### Non-Conformity is Healthy Attitude for High Schoolers

During recent interviews with me, one teacher asked, "Why do you smoke?" I was surprised and answered, "I am a teacher and happy to find a new cause everyone was doing." The trend of thought developing: "Why do you smoke?" "All the boys do." "When asked if they would be the 'boys' do?" "All the boys do." "For a school uniform, they can drink?" "All the boys do." When asked why, they felt it questions, and many more creative answers that are nothing but "emphatic conformity."

This belief that a student more than because everyone should be allowed, and even else does. To depart from this encouraged to be an individual accepted group, be it to think is refreshing. For too long we live yourself in class, and we have been taught to think as press your own ideas, or not the teacher thinks and act as smoke, not drink, etc., to everyone acts. For too long lay yourself open to perceive both parents and teachers have been guilty of telling students "Brown," "Chicken" and other to conform, and even punish less moral terms.

The blame, however, must This situation has gotten so bad that now even students who have been taught to think for themselves are held into following the crowd. When we found the teacher's interpretation of that people disagreed with us something is different from his we have given up our opinion own." Even the student who did not defend it. We have done gets good marks is needed by what the "boys" say and what his fellows. The student who even jested those who have participated in the few mental. Few of the individuals who activities instead of the above have emerged unscathed by a dant physical activities is off lower school system that been abstracted by the "Group" chief uniformity and conforming them for not conforming.

Last year the boys of the school were asked to wear white shirt and tie for one day what we want to do. Of more than three hundred within reasonable limits, less than a handful did what we wanted to do. Departing Why not? Because that most from the "Group" will leave their group called "the Boys" it composed of the low members decided not to, not because tally members that are not each individual didn't want to its core.

### INTERVIEWS WITH TEACHERS

**Stewart Saxe** Mr. Roberts replaces Mr. John Wise. Although I discuss in more ways than spent more time with Mr. Wise. He is also the new chief of the others. I wish I could a position which resulted from have spent longer throughout arms experience during the conversation was very war and military activities since consider remembering that 1950.

I was taking notes and had to write down his viewpoints. And Mr. Glen Emerson lives in Georgetown with his wife and four daughters, two of whom attend the Georgetown High School. Mr. Emerson who for many taught at Park Public School for five years. Teaching grade nine and ten mathematics and grade nine English he has spent the last few years attending summer schools and taking extension courses in order to get his university degree. He went on to mention instances that proved his point however remained of his opinions of the school were good.

The student attitude he feels is more mature here than of students in the city as is still evident here.

He seems delighted that we covered a course in Industrial Chemistry and pointed out that a need for men trained in this field is rapidly developing in the area.

Mr. Wise teaches grades nine and ten science and grade eleven physics.

Past experience in garage work makes Mr. Archie Roberts an excellent man to be teaching automotive mechanics. Married with two children attending High School he attended Ontario Teachers' College last year and is teaching Christian Fellowship for the first time.

Mr. Roberts is very impressed with the equipment available and called it "first rate". He went on to extend the "first and to make him known" rating to his students and Saturday was the date for After this we enjoyed a meal especially to the staff whose first International Student Council meeting was held at the Christian Fellowship Club. After the judges awarded them first prize for what was very satisfactory to him.

### THIS ONE CLICKS - TOO MANY DIDN'T

THREE PASS DEFENDERS from Georgetown left Nine from visiting Pete Lavers lost on this play just before the gun in the first half of a football game between Georgetown High School Rebels and Preston here last Wednesday afternoon. The defense were, however, far from so slack throughout most of the encounter and blanked the visitors in the second half.

### Group Committee Seeks Parent Support for Cubs

The Georgetown High School Cub Scout team, headed by the Al Stoy manager of the local Boy Scout Troop, is seeking support from the community to help in the purchase of uniforms and equipment.

The group, which includes 15 boys, is looking for help in getting uniforms and equipment.
