

Hospital Auxiliary Buys Cart Introduce Book Service Soon

A library cart will soon be taking the rounds at the Georgetown and District Memorial Hospital. The cart will be available to the public and will provide a book-lending service to the inpatients. The books will be supplied by the Georgetown town Library and the selection changed periodically.

At a meeting of the hospital auxiliary Tuesday, June 9th, a motion to buy a cart for the hospital was carried. A report on progress on plans for the new service was given by Mrs. Walter Pope. Once inaugurated, the library cart will provide a complete book-lending service to the inpatients. The books will be supplied by the Georgetown town Library and the selection changed periodically.

The meeting, which was held in the hospital cafeteria, was designed to be of special interest to the hospital staff and the nursing staff. Mrs. I. Kelso, the administrator, spoke from the point of view of the hospital staff, and the director of nursing, Mrs. J. McPherson, spoke from the point of view of the nursing staff.

Mr. Gilhooly said he felt the auxiliary members could help greatly in promoting good public relations, since they come into more direct contact with a larger part of the community. The administration must know the community's needs and problems and it cannot do this alone, he said, urging their cooperation.

A discussion period followed, during which Mrs. H. Thompson thanked the auxiliary members for their interest and support.

Motorists Take Heed

Throughout the summer months ahead, Georgetown youngsters will be out on streets and play areas in more numerous quantity than during the school year, and will unfortunately make an easier target for incautious motorists. And perhaps the lessening of direct authority over them — no more homework, more relaxed bedtime hours, etc. — will tend to make them even less aware than usual of traffic hazards. If so, then the little people of Georgetown will be at a double disadvantage come the 'School's Out, Hearay!' that they're so anxiously waiting for.

A child streaking out from behind a parked car is still a child; a motorist has adult responsibilities, one of which is 'running interference' for such children. Let's live up to our responsibilities and take heed, not lives.

Beauty Treatment

I'll bet Mildred has never suspected a connection between the telephone and cosmetics, yet a form of beauty preparation is actually used to manufacture telephone parts! For example, rouge is used as an abrasive to polish lenses, and machinery is kept whistle clean with Freon — the gas that puts the 'zing' in hair sprays. Beeswax — the 'body' in eye shadow — doubles as a preservative for small wooden parts, and spermaceti — the wax in lipstick — serves as a lubricant. Talcum powder has a use in telephone circuits to prevent echoes in conversations, and (isopropyl) alcohol — an ingredient in cologne — acts as a finishing solution for telephone parts. Although cosmetics undoubtedly subtract years from a woman's age, they add years to the life of a telephone!

Had One Lately?

Question: What has two heads, four ears, two mouths, and stretches out for miles?
Answer: A Long Distance conversation!

Which incidentally, is also the answer to starting your vacation off on the right foot. Be sure to phone ahead for reservations!
