With about a week and a half left in Minor Ball all the league races are narrowing rapidly.

Toronto Maple Leafs claimed the International League crown last week by defeating Richmond Virginians. The new champs are coached by Gord Rea and Ron Kells.

The American League finals will open tonight, weather permitting, with the Chicago White Sox taking on the Boston Red Sox. Chicago had their troubles getting through the semi-final series with the stubborn New York Yankees. All the games in that series were close ones and could have gone either way. Players on both teams played good, steady, and sometimes spectacular, baseball.

If there was a standout it would have to be Chicago's Martin Fowler. The National League finalists are currently locked in their winner-take-all struggle. Cincinnati and San Francisco the combatants. There will be a windup day for the boys on September 28th at the park where the crests for the winners in each loop will be presented. There will be refreshments for all.

HERE AND THERE
Ted McKee of 15 Byron St. fishing with Bud Millage of Scarborough, in Stones Lake landed a four pound Walleye. Ted was using the Brooks Reeler Three other Walleyes also fell prey to the reeler, they were in the 1 1/2 to 2 lb class. The Brooks Reeler is a bait that has fine action even when retrieved at slow speeds. It could be described as a flat fish with a jointed tail. The tail is shaped much like that of the Sturgeon.

Recently a farmer reported seeing a jet black deer while having on his farm in Green, each Twp. Bruce County. Now I ask you, is this fair? After all, we wear bright colours so they can see us better. I think it is only fair that they be made to do the same.

For the past two or three months a black bear has been sighted in Bruce, Arran and Elderslie Townships. A local bee keeper reports severe damage to many hives by a black bear in his area, no doubt, the one that has been seen many times. Boy how he gets around. I wonder if his name could be YOGGI?
