

NEW PRINCIPALS AT SUPERVISION COURSE

A VETERAN PRINCIPAL here, William Kinrade of Howard Wrigglesworth P.S. and two who will assume principal's duties at Park Public School and Harrison Public School in September, William M. French and Logan MacDonald respectively, are among 53 persons taking a summer school course in "Supervision and Administration" for principals and prospective principals at King George Public School in Guelph. The course lasts from June 29th to July 31st. William French will replace Harold Calling who has accepted a position as principal of a Streetsville school and Logan MacDonald will replace Harry Knapper who has joined the Department of Education as an inspector.

James Warren's Bangkok Diary

"Designers and I Communicate with Facial Expression and Body English"

—James Warren, c/o UNTAB, P.O. Box 818, Bangkok, Thailand, Jim Warren, recently of 17 Edith Street, Georgetown, has accepted a position with the Government of Thailand as a design consultant.

On Wednesday, to see whether I can employ them in our new house UNTAB calls. They have received a cable from Geneva, and would I drop into the office on the way home? It is 3:30 already, and I arrange to meet Vandi at the Bangkok.

Carleton County Jr. Farmers To Live Here for Week-End

On July 7th, the Halton Junior Farmers held their county board meeting in the board room of the Agricultural Office in Milton. President, Jay Hayward, presided.

Results of the county field day held on June 20th were announced.

A County Exchange of Junior Farmers with Carleton County was discussed with suggested dates being August 1, 2nd and 3rd. There would be a return exchange, with Carleton County visiting Halton County for a weekend.

August 18th was the date set for the county board picnic, to be held at Marion and Margaret Hunter's beginning at 8 p.m. Congratulations to the winners of the following tours and conferences.

Eastern Ontario and Quebec trip: Dennis Sinclair, Uxbridge; Nations Tour: Aileen Hervey, 411 Leadership Week: Bill Alexander.

Topics for displays at Milton Fair are available at the Agricultural Office. It was agreed that there would be a County Junior Farmer display this year.

The Halton Juniors will be selling Alcan Aluminum Cans at the Annual Steam Show held in Milton this fall.

A contribution will be sent to the Committee of the Dairy Princess Contest to be held at Hornby Garden Party July 18.

The date for the Junior Farmer Plowing Match is September 12th. August 5th will be the date of the next county board meeting.

On Friday, July 10th, the Norval Junior Farmers held their annual baseball game and winner roast in Hornby Park.

There were more than 40 juniors in attendance. The baseball game was held under the lights and with approximately 17 members on each side. This was followed by a game with the girls against the boys, the score, ending in a tie.

After working so hard, everyone enjoyed a relaxing time around a blazing campfire, with refreshments of hot dogs and pop.

Struck by Georgetown Vehicle 88-Year-Old Dies of Shock

A lifetime Acton resident, Miss Elizabeth Ramshaw, 88, died in Guelph General Hospital, Monday, July 13th less than two hours after she was struck by a half-ton truck driven by Melvin Hicken, Georgetown, on the eastern outskirts of Acton. Her death at 11:30 a.m. was attributed to shock.

The accident happened near the victim's home on East Queen St., a section of Hwy. 7. Hicken said he saw a woman walking west along the south shoulder of the road.

He told Acton OPP Corporal Ray Mason that she veered suddenly into the path of his vehicle before he could apply the brakes.

Hit by the bumper, Miss Ramshaw fell, striking her head against the side door, which inflicted a severe laceration. She also sustained a possible right leg fracture.

Dr. Robert Buckner attended the injured woman before the arrival of Royal City Ambulance. According to John Rol-

To Place Roadside Tables Here

"Many people would prefer to stay on the highways when out for a drive and if we could supply equipment they would stop and really look at some of the more beautiful areas of our valley," Credit Valley Conservation Authority Chairman R. K. McMillan said at a recent meeting. He was referring to a suggestion that the CVCA supply picnic tables and disposal cans at picturesque of historic sites throughout the watershed.

Each member of the Authority was asked to submit the location of at least one spot in his municipality. Arrangements for the servicing of this equipment would be made with the municipality involved.

Why Raise the Water Rates?

(Georgetown, Ont. 31 Byron Street, July 13th, 1964)

To the Editor
The Georgetown Herald,
Georgetown, Ontario

Dear Mr. Editor

At the last session of Georgetown Council on July 8th, Councillor Donald Powers forecast an increase in water rates because of a \$20,000 deficit in the water department.

Any attempt to levy higher rates should be vigorously opposed by every taxpayer.

Money to cover this deficit would have been in the town treasury had not the water department made concessions in sewage rates to four industries, which has cost the town to date approximately the amount of the deficit.

The figures I quoted showing the loss to the town on account of these unwarranted concessions has never been challenged. Despite efforts of Mayor Joseph Gibbons to have this condition remedied and thus eliminate the discrimination against the household users of water, nothing has been done.

And, unless the taxpayers rise up in indignation and protest what has and is being done, you may be sure that this discrimination will continue at further cost to each household.

It has been admitted that only a few householders use the 6,000 gallons in the two month billing period which costs \$3.00 or at a rate of 50¢ per 1,000 gallons. With the 50% sewage charge this amounts to \$4.50. It is my contention that if all users were paying the 50% sewage charge as called for by the O.W.R.C. ruling, the minimum charge could be reduced to \$2.00 for two months for 5,000 gallons which would cost the consumer 40¢ per 1,000 gallons and with the 50 per cent extra for sewage would reduce the total bill to \$3.00 for two months. This would be adequate for most householders.

Wake up, ratepayers, and protest before you find yourselves paying exorbitantly higher rates for water you DON'T USE.

Yours truly,
— ED A. PETERS.

Scotch Block Institute Completes School Purchase

Mrs. G. McGibbon was hostess to the members of the Scotch Block W.I. for their July meeting. The first vice president, Mrs. R. Currie chaired the meeting. The arrival of the president, Mrs. R. Irving, who has been unavoidably delayed. The meeting opened with the Ode and the Mary Stewart Collect. Then the minutes were read and approved. During the business meeting members were informed that the payment for Ligny School had been completed. A letter was read regarding the changes in the Bursary.

The 411 girls had a display of work as completed at the last achievement day. Miss Sharon Hume gave her commentary "Good Lives in Dress". The Farrier twins sang several numbers and Sharon Hume played a piano solo.

The meeting closed with the Queen and the Institute Grace. Tea, fruitbread and cheese were served by the committee in charge. The August meeting will be held at the school and members are asked to bring picnic lunches.

Farming is one of the few industries where accidents to non-workers (children, for example) are included in work statistics. On the farm, the National Safety League of Canada stresses, safety is truly a family affair.

BROKE THE PEACE GETS SIX MONTHS

A man who unlawfully disturbed the peace, used obscene language to police and park officials and generally made a nuisance of himself on July 3 at Waterfall Playground, Limehouse, was sentenced to six months at hard labour Monday.

The 21-year-old Toronto man flinched when Magistrate James Black passed a sentence of 11 months at hard labour on him. The accused was later recalled and the sentence was reduced to six months on summary offence, months on summary offence.

As he passed the magistrate said: "It is evident you travelled a long distance with your cronies and immediately decided you would make trouble for the park employees, park facilities and the police."

The magistrate noted the accused had escaped from police custody. "Your language and actions are something that this court feels the public should not put up with. You must be put out of this nation to use up some of this surplus, vitality. If that is what it is," he added.

In addition to six months, Magistrate Black added three months indeterminate time and said he would have an opportunity to learn a useful trade while at reformatory.

One Local Market Gardener Winning War With Maggot

There is at least one man in the area who has heeded the warning of Professor H. W. Goble, provincial entomologist from the University at Guelph.

Antony Saliba of Hornby has beaten the Cabbage Root Maggot which the professor said has become a prime menace among southern Ontario crops of cabbage, turnips, cauliflower, radishes and Brussel sprouts.

Saliba reported that he brought the maggot under control by following the advice of Professor Goble and using Guthion, a newly developed chemical that replaces Aldrin.

Saliba reported that he brought the maggot under control by following the advice of Professor Goble and using Guthion, a newly developed chemical that replaces Aldrin.

At a recent emergency meeting at the farm of Murray Laing, the professor said that Aldrin is virtually useless to control the cabbage root maggot. He said the pest has developed a resistance to the chemical over the last decade. He admitted, however, that Guthion has also limited effectiveness.

Last week Saliba and three brothers who conduct a vegetable truck business on three small holdings in the Hornby area were loading thousands of trucks ready for a Toronto market.

"Guthion saved the day, as far as we're concerned," said Saliba.

IGA Salad Fix'ns

Over 700 IGA markets across Canada join in celebrating the Canadian growers of Fresh Fruits & Vegetables during National Salad Week. Be sure to check IGA's fresh produce Dept. for Cut-grown Tomatoes, Cucumbers, Radishes, in fact, all of the "Fix'ns" for crisp refreshing salads.
