Beavers Near Top of Rugger League Play

by Len Lewis

Georgetown Rugger Beavers wrapped up the Rugger league season on Sunday at Eglinton Park, Toronto with a win over Nomads 11-0. This gives the Georgetown a record of 5 won out of 7 starts and at least 2nd place. Old Boys have one more game to play and the outcome will decide the league winner.

Beavers began in their usual bustling fashion and found the opposition tougher than usual, the Nomads having 5 members of the U.K. touring team in the line up. Their three quarters were never allowed to get moving, Paul Barber and Bruce Kleinsteuber being particularly effective.

After a good breakthrough by the forwards, Paul Barber pounced on a loose ball in the nomads end zone to score Beavers first try. Les Judge was wide with the convert.

After half time Beavers kept up the pressure and after a short kick through, Gordie Lee showing tremendous speed and drive, stole the ball from three defenders to score beneath the posts.

Les Judge having a bad day missed the convert. Nomads still fighting hard under the leadership of Ken Hogg, our own captain last year, were no match for the hard hitting Beavers. Ken played his usual heady game but was continually blanked out by Bruce Kleinsteuber and Paul Barber. From one of these moves Bruce jarred the ball loose, picked it up and served up a smashing drive from 25 yards out to score under the sticks. Trev Sampson took over the kicking chore and sped the uprights with a good convert.

Playing as a team Beavers are very hard to hold and to pick a star you would have to make it a team effort. Gordie Lee, Alf Wilson, Bruce Kleinsteuber, Paul Barber all had good days and were well backed up by the forwards led by Trev Sampson.

As the laundry mummy dries
with the help of the Friendly Fuel

Fun-loving kids will always remember the fresh sunshiny smell of laundry that's been gently dried by Natural Gas, the Friendly Fuel.

But what her mother likes best about her Natural Gas dryers is its speed and quietness. She knows that wafting moisture away (instead of baking it or flapping it out) is easier on fabrics. And Natural Gas dryers' sensitive heat controls match the moisture content to all sizes — even big bulky blankets!

See the handsome Natural Gas dryers this week at your gas appliance dealer or department store where terms are extremely reasonable.
