SAINTS DIDN'T GO MARCHING IN

HERE'S A CLASSIC EXAMPLE of the wall that kept Saint Jerome's from their plans to keep Rebel Q.B. Pete Lavell horizontal for much of their exhibition till here last Wednesday. The red and blue were just as tough going the other way, but the Saints found a couple of soft spots in the defense late in the game to win it 12-0.

ATTENTION PARENTS! dled carelessly, you too may need this course. Don Hancock of R.R.I. Glen Williams, is the instructor for the Georgetown Area. These headlines are not the end of another hunting season. For after these headlines have been used to wrap up yesterday's leftovers, more will appear. Such-and-such township passes No Hunting by-law, Resident Hunting Only, for Such-and-Such Township next season, No Hunting signs replace bill boards, on county roads.

Well it's all over but the shouting for another season. Last Sunday saw the end of the minor baseball league. San Francisco won the National League championship. The club was the main difference between San Francisco and Cincinnati. Al Whitman allowed only 6 hits while striking out 15 batters in the 2 games played between them. The first game 6-0 for San Francisco. It was a poorly played game by both teams. The second game was 10-0 for the champions. Whitham and John Quaker hush were the difference in the second game with the rest of the team playing heads up ball. In the American league, Boston Red Sox defeated Chicago for the championship in 3 games straight. In the first game it was very close 3-2. Both teams played very sharp and steady ball in the second game it was a little different. Boston overpowered them in the hitting field by a score of 8-4. There was one real exception final play in the game by John Tost, who made a beautiful catch back handed on the run down by his ankle. In the international league as you all ready know Toronto won the league. The wind up day for the kids is on Saturday, Sept. 2, 1963 at the park where the crowd will be handed out to the winners.

This year the league is presenting a crest to the most progressed player on each team. Remember, Saturday, Sept. 28th, 2:00 pm at the Park.

As it was thought that such an educational program was a must for the new hunter, it was not put on a voluntary basis. Present legislation requires that a person fifteen years of age, or over, may acquire a hunting licence, but if the person has not held a previous hunting licence, he is required to take AND PASS, a Hunter Safety Training Course.

Sponsors of youth organization including Boy Scouts, Cadets, YMCA, school, church, and civic leaders law enforcement agencies agree that every youngster should be taught the common sense fundamentals of safe and proper gun handling.

Experience has proved that boys and girls, if given PROPER instruction can be entrusted to handle firearms safely and correctly. In fact, some educational authorities feel that properly trained youngsters demonstrate a keener awareness of their responsibilities when handling firearms than is shown by many adults. With this thought in mind you could well adopt a motto of "Don't send your child to a hunting Safety Training Course, Go With Them."

When is a hunting licence required? By law a hunting licence is required if a person is in possession of a Pellet gun, Air gun, Rifle or Shotgun in an area where game is found by common sense, a hunter safety training course should be taken by all, young and old.

If this does not seem necessary to you, then consider these possibilities: Do you have any firearms in your home? Do your friends or neighbors have firearms? Is your child interested in hunting or firearms? There are any chance that he or she may come in contact with such firearms? If your answer is yes, to any of these possibilities, then your common sense should tell you there is a need for them to take this course. Then if you are to know, if such firearms are being han-
