

PROPOSED 18 HOLE LAYOUT

—Peter Jones Photo

**COULD BE NORTH HALTON GOLF'S NEW LOOK**

NORTH HALTON Golf and Country Club president Jack Crichton studies Moot Architects' drawing of a possible 18 hole course, using the existing nine with changes and adding nine from the club either okaying the immediate building of the additional nine or adopting the Moot plan.

**CURLING CHATTER**  
by Bob MacArthur from the

The second club draw had its first full week of play last week. The trend in the standings has not made itself felt yet, but hope to have a stand last period went to the team of D. Barrager.

On Friday, Jan. 10th, a team of four year fillies journeyed to St. Catharines to compete in a two game 10 end bonspiel. Members of the rink were: Skip, Alice McIntern; vice, Betty Broomhead; second, Inez Crichton and lead, Mabel Harrison. They did very well, thank you, they won both games and came home with prizes. The rink had a total of 22 points while the rink that took top prize had only a total of 24 points.

Notice that the gateposts have been installed and are now lit at night. This sure makes it easier to find the entrance to the club, and with the new yard lights, it is a real convenience to those trying to find a parking spot.

If members would use a little more common sense and think of the other members when they are parking their cars, a lot more cars could be parked in the same amount of space and save the long walk out to the west parking lot. When you are parked in that lot on a cold night, you feel that you are walking nearly to Stewarttown.

The ice is nice and clean now. Will the members please bear in mind that street footwear should not be used on the ice. An extra set of rubbers are inexpensive and should be kept for curling only. This will help keep the ice in spotless condition and improve the playing surface.

While on the subject, cigar and cigarette ashes also affect the running of the rocks. There are pails hanging from the joists for depositing the ashes and butts in (those little red pails) please use them.

The Hephurn Trophy was presented to the team headed by Wray-Bessey, with Doris Binkley as vice, Clair Kesteven and Myrtle McCauley as lead. The presentation was made by Mrs. Maureen Frank, a daughter of John Hephurn, whom the cup honors.

There were three draws in this mixed bonspiel and they were started at 8, 9:30 and 11 o'clock in the morning. The last draw finished near 11 p.m. The games were only six ends.

In the 8 a.m. draw the top team was skipped by Jim Linton with three wins. They had their choice of handbags and shirts for the men. The two game winners were the team of Earl Olson. The women had their choice of umbrellas, while the men had a selection of shirts to choose from. The one game winners were the team of Graham Farnell. The girls were cake keepers and

**Meet the BEAVERS**  
by Fred Darby

Murray Marchmont

This week I was going to introduce another defenceman from the line-up of the Georgetown Jr. B Beavers. Ron Ky-225 le was to be my man, but before I could make Ron immortal in print, he went and broke a bone in his wrist and will be out for the rest of the year. So instead I'll pick another defenceman.

In sports, every team needs a leader, a take charge guy for the Beavers, 18-year-old, 6'2 1/2", 100 lb Murray Marchmont fills the bill. Murray plays right defence and is the captain of the Beavers. Having been born and raised in Georgetown, Murray came up through the local hockey ranks where he played for the Juvenile All-Stars last year. Having attended Georgetown High School, Murray is now employed at Smith and Stone. Last week with Kingston as the opposition, Murray and company showed one of their best efforts at home in date. But for a couple of goal posts, late in the third period, the B's would have had their second win of the season, before close to 400 paid customers.

The Beavers' next home game is January 17th when Dixie Beelives will supply the opposition.

**Two From Here Selected Metro's West Star Team**

Georgetown Beavers currently bringing up the tail end of the Metro Junior B Western Division placed two players on the Western Division's all-star team which played the Eastern Stars at Lakeshore Arena last night. The game was too late for inclusion in this issue.

The Beavers who made it to the dream team are goalie Jack Gudgeon and winner Merv Marshall.

Neil McNeil and Elobucke, leaders in their respective divisions dominated the sectional teams.

Proceeds from the match will go to the Ontario Sports-writers and Sportswriters Association Fund for crippled children, already enriched by almost \$5,000 from the previous 8 games.

JACK GUDGEON

the quartet from the second-place Weston Dodgers. There are two representatives each from Dixie, Lakeshore, Brampton and Georgetown.

The National Hockey League supplied the referees for the contest and figure skaters featured the intervals between periods.

Neil McNeil's Frank Bonello coached the Eastern squad and Elobucke's Danny Lawicki handled the Western team.

MERV MARSHALL

5 Neil McNeil players were put on the Eastern section team with Whitby's St. Mike's 2, Schunberg and Markham 2 each. On the Western team, Elobucke has four to match

**Town Tri-County Teams Win Twice Over Milton Visitors**

Milton minor teams came to town Tuesday night January 7 for a pair of Tri-County hockey fixtures — and lost both.

Georgetown won the peewee game 6-2 and the bantam bill 2-1.

The home team jumped off to a 3-0 lead in the first period on goals by Korzack, Tomlin and Davies.

Both teams were held scoreless in the middle stanza before Milton exploded for two quick goals in the last period.

Peter McCuaig opened the Milton rally on a pass from Gerry Young. Young scored the second goal just 30 seconds later from Jim Marshall.

Inglis, Wiles, and Tomlin blew the game wide open with three third period goals to wrap up the win.

Gary Naylor scored Milton's lone marker in the Bantam game.

The winners' goals came from Moody, from McFarlane in the second period, and Barry Cook unassisted in the third.
