Fruit' Vegetable Growers Plan Standard Containers

At the annual meeting of the Burlington and District Fruit and Vegetable Growers' Association held last week, a new executive for the next two years was installed. The election of officers was chaired by Dr. J. F. Brown of Milton, who is secretary of the Ontario Fruit & Vegetable Growers' Association. The 1964-65 executive will have Chas. Brown, Upper Middle Rd., Burlington as President, Peter Lindley, Maple Ave., Burlington, as first Vice Pres. and Bruce Frame, of Milton as second Vice-president. William Benner was returned as secretary-treasurer, for a second term. The program for the evening centered about the problem of containers used by fruit and vegetable growers in handling and marketing their produce. An attempt to standardize containers for Canada will remove a number of obsolete packages that are detrimental to the public. It is packaged produce that is packaged for the consumer, the use of high quality containers was illustrated by sides and Edm. of the McMillan, Blount & Powell River Company. In the farm safety program in Ontario, it was outlined by E. F. Muir, of the Ontario Department of Agriculture, that Fire Prevention on the Farm will be the major area of emphasis for 1964.
