CAME WHILE HE WAS OVER BY THE DART GAME"**

ACCIDENTS WILL HAPPEN, even at the best organized high school bazaars, especially if the player at the Dart Booth is no Sandy Koufax. Witness above the result of wild dart thrower and Cadet John Golder's dangerous location while demonstrating the Cadet Corps communication system at the Georgetown High School Bazaar Thursday. That's Roberta Hawes passing along John's description of the piercing pains to local head-shrinker.

**Esqueuing Growth, School Board Plans 6 More Rooms**

A projected enrollment of 1,287 in two years resulted in the Esqueuing School Board applying for permission to build an additional five rooms, plus a playground large enough to be used as a classroom when necessary.

At present there are thirty-two rooms in the School Area, with an additional one rented in the Glen Wilhams town hall.

These figures are based on thirty-five children to a class.

The old Pinegrove School will be used by the Nurval, W.L. the Farm Forum and the Nurval Junior Farmers, as a meeting place and community hall.

Esqueuing School Board gave the group permission to use the school for a year, ending September 1, 1964, on the condition that they bear the cost of heating, hydro and minor repairs. At the end of the year the school must be turned back to the Board in the same condition as the group received it.

The Pineview School water and sewage system got a clean bill of health from the Halton Health Unit, "satisfactory" was the verdict.

While the water was judged satisfactory, the Board felt the fountain to be unsatisfactory, it was too small. Consequently the single drinking fountain at Pineview School will be replaced with a double one and the single one will be moved to Nurval School.

**Woodstock Rejects Slow Growth Plan**

Georgetown is not the only community which resents the government's new plan to aid slow growth areas with industrial tax incentives.

On Monday council endorsed a resolution of Woodstock council, which asked that the plan be discontinued in southern Ontario and that a fund be established by the government to help depressed areas when necessary.

Last week Georgetown council passed a similar type of resolution, claiming that the legislation will adversely affect area towns like ours which are finding it difficult enough to lure new industries.

**High School Students Net \$475 with Bazaar**

An enviable achievement was chalked up by the local High School students, last Thursday night when they netted \$475 from their annual bazaar.

Ranged around the gymnasium walls were twenty-three booths, plus a pizza parlour and a tea room elsewhere. A feature for the young ladies was a booth offering a lucky draw chance for a date with one of the crowd. Joy Haines at an upcoming school dance.

Convener and Secretary of the bazaar were Pat MacKinnon and Roberta Hawes, while the individual booths were in charge of the following:

**80 Minute World Tour Rotary Show Theme**

Jules Verne went around the world in 80 days but the Rotary Show will attempt to do him when they go around the world in eighty minutes in their March Holiday Show.

In song, dance and skits, they plan to travel from one hot spot to another, not just getting the ordinary fare, but may just stay home and just get the house instead of the town. Feible outlines of the March 14, 20 and 21st shows have taken shape and the birth party, are reflected in the worn faces, flowers, Laura Bairstow, Toy Table, Susan Troll, Touch and Take, Jackie Lane, Library Club Display, Andy Spicer, Drama Club, Fred Roberts and Elleanor Hill, Cheerleaders, Pizza Parlour, Ellen Birn and Ann Petersen, Camera Club, Jane Collett and Val Kitchin, Pen and Ink, Ann Hardy, Sports Commercial, Peggy Costello, Dances, Table (dances, etc), graphs, that's dances for Sargent, Jewellery and China, Gord Layton.

In addition, Miss Dorcas Stone sketched the passers-by in the Left Bank style.

Convener Pat MacKinnon was high in her praise of the generosity of the local merchants. "They really helped us," she stated. She also had words of praise for Miss Percy who acted as staff advisor to the students.

**NOT FOR THE DEAF**

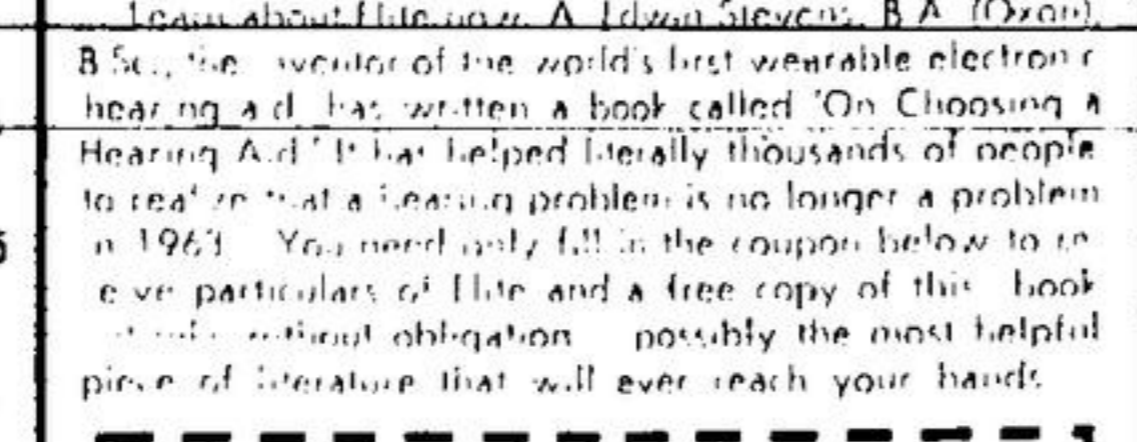

THE MOST EFFECTIVE HEARING CORRECTOR IN THE WORLD

Now people who quite naturally have developed a hearing loss over the years are offered an aid to hearing so they as to be audible when worn - so effective as to be without equal - so light that the wearer forgets its existence. Its actual weight is one-fifth of an ounce complete.

You can dismiss forever the thought of wearing an aid to hearing that anyone can see - or that you can see when you are wearing it. Elite is specifically designed for those people who need that little extra clarity in conversation, watching television, at concerts, the theatre or in church. There are innumerable times when you can benefit from the wonderfully effective help of Elite.

Elite is available only through the Amplivox Hearing Advisory Service, the foremost and most experienced service of its kind in the world, ready to offer you free advice on all types of hearing correctors, some costing as little as \$35.00. These are Amplivox Hearing Centres in all major cities.

Learn about Elite now. A. Edwin Stevens, B.A. (Oxon), B.Sc., the inventor of the world's first wearable electronic hearing aid, has written a book called "On Choosing a Hearing Aid." It has helped literally thousands of people to realize that a hearing problem is no longer a problem in 1963. You need only fill in the coupon below to receive particulars of Elite and a free copy of this book - no financial obligation - possibly the most helpful piece of literature that will ever reach your hands.
