TOYMAKERS . . . A joy that makes toys is offered by one manufacturer this year. Kids can make their own plastic boats, cars, jewelry, cabins, decorations, signs and comic buttons. Comes with over 70 individual molds; clay for making additional molds; sheets of colored, clear and metalized plastic, and instruction booklet.

HOLIDAY WELCOME . . . Outdoor decorations can be simply and effectively done, as shown here, with careful placement of string lights, a flood lamp to highlight doorway decorated with Christmas greenery.

NOW LISTEN HERE . . . Obviously our young friend is aware that this Santa is not real, yet she still seems inclined to whisper in his ear — probably with the correct notion that somehow the word will get to the real live old gentleman who distributes gifts on Christmas Eve.

BIRTH OF CHRIST MAN'S BIG MOMENT

Practically everyone knows that the nation "W" following dates means "before Christ" (how about "A.D."?) This notation means in the year of our Lord and was first affixed by Charles III of Germany who began attaching the symbolism to the years of his reign, in 879.

The system of retroactively dating the years prior to the Saviour's birth and dedicating the succeeding years to His Greater Glory was invented about 525 A.D. by a monk about 525 A.D.

The Christian era begins on January 1st in the middle of the fourth year of the 194th Olympiad the 753rd year of the nation of Rome and in 4714 of the Julian period.

The Julian period, invented by Joseph Scaliger about 1583 A.D., was devised to multiply the time since 4714 solar cycles 28 and the Roman indication 15.

Calculations here about 4000 B.C. in the Egyptian calendar, a calendar based on the Mundane era of Alexander, estimating the beginning to be about 3502 B.C.

New Joy to Young Hearts

You can bring happiness to Christmas to children in hospitals, orphanages, and in the families of the unemployed by refurbishing the toys your own children have outgrown or no longer enjoy. In many communities, civic and fraternal groups have organized programs for this purpose.

The easiest way to make old toys like new again is with colorful quality enamels, and here are some tips to help you do the job.

First and most important of all be sure you use only suitable enamels, particularly those that contain less than one percent of lead. While most enamels meant for interior use contain no harmful ingredients, be sure to tell your paint dealer that you will be painting toys. He will sell you the right product. Under no circumstances use outside paint on toys or children's furniture.

Kids Like Color

Bear in mind that children prefer strong, bold colors, the primaries: red, yellow and blue, the bright secondaries: orange, green, purple. It takes a more sophisticated taste to enjoy pastel and less lively darker shades. They also like shininess of gloss enamel.

Wash the toy with detergent to remove finger marks and other soil. If old finish is glossy, it should be dulled with sandpaper, so new finish will adhere better. Any cracks or holes should be filled with water putty or plastic wood which should be permitted to dry before sanding smooth.

Easy to Use

For small articles, you'll find self-spraying enamels in aerosol cans easiest and most practical to use. If more than one color is to be applied, protect the already painted areas with masking tape.

Epiphany Marks Visit of Wise Men

Traditionally, Twelfth Night or Epiphany, marks the visit of the Three Wise Men to the Christ Child in Bethlehem. Twelfth Night observances are still popular in Europe and in many sections of this country. In the old tradition, the Yule Log, burning since Christmas, is extinguished on this day. In this country, home communities gather their Christmas trees for a public bonfire, with every one gathering around to sing Christmas carols.

Merry Christmas

Up hill, down dale we go to spread glad tidings of joy and festivity! It would take ten coaches to hold all the good wishes we have to give our good friends and patrons for a most happy and hearty holiday season and many, many more still to come!
