

Give Planting Tips For Iris, Dahlias, Roses

At the last meeting of the Georgetown Horticultural Society held in the Howard Wrigglesworth School auditorium, the members and visitors were treated to a panel of three speakers who gave talks on the planting and care of some favourite flowers.

Miss A. Lash Miller told how the iris roots were to be divided after their blooming season in June and should be fertilized not only in the spring but when the blooms are dead in order to maintain healthy disease-free plants.

Mrs. N. Devereaux chose as her subject the care of the Dahlias. She pointed out the Dahlias was a very old plant and probably handled "thin" most people realize. With well prepared soil and proper feeding good results can be assured.

Mr. E. Henney pointed out during his talk on roses, that the biggest factor in growing successful roses is in the care taken in planting. He stated it was essential also to start with a reliable rose from a reputable grower. A question and answer period followed the talk and many interesting points were brought out.

The lucky door prize winners were Mrs. Leslie Giffen, Mrs. E. Henney, Mrs. N. Devereaux and Mrs. L. Giffen.

Speaker for the March meeting (3rd Wednesday) will be Stanley White the Field Officer of the Credit Valley Conservation Authority.

The subject of conservation especially in the Credit River valley is of great importance and is sure to be of prime interest to a large number of people. The recent difficulties experienced in the Glen Williams area will no doubt be discussed.

CONSTABLE HENDERSON RESIGNS

Georgetown has another vacancy to fill on the town police force. The council accepted the resignation of Const. Roy Henderson. He explained in a letter that he had enjoyed his service with the force and was resigning for personal reasons and not through any dissatisfaction with his job.

Last week council advertised for a sergeant and police constables. Meanwhile a report, requested by council in December, from the Ontario Police Commission, has still not been publicly revealed. It was referred for committee discussion when it was received last week.

Was Bakeshop Operator In Georgetown, Milton
A retired Georgetown businessman, John James Kemshead, 78 died on February 14 at his home, 43 Churchill Crescent.

Mr. Kemshead came to Georgetown in 1923, and operated a bakeshop for several years, first on Main St. in the present Herald office location and later on John St. just off the highway.

Born in Cottingham, North Hants, he was the son of the late Mr. and Mrs. G. A. Kemshead. He served in the first war with the Leicestershire Yeomanry. Married in 1914, Mr. and Mrs. Kemshead came to Canada in 1919, lived first in Galt and later in Ayr and Milton, where they also operated bakeshops. He was a member of Branch 120, Canadian Legion and the Imperial section.

He leaves his wife, Elizabeth Phillips, four children, Mrs. Grover Norton (Versa) and Mrs. Jack Cuthbert (Ethel) of town, Jack of Glen Williams and Albert of Edmonton, Alberta; 17 grandchildren and two great-grandchildren; and a sister Mrs. William Barber of Galt. He was predeceased by a daughter Dorothy in childhood.

Rev. John McMulkin conducted the funeral service last Wednesday at the Harold C. McClure Funeral Home and interment was in Greenwood Cemetery. Pallbearers were Gordon King, Jim Sargent, Frank Connelly, Lorne Cross, Art Stamp and Bob Martin.

Entertain Mothers as Thinking Day Marked
A mother and daughter banquet marked Thinking Day for 7th guide and brownie company at St. Andrew's United Church.

Aiding a world fund to assist guiding, the girls contributed a penny for each year of their life, while mothers used their official age of 21 for a total of \$30.40.

Commissioner Mrs. K. H. York spoke on the promise and law, and Mrs. M. Baines, captain of the troop and dinner chairman, welcomed guests and told them that Thinking Day is a practice which can be extended to every day in the year.

The chaplain, Rev. Kelvin Johnston, also spoke. The troop, constituted in the national dress of various countries, presented a play "How it all began" which told of the life of Lord and Lady Baden-Powell. There were badge presentations to the following: 2nd class Jacqueline Williams, Gayle McLaughlin; child care, Coby Kamman, Kathy Mundy, Leslie Gillett, Gayle McLaughlin, Jacqueline Williams; cook, Coby Kamman.

Dinner was served by the church-ladies and floral arrangements were presented to Mrs. Baines and Brown Owl Rosemary Young, and gifts to Mrs. York, Mrs. R. A. Secord, Mrs. Mundy and Mr. Johnston for assistance during the year.

LEGION NOTES

Saturday Morning Movies Popular With Children

We hauled ourself out of bed last Saturday at the unholy hour of 9:00 a.m. and headed for the Legion Hall. Seems half the kids of Georgetown had the same idea. The other half were heading for the area. The first man we met when we entered the Branch was the custodian who advised us that in order to have a movie he must set out about two hundred chairs. We entered the darkened auditorium, found a seat, and regressed thirty years as we joined the kid in watching—Hans Brinker and the Silver Skates.

St. John Vehicle Is Glen Flood Casualty

The Glen Williams flood cost the Georgetown section of the St. John Ambulance their Mobile First Aid Unit.

The ambulance, a converted panel truck, was parked on the property of a brigade office, Fred Hubston, and was trapped there when the flood water suddenly engulfed homes in the north end of the village.

Brigade Captain Ferd Cooley told The Herald the ambulance appears to be a total loss.

A mobile unit based at Acton is currently doing double duty. Until the Georgetown section ambulance is replaced local St. John men are using their own cars when the Acton vehicle is not available.

An indication of the value of a Georgetown based ambulance is contained in a St. John Ambulance service report this week which shows a total of 1,206 hours on duty last year. This includes standby service at the Georgetown Fall Fair, three evenings a week at the Memorial Arena, the Chuckwagon Races, and the Bantam Hockey Tournament to list the major events.

In assisting at Glen Williams during the flood the local St. John unit was assisted by the Redial Car Club which not only made their building at the River Dr.-Mountainview Rd. intersection available as a First Aid Post, but kept two cars and drivers available as messengers.

A brigade spokesman said other people offered their homes as look out posts, phone stations and supplied coffee and were an immense help during the disaster.

Janis Lussis of Brampton was leaving the school property at the west end of the semi-circle driveway when hit by a car driven by William Rogers of Sims Gate.

Both cars received approximately \$150 property damage. A dairy truck and a car collided on John St. W. Monday morning as the dairy truck attempted to pass.

A police report said the car, operated by Robert James Korzack and owned by Alexander Korzack, 6 Elizabeth St., had started to pull into a driveway at 16 John St. W. when the accident occurred.

The dairy truck, owned by Steens Dairy and driven by Roger Gruras, R.R. 2 Georgetown, was eastbound.

Elected President Naturalist Club
Mr. Harry Williams, son of Mr. and Mrs. Reg Williams has recently been elected president of the Naturalist Club in Peterborough, and his picture appeared in a recent paper along with Mr. and Mrs. Jerry Singer, displaying some of their treasures, from their Skin-Diving Adventures.

In this most interesting article, Mrs. Singer describes "Under the Sea", like walking through a wood, except that instead of birds and flowers, you have multi-coloured fish and corals.

Mrs. J. Shepherd, Mrs. J. C. Murray, Mr. Harvey Clare and Mr. Reg Williams, were prize winners at the Friday evening Euchre, held in St. John's church basement hall, sponsored by the "Action Group". Lunch was served by the group in charge.

Birthday greetings to Brenda Agnes Reid who celebrated her 8th birthday on Saturday, February 20th, and to Frances Ann Wilson, 5 years old, on February 23rd.

SOME PREFER FLOOR
Some kid's don't want a chair. They prefer to sit on the floor near the screen, and near the loudspeaker. There is a certain amount of legitimate wandering-around as the movie grinds on. Kids want to visit the washrooms, buy popcorn or blow whistles. At one time, pop was sold, but the carbonic acid was staining the floor, and the chinking of bottles, got on some of the young patrons' nerves, not to mention the adults.

These Saturday morning movies have not been without uncheduled humour. On one occasion, a crew of volunteer workers came in to sell pop, chocolate bars and candy. Their Arithmetic was rusty, and they sold the whole kit and kaboodle at half price. The kids had a field day.

BOOTS WENT HOME
On another occasion, when the movie had started, a little girl, weeping, went to the officials, and said she had lost her shoes and overcoats. The Branch was searched high and low. As a last resort they phoned the father. The father explained that he had brought her footwear home with him. He wanted to make sure the kid STAYED at the movies.

The Legion doesn't make any money on these movies. They are lucky if they break even. They are run simply as a community service and to give the children some place to go on Saturday morning during the inclement winter months. They can do with some volunteer help. So if you like children, and if you like the movies, please phone J. Ford at 877-0373.

Do you like pretty girls? Food? Music? Dancing? Then don't fail to attend the dance at the Branch on Saturday night, February 27th. Music will be by the Fabulous Flirtation Five. No admittance under twenty-one years of age. This dance will culminate the big Open Air Tournament to be held at Branch 120 all day. On the same day there will be a Zone B7 Ten Pin Bowling Tournament at Oakville. This is an Open Entry and there will be five-man teams. Five men from Branch 120, Georgetown will participate. There will be a General Meeting at the Branch on Thursday night, February 25th. Let's have a good turnout. There will be a social hour, and a special grudge date match after the meeting. At the risk of repeating ourselves DUES ARE DUE.

We are sorry to learn that President Ralph Hawes is ill. We all join in wishing him a speedy and complete recovery.

DID YOU KNOW THAT?
Within a radius of 50 miles in the southwest section of Maine are towns named China, Norway, Naples, Athens, Peru, Denmark, Belgrade, Detroit, Poland, Dresden, Palermo, Belfast, Mexico, Paris, Lisbon, and Frankfurt.

Sees No Advantage to Employment Office

R.R. 4, Georgetown 21 Feb. 1965
Dear Editor:
Your suggestion for court facilities in Georgetown is excellent.

However I can see no advantage in an unemployment insurance office here when there is one in Brampton.

It might be different if it was possible to get a job in Georgetown through their office except in one or two of the newer plants. I have found it difficult to get an application filled in at the older plants let alone get a job there.

It is still true that you don't get something for nothing and applies to money spent by the Government, which as many people seem to forget, gets their money from taxes.

The point is why add to Government expenses for another office here if the local industries don't use it.

Yours truly,
H. D. Hayes.
