"Well," can you tell me how Mrs. Smith is getting along?" inquired the caller.

BRITISH SISRAEL

- The Bible's National Message -

Have you ever given any thought to the claim that the British or Celto-Saxon peoples are the continuation of God's servant race and notion Israel, and that our ancient Throne is the one called in the Bible the Throne of David?

This identity is certain, and its implications are so great that a general recognition of it is a matter of vital and urgent importance: Today the world is in a mess which is beyond human control, and the Bible, which long ago foretold the coming of these conditions, Inditates very clearly that the only possible soluion is the coming of that righteous social order and world government called in the Scriptures the Kingdom of God.

.. It is to direct Israel in the setting up and the administration of this Kingdom, and to relan over it from the Throne of David, that Jesus is coming back to earth and, as all signs point to the imminence of this Great Event, a general recognition of our Israelitish. Ir entity AND its implications is imperative!
