**Wet Weather Blamed For Numerous Auto Accidents**

The wet weather last week helped to cause a rash of auto accidents.

Two hundred dollars damage was done to a '62 Falcon driven by Mrs. A. Skilling of 7 Campbell Gate when her car was hit on the side by a '63 Ford driven by Howard Campbell of Milton, Tuesday, August 18th.

The Campbell car was travelling west on Guelph Street and turning in Georgetown Dairy, while the Skilling car was making a right hand turn off Maple Avenue to go east on Guelph.

Slippery roads contributed to another accident on Friday, August 21st, when a '61 Pontiac driven by Robert Oprey of Weston slid into the rear of a '59 Chrysler driven by Marlon Briggs of 78 Prince Charles Drive, on Guelph Street opposite the Belvoir Plaza.

\$350 damage was done to the front end of the Oprey car, while \$150 damage was done to the rear end of the Briggs car.

Three accidents on Saturday August 22nd were also helped along by rainy weather. Eight

**HAULTON FARMERS HOPE FOR HAIL INSURANCE**  
Haulton County's "hail-out" farmers are after some financial assistance from the provincial government.

Hail recently caused extensive damage to crops in Haulton. Some estimates ranged as high as \$30,000.

Vegetable crops hit are said to be a complete loss. Oats and barley, almost ready for cutting were nearly ruined when hail knocked off the grain and broke the straw.

An Agricultural Office spokesman said efforts to attract government attention to the situation are being made. Information concerning hail insurance and financial assistance from the Ontario Department of Agriculture will be passed to the farmers concerned when available.

Meanwhile, the farmers as a body hope to arrange a meeting with provincial agricultural boss William Stewart.

A meeting of farmers, held in Milton, Aug. 18, took the advice of Haulton Federation of Agriculture secretary, Robert Coulter, and plan to petition the minister for the conference.

Haulton farmers are not the only agriculturists affected by freak weather this year.

Ontario has approved Ontario plans to give financial aid to farmers suffering losses from drought and army worm infestation, Agriculture Minister Stewart said recently.

Poor hay and pasture crops have resulted in almost every county in eastern Ontario north to Sudbury.
