

Lots Of Snow To Go.....

Peter Jones Photo
CAN CREDIT TAKE IT AWAY?

NIAGARA FALLS isn't the only spot where the winter's ice and snow is backing up. Some area dams on the Credit River and tributaries are beginning to accumulate their own ammunition for the spring floods. This particular photo was taken near Huttonville. The situation is much the same at the lower mill, Norval, and Stewarts.

Note Attendance Increase At First Baptist Annual

An upward trend in Sunday School attendance, success of a Bible study group, merging of two women's groups and plans to buy an electronic organ for the church were the main points of business at the First Baptist Church's annual meeting and election of church officers last Wednesday.

The business of the church was discussed after a supper served by the ladies of the church, and a devotional period.

All reports were encouraging to the membership. As well as the swelling of regular Sunday School attendance, the BHF had a full and active year; a Monday afternoon Bible Study group conducted by the pastor Rev. Lloyd Whan has been receiving much spiritual help through study and prayer and the Sunshine Club joined with the Women's Society to form a new organization.

A brief history of the eleven year old Sunshine Club was prepared by its first president, Miss Norma Thompson, and included in the annual report.

The decision to purchase the new electronic organ was the major item on the agenda. The new instrument will be installed as soon as the necessary arrangements can be made.

FARM NEWS

Should I Buy That New Machine?

by J. A. F.

With the ORFEDA show coming up this month, many of you Halton farmers will be considering buying new machinery. Many people ask themselves: "Can I afford to buy new machinery?"

You should ask yourself: How much will my return par be if I buy new machinery? Here are a few points to consider: 1. The best size for any farm machine is the one that gives you the greatest return over the cost of buying, operating and maintaining — not the size that may appear to give minimum total cost or maximum total return.

2. The capacity of a machine does not increase in direct proportion to its size. In some cases you would gain more by streamlining your present methods, than by simply getting a bigger machine.

3. Timeliness can often be a deciding factor on buying a bigger machine, especially with equipment used seasonally, such as a combine or planter. If the machine is too big, your cost per acre is too high. If it is too small, you often pay heavily for time and particularly crop loss.

You also have other choices to buying a new machine that are worth considering. You can hire, rent, cooperatively own, lease or buy a used machine.

Rental systems, for instance are gaining in popularity for seasonal machines. Leasing is another method also becoming popular. You pay for the unit in equal payments, and at the end of a number of years you take over ownership. There is often an income tax advantage to this system, as you charge the lease money as expenditure each year.

Police are now keeping a watchful eye on the Old Pinegrove School, after it was discovered that someone had broken into the building.

There are two ways you can better equip yourself to make these machinery decisions. One being up shortly.

NORVAL

Mission Film is Shown At Noryal United Annual

Norval United Church held their annual Congregational Meeting on Thursday evening, January 23. A good number of adherents and members attended to a beautiful supper and enjoyed a social time which was followed by a film on missionary work in Nepal shown by Rev. L. Freer.

Rev. Freer presented the annual program for carrying out the mission of the Church. This was all suggestions for the Church to take for 1964 drawn up from the "Vision meetings held recently and all points met with the approval of the congregation. Number One was more room for the Sunday School and other Christian Education activities. The "Christian Education" Committee were elected to look into this matter and report their findings to the congregation. Another suggestion was that the Church have a Nominating Committee to present names for the election of officers for the various church positions such as stewards, treasurer, etc. but not to include the Session. Elders were to be elected as usual. A permanent Nominating Committee was appointed to consist of the minister, the clerk of Session, the chairman of the Stewards, the Church treasurer and the presidents of the UCW group.

Mr. Earl Wilson was appointed as secretary and read last year's minutes. The various Church reports were given. The Session reported that there were 14 babies baptised, one marriage performed, six adults were received into full communion and seven were received by transfer, and three members died during 1963. Col. A. Noble, Mrs. Edith Switzer and Miss Florence Brooker.

The Christian Education Committee reported that they had helped to organize and promote the Messengers for Children '63 with Mrs. Nancy Ellis as leader, a Mission program for children '61 with leader Mrs. Bob May and an Intermediate Mission program for teenagers 12-16 with Mrs. Ada Enman as leader, also the Junior Choir with leaders Mrs. Glenda Laidlow, Mrs. Jean May, Mrs. Ruth Lyons and Mrs. Ellis Laidlow.

A healthy financial balance was shown in the Church treasurer's report, the Sunday School, the UCW, and the Choir reports and a good donation was made to the Missionary and Maintenance Fund. The Sunday School supports a child through the Save the Children Fund and Unit Two of the UCW supports a Greek girl. The Sunday School donated \$100.00, the UCW \$678.00 and the Board of Stewards \$65.00 to the Church Building Fund. The UCW also forwarded \$275.00 for Missionary products.

The meeting was closed with a prayer by Rev. L. Freer and a second Congregational meeting will be held in a few weeks to deal with the reports from the Nominating Committee and from the Christian Education Committee.

Hopes Council will Up Municipal Salaries

Georgetown, Ontario
January 31st, 1964

Dear Mr. Editor:

Now that the previous council's immature give-away program has been curtailed (or has it?) there is now time to consider the plight of our underpaid municipal employees.

That they are underpaid is understandable in the facts and it is good to know that our Mayor, Joseph Gibbons, has come out plainly and stated that his program will no longer permit this condition to exist.

The town has had to hire high-paid help at the rate of \$200.00 per week to bring the town records and business up to date and this can be attributed to the fact that we only get what we pay for.

If the wages paid employees is a mere pittance we may be sure to attract only transient help and even real efficient employees will remain only until better paid jobs are available in industry or elsewhere. This gives our town a bad name and bad publicity.

It is to be hoped that council will give consideration to just claims as though they were being employed in the position whether in the office, on the works staff or on our police or other departments.

Yours truly,
Ed. A. Peters

GLEN WILLIAMS

Glen Church Will Use "Partnership Plan"

On Wednesday, Jan. 18th the members of the United Church met in the Fellowship room for their annual meeting. Rev. L. Freer showed a film on Nepal where missionaries can't teach Christianity because it's taught by the law to change your religion or to influence another to change his.

The church opened a sanctuary in Kitchener where 85 people worship regularly. The mission is not allowed to teach religion but it carries on medical, agricultural, and educational work in the name of Jesus Christ.

The business meeting followed at which Mrs. C. Barth acted as secretary and last year's minutes of the annual meeting were read. Rev. Freer presented the Elder's Report. He also thanked all who give of their time and efforts in the work of the church — the Sunday School Staff, Caretaker, Choir leader and organist, UCW, and Mrs. W. Schenk, who prepared the Communion vessels.

The auditors report was given by W. Schenk. John McGowan the Missionary & Maintenance report; Mrs. C. Barth the Sunday School report; The Building Fund report by W. McGowan; The Flower Fund for the sick by Mrs. W. McGowan; Choir report by Mrs. J. Hunter; The UCW by Mrs. Fred Keayley. All these reports were gratifying and showed a good deal accomplished during the past year.

Officers elected were — Elder, Mr. W. McGowan, Herb Hancock, N. Walker, Bert Dixon, John Hunter.

The Board of Stewards continues as they are with the addition of Paul Wagstaffe, Evangelope Steward, Mrs. J. Wagstaffe; Auditors, W. Schenk, J. McGowan; M & M Treasurer, Ron McGowan; Flower Fund, Mrs. W. McGowan; The ushers added the names of Ron McGowan and Danny Wagstaffe.

Rev. Freer explained the "Partnership Plan" and it was recommended by the Stewards that the church take part in this campaign in the months of May and June. It was announced that the anniversary celebrations will take place the first Sunday in May.

Mrs. J. Hunter was appointed choir leader for another year as was Mrs. H. Inglis and Mrs. G. Cooper as organists. After a general discussion on various items of business there was a motion of adjournment. Rev. Freer closed the meeting with prayer.

LIMMHOUSE

Annual Meeting Held By Limehouse Presbyterians

The annual congregational meeting of Limehouse Presbyterian Church was held in the church the evening of Jan. 22, with Rev. F. N. Young as the chairman and Mrs. J. Roughley as secretary.

Rev. Young opened the mee-

ting with hymn 582, Scripture and prayer. Attire reports showed all departments had had quite a successful year, including a note concerning the building program paid off by Sept. 30th and \$450 received since for further renovations.

An increased budget allocation for 1964 was accepted.

Stewards Dick Appleby, Neil Benton, Tom Ritchie, Bert Brown, Ted Brown and Lloyd McEneely were reappointed as were retiring managers, S. Kirkpatrick and Pat Patterson, treasurer A. W. Benton and auditor Mrs. Kirkpatrick and K. C. Lindsay. Other managers include Ted Brown, Lloyd McEneely, T. H. Price and Joe Ross. The session comprises Rev. V. N. Young as moderator, T. H. Price, Joe Ross, M. A. Mino, A. C. Patterson, A. W. Beoloh, K. C. Lindsay, and Dick Appleby.

Mrs. Houghley was voted \$40 for services as organist. Dick Appleby, Joe Mino and Mrs. Lindsay were appointed to arrange the congregational pic-nic. A vote of thanks was tendered Mr. Young, and after he pronounced the benediction a social hour was enjoyed.

We are pleased that Mr. Wal-
