

CURLING CHATTER
by Bob MacArthur from the
North Halton GOLF and COUNTRY CLUB

Well the snow of last week did not stay with us very long. By this weekend it had all disappeared. So Sunday there was no skating or tobogganing on the hills.

Notice quite a few of the younger curlers wandering all over the ice during a game. Now this does not give the man who is in the back the fair chance to see down the low take the ship holding the broom. Please after you have swept the rock into the house, retire to the sidelines, so the next man up has a fair chance. This of course does not only apply to new curlers, many older players who should know better are worse offenders than the new men.

Get my copy of the news letter from the club Saturday. It gives the list of events scheduled for the month of December. But one of the most important dates was left off. That is Friday, December 11th. This is the date that the Curling Section distributes a number of Christmas turkeys to those fortunate enough to have the highest numbers. Plan to be there.

The turkey bonspiel is again proving popular with curlers around the country. Two weeks before the bonspiel and there were only few players left in the draws. Probably by the time this hits the street, all sixteen teams will have entered.

This Saturday, the Ladies Section have the Mackenzie trophy up for competition. It is a club affair and should see most of the local ladies out at the rink, trying to take home the hardware.

Over twenty members signed up for name plates to be made up of black plastic with white letters. As soon as the order arrives, they will be available at the counter. It is expected they will be delivered within the next week.

The standing of the teams as of last weekend are as follows:

Brown Belt and Judo Title Won by Al Law

A Georgetown District athlete, Al Law, 22, of Huttonville fought his way to the Eastern Canadian Judo Championship Saturday in the annual finals at Jarvis Collegiate, Toronto. Al, who has been studying judo for only three years, won all seven of his fights, one through a bye he gained when a contestant broke several toes during a fight with Jack Webster, a Brampton judo expert. With his opponent sidelined Al moved into the semifinals where he made quick work of his competition. With amazing speed and strength Al had little trouble scoring a victory in the final round.
