Candles Glow At Christmas

Many traditional candle customs brighten today's Christmas celebrations.

From Ireland comes the custom of putting a lighted candle in the window on Christmas Eve to light the Holy Family's way. The candles denote a house where the Holy Family would have been welcomed, not turned away as they were at the inn in Bethlehem.

In Germany, too, candles are placed in windows to provide a glowing welcome for the Virgin Mary and a host of angels who the Germans believe pass over the countryside each Christmas.

In many countries, such as Germany, beautifully decorated candles are an important part of Christmas celebrations. Enhanced with religious and other figures, they add an artistic and reverent touch to holiday festivities.

Similarly, many still celebrate the medieval custom of lighting a giant Christmas candle that burns brightly until Twelfth Night.
