HAPPY 4,662

TODAY IS NEW YEAR'S day for the Chinese - the first day of the year 4,662 according to the Chinese calendar. I last week. Celebrating the date are Peter Fong, indicating Feb. 13th on the calendar, and his sister Annie Fong, children of Mr. and Mrs. Hank Fong, Main St. S. New Year's Day is of particular joy to children because it means they can eat to their heart's content and do enything they want to. It is the age old custom for the parents not to scold their children on this day. The Chinese calendar says this is the Year of the Dragon.

When Mr. and Mrs. Howard Holmes visited New York City last week, they stayed at the Americana Hotel and were there the day of the Kennedy Awards dinner. While they missed seeing

President Johnson, Prime Minlater Pearson, Jack Benny and other celebritles, they found it most interesting to view the tight security precautions in the hotel area. Policemen on foot, horseback, motorcycles were in abundance. The presidential car, which they glimpsed, earried secret service men on both running boards. Entry and exit to the hotel was barred for some time when dignitaries were arriving.

The Holmes' trip was extended a day when their plane could not land at Malton an the return trip and they were taken to Montreal instead.
