

Ken Ella is New President of Georgetown Fall Fair Board

Mrs. Wilfrid Bird Heads Ladies Add 8 New Directors to Board

At the annual meeting of the Esqueving Agricultural Society, which sponsors Georgetown Fall Fair, and held in the Stewarttown Hall last Wednesday evening, Ken Ella of Hornby was elected president for 1964.

Mr. Ella is no stranger to Georgetown Fair, having been vice-president for the past four years and taking an active part in fall fair work since 1932 when he first showed cattle at this fair. He is also a director of the Ontario Jersey Breeders Association, and took an active part in all worthwhile endeavours in his community.

Heading the ladies section of the fair board is Mrs. Wilfrid Bird, whose late husband also served a two-year term as president of the society.

Retiring as president after four years, Garfield McGillivray cited some of the accomplishments of the board and offered support to the new president.

He said the 1963 fair had probably been the best in the history of the society, and financially had shown a substantial balance on the year's operations. More interest had been shown in the fair by the public generally and exhibitors and exhibits had been gratifying. He predicted Georgetown fair would go on to bigger and better times.

Mr. McGillivray thanked all those who had made his tenure of office so successful, the directors, the exhibitors and those who had made donations so that this time-honoured outing could be held each year.

The retiring lady president, Mrs. Ken Ella, added her thanks for the co-operation she had received.

Also re-elected to key posts were the secretary, Mrs. G. H. Ironside and the treasurer, H. W. Lawson.

The financial report was given by the treasurer and showed net receipts at \$6,478.12 and expenditures of \$5,935.30. Prize money amounted to \$3,642.95 and the balance went for judges, administration, advertising, printing, ribbons, etc.

Cites Retarded Progress In Talk to Harrison P-T

Members of Harrison School Parent-Teachers Association heard a talk on mental retardation yesterday and today, at their meeting in the school on February 4th.

Dr. Kenneth McCauley of town who is president of the North Halton Association was the speaker. He contrasted methods of dealing with the condition from early Roman times when the retarded were slaves, through times when they were scourged to the 19th century method St. Vincent de Paul initiated help for them.

He stressed that retardation is not an illness but a condition which can be helped by cooperation between the home, church and neighbourhood. North Halton's Sunshine School is the community's concrete way of using modern methods to train retarded children to the limit of their abilities.

Principal Harry Knapper explained the opportunity classes which are part of the public school program.

SOURCES OF POWER
To supply the electrical requirements of homes, farms and industry, Ontario Hydro was operating "T1" generating stations throughout its province-wide power systems at the beginning of 1964.

The three attendants carried spider mums and red teas. Archdeacon S. A. Kirk performed the 7:30 p.m. ceremony and candelabra and baskets of white chrysanthemums decorated the church. Ralph Kidd was organist and Mrs. Elizabeth Husson sang the Lord's Prayer and Wedding Hymn. The bride's father gave her in marriage in the double ring ceremony.

Vincent Corbett, Toronto, was groomsmen. The bride's brother David Husson, and Harry Ferguson, Guelph, were ushers.

LEGION NOTES

Dead-Eyes with Darts Left Others No Crumbs

Georgetown's lady dart hurlers operated something of a dart school at the Legion last Saturday when they copped every prize at a noon tournament. Teams from Acton, Cooksville, Brampton and Port Credit entered the tournament with high hopes of winning at least a tiny trophy but the sure throwing arms of our Branch 120 gals left not even crumbs for the out-towners.

First prize in the team competition went to Wilma Hube's team of Nellie McDermost, Jean Garbutt and Alma Coppersault. The runner-up were Greta Stoddard's team of Ann Nicholson, Maureen Finlay and Mary Hedley.

The Doubles department was likewise completely blanketed by Georgetown with top honors going to Nellie McDermost and Jean Garbutt, followed by Greta Stoddard and Ann Nicholson in the second place slot.

Nellie McDermost again was a gold medalist in the Singles as she picked up top hardware in that tourney followed closely by Jean Garbutt.

We understand that Ed McDermost is planning an addition to his house in the form of an extension to his trophy room in order to house the fast accumulating collection of tournament silverware that wife Nellie keeps bringing home.

THE CREAM SOURED
In order to balance out the ladies' big win the men performed in an equal and opposite manner on January 1st. It was equal in that it was to the same degree and it was opposite in that absolutely nothing was won. Cribbage was the game in question and the Zone tournament was the event. It might be said that several other branches came to visit and then proceeded to clean our clock.

\$3000 Golf Equipment is Loot in Bruton Break-in

Golf equipment valued in the neighbourhood of \$3,000 was stolen from the golf school operated by Georgetown Golf and Country Club professional Doug Bruton on Sun., Feb. 2.

It was one of a chain of robberies pulled off in Brampton the same night.

The Georgetown pro told The Herald he checked the school's security about 6 o'clock before leaving for home. At 8 a police constable making the rounds discovered the break-in. Cardboard cartons which had contained sets of clubs and bags were strewn outside an open door at the side of the building. Inside, other equipment was moved to the door as though about to be carried out. Indicating the police interrupted the culprits in the middle of their work.

Bruton said entry was gained through a side window. He said after the robbery either his assistant-pro Doug Sinclair or himself slept at the school until Wednesday when inch-thick bars were installed on all the windows.

Not all of the loss was covered by insurance.

Bruton said all the new equipment bore serial numbers but these could be easily eliminated. He said the only real traceable items are his own set and a set of English clubs, a rarity in this country.
