

Possibility Industrial Hockey May Revive

While no decision has yet been made, it is possible that the industrial hockey league may still operate this season. The league was a victim of Georgetown's 'yes' vote for Sunday sports in December. The Sunday afternoon time slot became suddenly more valuable for Redder and Junior B fixtures. And a later starting time offered by the arena management did not appeal to the industrialists.

At last week's meeting of the board of parks, the matter was discussed. And the board is trying to work out some solution which would allow the industrial teams to continue their Sunday afternoon sessions. There are four teams in the league, Glen Williams, Norval, Malton NDP Flyers and Oakville.

CREAM OF THE BARBERSHOP CROP HERE FOR ONE NIGHT

Barbershop chords are going to ring in the Legion auditorium on Thursday night, January 22nd, at 8:30 p.m. when the Georgetown Chapter put on their first big membership drive. Last May the local Chapter of Society for the Preservation and Encouragement of Barber Shop Quartette Singing in America officially became a licensed chapter and is well on the way to becoming a chartered group.

This is the first time such an ambitious program has been undertaken by the local barbershoppers and from the veteran

for a trip to the British Isles later this year to introduce barbershop style singing. If all the details can be worked out they will also go to France and Germany to entertain Canadian troops.

Eight Games, Eight Wins Basketballers Riding High

GIS basketball teams may and vice versa, have regaled pull off the impossible this season - a four-way sweep of their respective leagues. Each of the Senior and Junior Boys cage teams and Senior and Junior Girls have played two games in their inter-school leagues and each has won both games by ridiculously wide margins.

with a mind to transfer the capacity of the Georgetown school's electric scoreboard. Despite their latest romps GIS Seniors have watched their percentage of hits drop off in the Milton contest they made baskets on 42 percent of their shots - and their foul line shooting was a bland 33.
