P. Graham Bell Plant
Fabricates Mural
For Winnipeg Airport

A little bit of Georgetown
will appear in the new Winni-
peg airport, fabricated here
by P. Graham Bell, a mural
90 ft wide by 35 ft high
will be installed in the air-
port, around the middle of No-
vember.
The mural, an abstract in re-
lat, was designed by the well-
known artist, Ed. Borstein. It
is being made in 1,000 sec-
tions of enamelled steel. A
mural has never been done
this way, and I'm very excit-
ed," said Mr. Borstein on a
recent visit here last Thurs-
day.
The colours were mixed at
P. Graham Bell to correspond
with the painted wood models
provided by the artist. The
mural will be shipped to the
Winnipeg airport by train. Mr.
Borstein, whose Winnipeg con-
ference start
miles from Manchester. All the
four couples are still very
much interested in Georgetown
and keep up with the other
town news via The Herald.
