Halton, Peel Combine for Farm Safety Discussions

The Halton Farm Safety Council held the Annual Meeting with the Peel Safety Council on Thursday December 12. Mr. Wright and Mr. Leinen presented on the 1963 project in Highway Safety carried out by the Ontario County. The meeting was opened by Mr. Frazee by the Ontario County. The chairman of the Halton Farm Safety Council was active in these projects. Following a Christmas party, Mr. J. H. McMillan was host at the Rectory for the pleasure occasion.

This was discussed and approved at the recent Federal Provincial Conference and has been agreed to by the Federal Government to begin as early as December 1963. Each province must still pass its own Ontario Farm Safety Council to make it effective, and the date they set provided it is December 1963 or later, will finalize it.

We are most pleased that these three groups of pensioners who needed this increase so badly have received this support provided, of course in Ontario that the government of Ontario pass the appropriate legislation. We hope this will be done rapidly.

THE HOUSE OF COMMONS is extremely busy at the moment — morning, afternoon and night. Each morning finds committees meeting, trying to complete their committee work prior to the end of the session. It is anticipated that the session will end near Christmas, which will mean a new session in the New Year with a Throne Speech and all the formalities once again. All the Committees and their work will die with the session, therefore the work must be continued and reported to the House of Commons prior to the end of the session. As far as the Special Committee on Food and Drugs, of which I have the
