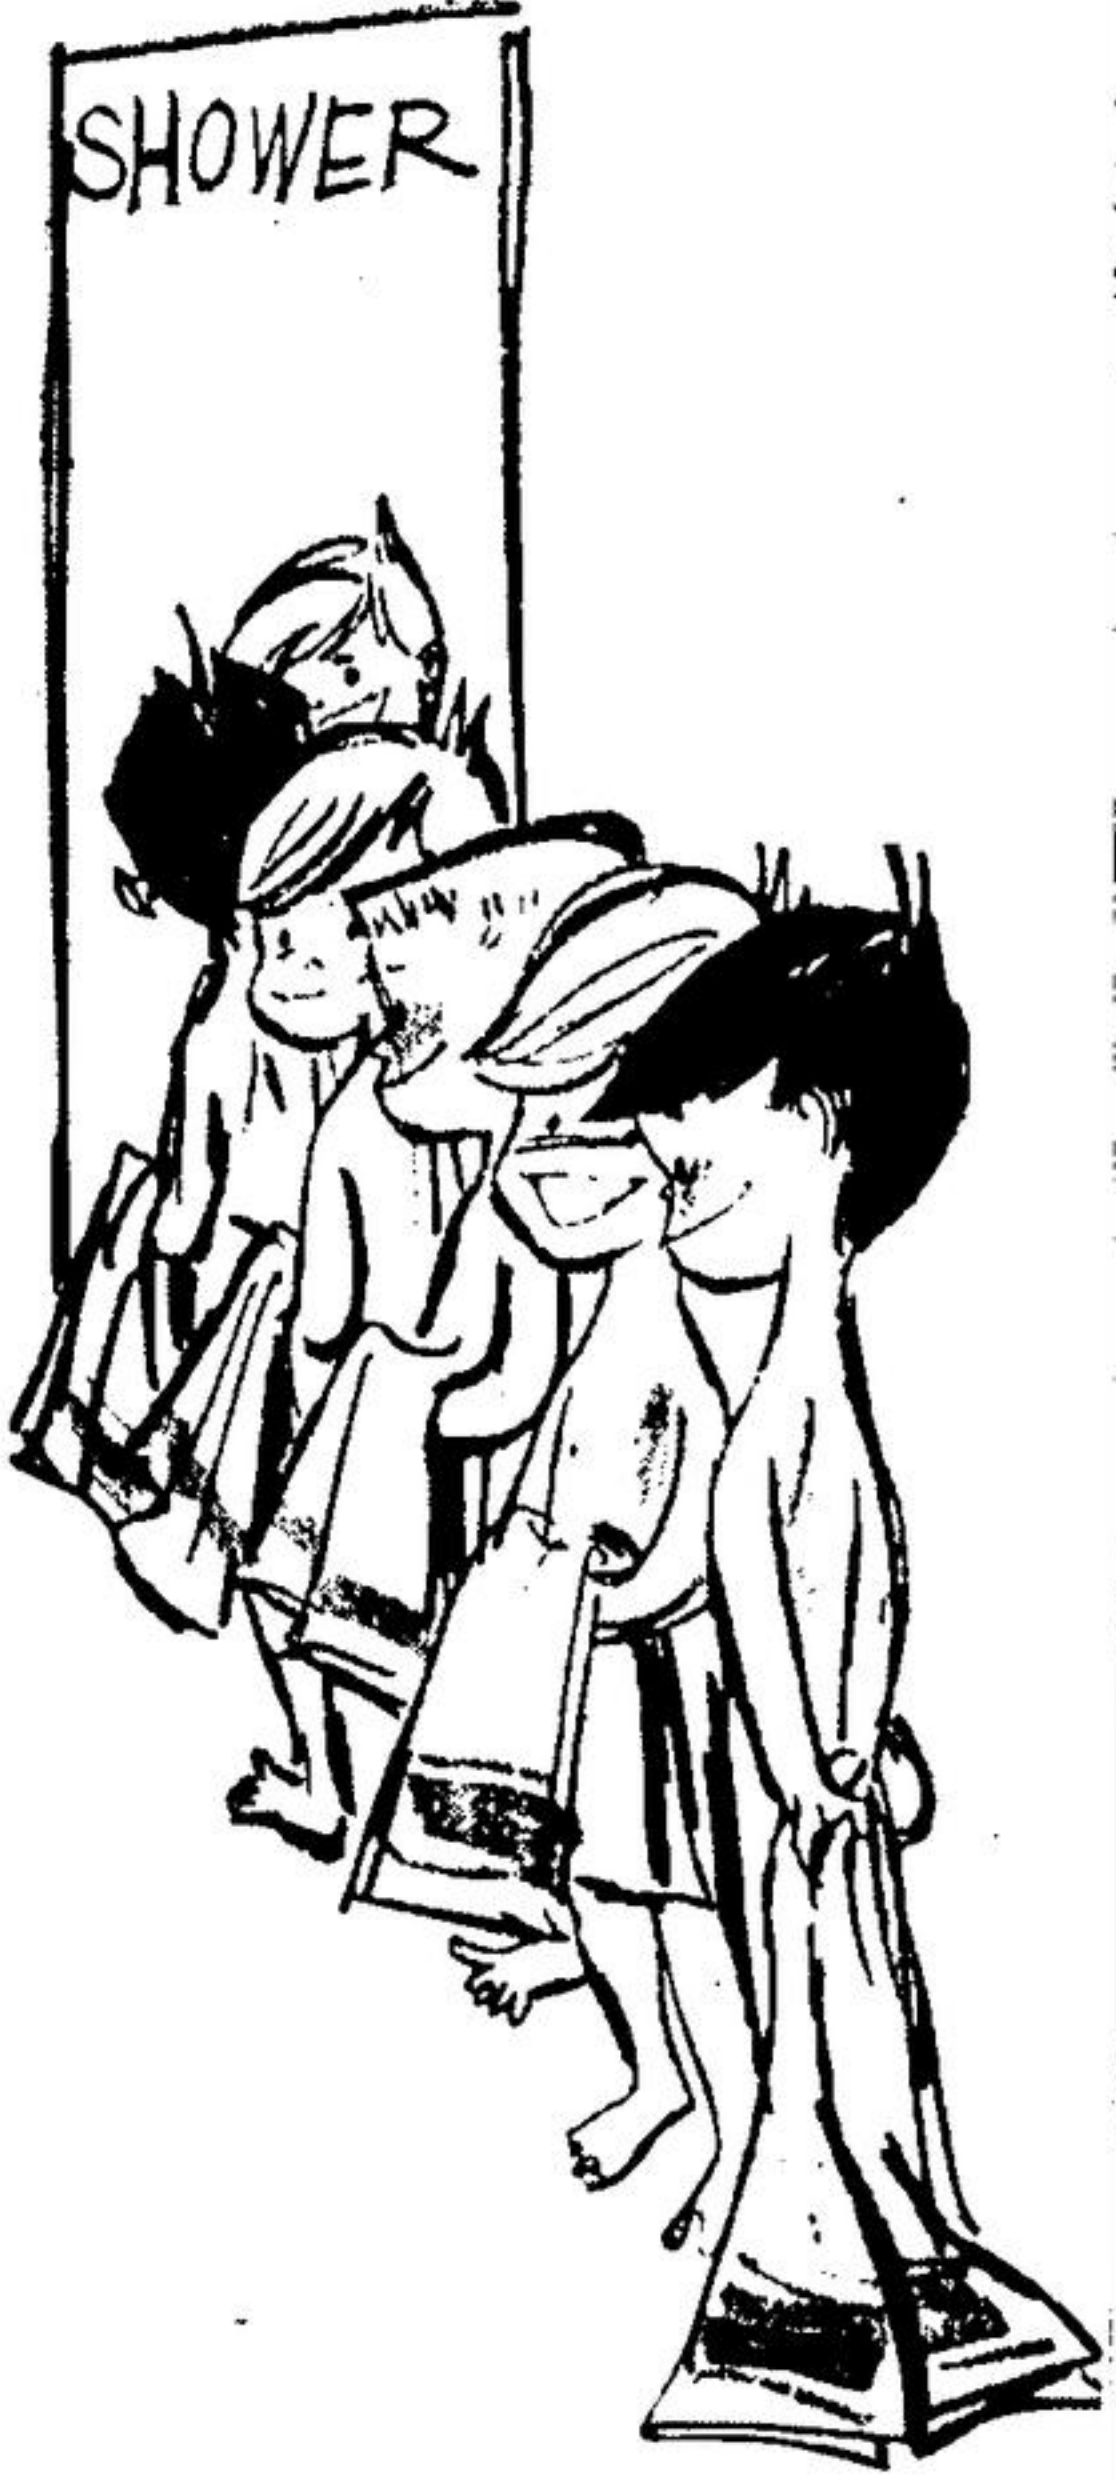

U.S. Investment Tax Hits Committee Snag

by Henry Timmins
The U.S. House of Representatives Ways and Means Committee continues to hear the views of various witnesses from the financial world regarding the tax on foreign investments and the views so far have been decidedly unfavourable. While there is no doubt that many of the witnesses have a personal stake in the issue, their arguments are logical, formidable and may yet result in having the bill turned aside. To those unacquainted with the American system of government, the Ways and Means Committee is a representative group of twenty-five in the House of Representatives who review each bill for the purpose of weeding out the frivolous or unnecessary ones. This results in cutting out much needless debate and wasted time. In this particular case, the Committee has been told in various ways that the U.S. balance of payments is so serious that drastic measures will have to be taken and that this particular measure (which will hurt Canada) is of nuisance value only.

That these viewpoints are having their effect there is little doubt for at this writing a flash from Washington states that ONE BILLION dollars has been slashed from the foreign aid budget by the House of Representatives. It now appears that Congress is taking the bull by the horns and in attacking the problem at its source they have blown any reason for the take-over tax, sky high. Foreign Aid has been a favorite weapon of the Kennedy administration in its desire to win friends and influence people. It seems that the failure of Foreign Aid now appears to be very evident to all Americans except the President and his advisors — but Congress is reading its mail from home.

UNIVERSITY STUDENTS ARE BACK AT SCHOOL

University students are back at their books this week for another term. Several young local people have registered some return time for their senior years of entering university for the first time. Universities in Toronto, London, Hamilton, Kingston, Ottawa and Waterloo are among those which include local students in their registration.

you can heat water electrically **SIX TIMES** as fast as average use demands with the new
