BIRTHS
KERR — Elizabeth and Bill, Colgan, Ontario, happily welcomed a little daughter on September 7th, 1963, at St. Michael's Hospital, Toronto. A sister for Billy and Michael.

MEMORIALS
FENDLEY — In loving memory of a dear husband and father Frank Fendley, who passed away September 21st, 1961.

When evening shades are falling
And we sit in the quiet alone
To our hearts comes a longing,
If only he would come home.
Friends may think we have forgotten
When at times they see us smile,
But they little know the heartache
Our smiles hide all the while.
— Sadly missed by wife and family.

North Halton Club Talks 18 Hole Course
North Halton Golf and Country Club would like to double the size of their golf course. When and how? That's another meeting.

The shareholders agreed in principle that an 18 hole golf course is what they want, when they attended a special meeting at the club Monday night. A club official told The Herald that there was no agreement reached on financing the undertaking, and another meeting would be called to discuss this.

Seek Hit-Runner Hit Parked Car
Police are searching for the car that rammed a parked Oldsmobile sometime Friday night and made off.

The parked car was left on the Canadian Tire property that sits at 900 by Norm Blackwell of R R 2, Georgetown. When he returned next morning he discovered approximately \$250 damage to the left rear side.

The only clues police have to go on are green and blue paint chips from the hit-and-run car.

Cars driven by Lionel Bruce Fendley, 6 Michael St., and James Goodlet, 8 Edith St., collided on Guelph St., at the Durham Street corner Thursday.

According to police the Fendley car, a 1958 Ford, struck the rear of the 1959 Cadillac driven by Goodlet as it stood facing east on Guelph about to make a left turn onto Durham. The pavement was slippery at the time.

Damage was \$400 to the Cadillac.

Georgetown Bandshell Would Model on "Ex"
If plans now being discussed by the Citizens Band Committee materialize, Georgetown will get its long-needed bandshell.

The committee is still gathering information, but there is little doubt in their minds that the need is there.

The shell would probably be similar in design to the CNE bandshell but, of course, on a smaller scale.

One design being studied is that of the shell that Aurora built last year for their Centennial celebrations.

Where the shell would be located and how it would be financed are two of the questions the committee is seeking answers to.
