BRANCH WOMEN SAY CONGRATS TO MRS. K.

WOMEN OF THE Canadian Legion Branch 120 Auxiliary paid congratulations to their treasurer for completing fifty years of wedded life at a recent meeting. Mrs. John Kemthead was presented with a quilted bedspread. In the front row are Past President Mrs. Janet Emmerson, President, Mrs. Dorothy Day; Mrs. Kemthead, corresponding secretary, Mrs. Jean Lockhurst; back row, 2nd vice president, Mrs. Harry Bottoms; Bingo convener, Mrs. J. Stoddard, sports officer, Mrs. Rita Rudiger; 1st vice president, Mrs. Grace Harrison, executive members, Mrs. Hazel Preston, Mrs. R. Hedley, and recording secretary Mrs. Audrey Dixon.

Georgetown Pipe Band Among Features At Flower Festival

The Georgetown Girls Pipe Band walked five miles in 65 degrees heat Saturday without willing to be judged best band in the Flower Festival Parade at Brampton. The Lorne Scots Band was placed second by the judges. The win was just one more triumph for the famous aggregation which over the years has been Georgetown's best touring advertisement. This season has been a busy one for the pipe and drum girls. It opened with a parade here for the United Mine Workers of America when the band displayed their new drums with black and white drag ropes for the first time. Saturday, May 9 took the girls to Stratford for the 2nd annual competition organized by the Western Ontario Pipe Band Association. And on the following Saturday, May 30, they attended the Hamilton Boy Scout parade for the third successive year. This parade was one of the greatest treats for the band members. As they marched into the block where the parade ended they were given an ovation by the marchers who had preceded them. That evening the band was in Galt for the second annual Pipe Band Association dance at which they were co-hosts.

Plan Intensive Publicity For Fire Prevention Week

Fire Prevention Week in Halton County won't go unheeded this year. Members of the Halton Fire Prevention Bureau are already making plans to publicize the week and its safety messages for everyone. The special week falls from October 4 to 10 this year. Fire Prevention Week is always observed during the week containing October 9th, the anniversary of the date of the Great Chicago Fire. New literature is an order, school drills and fire hall open houses are being planned, a one-day blitz of industrial and commercial buildings is being mapped out, and arrangements are being finalized for a church parade to mark the occasion. The Halton Fire Prevention Bureau arranges Fire Prevention week programs on a county-wide basis, and member departments in Oakville, Burlington, Georgetown, Acton and Milton supplement the county program with their own demonstrations and special events. At their June meeting, the Bureau ordered over \$400 worth of new literature for distribution, including school children's booklets, restaurant place mats, and entry forms for the Grade Five fire prevention poster contest. The blitz inspections will be carried out by Fire Department personnel and insurance company investigators in Acton and Georgetown during the week of October 4 to 10, with Acton Fire Chief M. Holmes and Georgetown Chief Ery Lewis in charge. The two chiefs are also making plans for the annual church parade of Halton Fire Departments, to be held in one of the two towns during the same week.

Inquest Dates Set For Two District Drownings

An inquest into the death of Nicky Morrison, ten, of Toronto, who drowned in a swimming area at the Credit Valley Conservation Park, Terra Cotta, Sunday, June 21, will be held Thursday, July 9. It was announced this week by Crown Attorney Peter K. McWilliams. The Crown has asked the Red Cross Society to conduct a safety survey of the Terra Cotta swimming area, and the Kelso Dam conservation area near Milton where Paul Kerrland of Brampton drowned the same day. An inquest into the Kerrland drowning will be held tonight.

Jaycee Survey Gets 7% Public Response

Georgetown residents are still completing the survey forms left by the Georgetown Junior Chamber of Commerce in the banks and at the municipal office.

A spokesman for the Jaycees told The Herald last week that the number of forms completed and returned is approaching the figure they had hoped for. He said the Jaycees' expectations were that 10 per cent of the householders would respond to their survey "What's Wrong with Georgetown." To date 7 per cent answered the list of questions. He said the completed forms were still finding their way to the Junior Chamber survey committee. The survey was started two months ago. A committee member said not all the research questions are on the forms. Some special questions will be asked of "certain prominent people" only. He said it will be the end of September before the results are analyzed.

HEAT YOUR HOME!

...the modern way—with Natural Gas and Sloan's Chinook Automatic Gas Furnace. Sloan's "Chinook" automatic gas furnace, with the water-tight Chinook, will give you abundant heat for the most comfortable winter you've ever known. The Chinook Furnace's high efficiency means low fuel costs. Fully enclosed, with no hot pipes and blue enamel tank, a good-looking unit you can be proud of.

Airport, Yorkdale Plaza On Ashgrove Ladies' Tour

The Women's Institute had their bus trip to Toronto Tuesday, June 23rd with thirty-seven ladies. The first stop was at the Toronto International Airport which is certainly a wonderful place, no longer does Toronto International airport mean a crowded clapboard terminal and long waits through draughty corridors. Instead there is a sunken plaza, tunnels under the aircraft ramp, a circular skyway, a three-laned control tower, reflecting pools and tree-lined courts. From there they went to the Yorkdale Plaza, had lunch and spent three or four hours shopping or enjoying a show in Canada's largest shopping centre, the new Uptown of Toronto made necessary by the expanding population of this great city.

Next stop was the St. James Memorial Gardens after a lovely chicken dinner at Scott's Chicken Villa the bus headed for home arriving at Ashgrove corner at 8:30. All agreed it had been a grand day with thanks to the committee Mrs. R. J. Cunningham, Mrs. Y. Brownridge and Mrs. Cecil Wilson who had planned and arranged everything so well ahead. All her friends are so glad Mrs. Cecil Wilson is home from Brampton Hospital and wish her continued good health in the months to come.

School's out and you could easily tell it by the happy boys and girls who got off the bus last Friday. Congratulations to all who passed into the next grade. Some don't like school, but good education now will make for better jobs in the future.

First Baptist Church and St. John's United Hold Joint Summer Services. First Baptist Church and St. John's United Church will hold joint Sunday services during July and August and the first Sunday in September.

During July and the first Sunday in August the two congregations will worship at St. John's United Church with the Rev. Lloyd Whan in charge. The Rev. I. M. Fleming will conduct the services during the remainder of August and the first Sunday in September. These services will be held in First Baptist Church. All services will be at 11 a.m.

DO YOU BELIEVE... Brain washers have a rather soft job, as their work is necessarily confined to little minds.

NEW HOSPITAL INSURANCE PREMIUMS

More people in Ontario receive better and more costly hospital care than ever before

On the average day some 56,000 patients — enough people to populate a city — are under care in hospitals of all types in Ontario. These patients are receiving skilled treatment which has never been equalled in the history of the province. Furthermore, the cost of medically-necessary hospital care is no longer a problem for over 98% of Ontario's residents who participate in their government-sponsored hospital plan... the plan that ended hospital-expense worries in Ontario.

BETTER CARE—HIGHER COST
For many years the cost of hospital care has been going up steadily, not only in Ontario but also in the rest of Canada and in other countries. Though costly, the advanced scientific facilities and special skills available in hospitals are essential in treating the sick. The quality of necessary hospital care cannot be sacrificed. Since 1959 the average cost to the Commission for one day of patient care has increased by approximately 50%.

WHY COSTS CONTINUE TO RISE
Hospitals, like everyone else, are paying more for salaries and wages, food, drugs, equipment, supplies and services. About 70% of every \$1.00 in hospital costs is used to pay hospital employees. Hospitals, today, have more and better-paid employees to serve more patients and provide essential round-the-clock care. Greater use is being made of hospitals as medical science now provides many new, costly types of treatment which require admission to hospital. These procedures require more skilled staff, more facilities, drugs and other expensive supplies. Furthermore, there is no longer a financial barrier to necessary care, so more people obtain the care they need without being burdened by the cost. Also, there are increasing numbers of elderly citizens many of whom require prolonged treatment in hospital.

ADDITIONAL OUT-PATIENT SERVICES
Beginning July 1st, 1964 the following services will be included as out-patient benefits:
1) Hospital visits to complete treatment of fractures which were originally treated on an in-patient basis. (Previously, this benefit was only for fractures originally treated on an out-patient basis within 24 hours of an accident.)
2) Radiotherapy hospital services for the treatment of cancer in clinics of the Ontario Cancer Foundation and hospitals approved by the Commission for these services.

NEW PREMIUM RATES
(Standard Ward Care)
Because of continued rising costs, the Provincial Government has announced increased premium rates for Ontario Hospital Insurance beginning with the regular advance payment to cover the benefit month of October, 1964. In 1961, 1962 and 1963 the Provincial Government prevented, by subsidy, a rise in premiums. In those years the Government contributed \$125.8 million to the plan from general revenues. It also paid an additional \$157.8 million for the care of patients in mental hospitals and tuberculosis sanatoria. Even with the higher premiums the Provincial Government must continue to subsidize the cost of hospital care, and the Federal Government's contributions to the plan will also increase as the cost rises. (The cost of the plan does not include the Government grants which are paid to assist communities build their hospitals).

Single (no eligible dependents) \$3.25 monthly
Family (one or more eligible dependents) \$6.50 monthly
