The Dominion party, one of two secondary school parties seeking the government's side of the house in the annual Model Parliament, gained seats in an election at Georgetown High School, Thursday.

The Dominion Party polled 67.5 per cent of the vote while the National Party was given 32.4 per cent.

Since the school will be represented at the Model Parliament by ten members, the make-up of which is decided by the percentage of vote it means the Dominion Party will send 7 members and the National Party 3.

This year, the Model Parliament is being held in Georgetown for the first time. It will convene Saturday Feb. 20.

Sitting in the house for the GHS Dominions will be party leader Stewart Saxe, Andy Spica, Cornelius Sommer, Lesley Buresh, J. Ryder, Eleanor Hill, and Michael Pratt, and for the National party leader Nancy Hunter, Roger Smith, and Kim Gunn.

The voting was done at noon and after four fifty-four point four per cent of the school enrollment exercised their right to ballot.

David Blancy was the Chief Electoral Officer.

The Model Parliament will be composed of 150 sitting members from secondary schools in Peel and Halton and the Province of Quebec. Among the 30 guests expected to watch the proceedings will be members of the federal and provincial parliaments from Peel riding and one of the members from Halton riding.

# Oakville Nurse Tells of V.O.N. Work in Community

The first meeting of 1965 of the Norval Women's Institute was held at the home of Mrs. Wm. Graham, Georgetown, on Thursday afternoon, January 7th with the president Mrs. E. Burk, in the chair.

The Health conveners were in charge of the program, Mrs. H. Collins and Mrs. G. Caseley. Mrs. Caseley gave the motto "Is retirement good or bad for your health."

A special speaker was much enjoyed, Miss Dorothy Knight, nurse in charge of the Oakville District of the Victorian Order of Nurses, who spoke of the work by these nurses. She mentioned the fact that the Georgetown district is one of two districts in Ontario who do not have a Victorian Order of Nurses.

Mrs. O. Hunter and Mrs. H. Collins assisted the hostess in serving lunch.

# Local Labour Council Asks Intervention in Newspaper Strike

The Oakville and District Labour Council which embraces Georgetown labour union locals has requested Premier Kobarts to intervene in the dispute between the 900 members of the Toronto Mailers and Typographical Union Local No. 91 and the Metro Toronto Press.

Delegates voted overwhelmingly at a meeting Jan. 14 to make the request.

A telegram was dispatched to Premier John Kobarts the next day.

The Labour Council in session further donated \$25 to Local No. 91.

Meanwhile Oakville and District Labour Council is still enforcing a boycott in not dealing or purchasing the Toronto papers. The boycott was initiated at the September 1964 meeting of the council. A few months ago Labour Council placed an ad in The Herald urging all affiliated local unions to stop buying the Toronto daily papers, not to run advertisements in those papers, not to deal with firms which advertise in those papers, and not to allow their children to deliver those papers as long as the dispute exists.

"Many locals have supported the council's position of not purchasing editions of the Toronto papers," said Mr. G. G. Heym, president of the Labour Council. "As long as the dispute lingers on we will urge our local unions to refrain from dealing with the Toronto press which will mainly result in refusal to buy these papers by our area membership."

The group as president during her term of office.

Tea hostesses assisting Mrs. Kerr were Mrs. D. W. Baxter and Mrs. J. Cocklin.

# Georgetown Bahai's Told Religions One

World Religion Day was inaugurated by the Bahai World Faith in 1960. On the third Sunday in January, special services are held in every major city of the world to further World Peace and the Unification of Mankind. The Bahai's of Georgetown, who heard Mrs. Evelyn Raynor speak on this theme at Whitby, Ontario, were reminded that "all religions are one; that religion is not just a tradition or a set of arbitrary rules; rather it is a blueprint for the advancement of man in all aspects of living, both spiritual and physical. It is a means of developing the potential of man to heights not now imagined - when he will truly appear in the image and likeness of God."

"Along this ancient path a beneficent Providence has provided Light-Givers - shining figures, with innate wisdom illuminating the way, each a mirror of the divine light of the Creator of the universe. It has taken man millions of years to reach this stage of his development. All the Messengers of God have promised that the day would come when the light would reach full strength, when the times of darkness would be ended, and peace on earth would not be a wish but a fact," she said.

"But every age needs a Leader, a Guide so wise, and so luminous that man will fall on his knees. He will follow his wisdom, and be raised to that level of brotherhood and love, promised in every holy book of every prophet."

Mrs. Raynor believes that the promised Light has come in the Person of Bahai Ullah, whose very name means, the Light, or the Glory of God. He is the Great Physician, the True Healer of the nations, the Giver of Wisdom for this age - the Bearer of God's Word for a world in distress.

In Hamilton last Sunday afternoon, an Inter-Faith Workshop following World Religions, which are being practised in the Hamilton area:

Mr. S. Juneja - Hinduism; Bahai E. Weiner - Judaism; Mr. D. Uchida - Buddhism; Mr. Atique Haffiz - Islam; Rev. F. R. Leage - Protestantism; Rev. R. W. O'Brien - Roman Catholic; Chief A. General - North American Indian, Miss Nancy
