

GEORGETOWN IN METRO COMMUTER STUDY

THE EXTENT OF THE Metropolitan Toronto and Region Transportation Study Area is shown above outlined by dots. The Ontario Government has announced that it plans to establish a rail commuter service to assess its capabilities in an overall transportation program for the region.

THE ROUTE OF THE first proposed service is shown here. The dark line, extending 52 miles across the lakeshore region will have an initial capacity to carry 6,000 passengers and hour during peak travel period. If the first service is successful, it is likely the Brampton, Georgetown line will be the next trains. At present there are no commuter rates available to Georgetown people working in Metro, and in fact the closest station offering a commuter rate in Weston.

THIS ARTIST'S SKETCH depicts the type of train that will be used in the Ontario government's new railway commuter service to provide high frequency travel into Metro from outlying communities such as Georgetown. The first stage of the project will extend through the south of the county.

NORVAL

Rev. Lockhart Royal Back For Norval Anniversary

Rev. Lockhart Royal, Goderich, former minister of Norval and Union Churches will be the guest minister at the anniversary services of Norval Presbyterian Church on June 8th.

Unit Two of Norval United Church U.C.W. met at the home of Mrs. Paul Johnson on Thursday evening, May 13th with Mrs. Jack May in the chair.

The devotional was taken by Mrs. Lloyd Laidlaw and Mrs. Roy Laidlaw.

The program consisted of a successful auction of various articles donated by the members with Mrs. Peter Pomeroy as the auctioneer.

Mrs. Ken Reid and Mrs. Donald Cleave assisted the hostess with the lunch and a social time was enjoyed.

Several from Norval and district attended a song recital held in the Concert Hall of the Royal Conservatory of Music, Toronto, by a few pupils of Helen Simons. Joyce McLean sang several numbers, opening the program and again singing at the last.

Congratulations to Mr. and Mrs. Murray Weir on the opening of 'The Village Tea House' recently. This is the former McPherson home, beside the Presbyterian Church. Mr. and Mrs. Robert Crawford Sr. and family lived here for several years before moving to Horsey where they now operate the

general store and post office. We hope the 'Village Tea House' will prove to be a successful venture for Mr. and Mrs. Weir.

Norval Presbyterian Church WMS meeting was held at the home of Mrs. Tom McGee on Tuesday, April 27th with the president, Mrs. Andrew McClure in the chair. The Scripture Lesson was given by Mrs. Art Clark and the prayer by Mrs. J. V. McClure. The chapter from the study book was given by several of the members, Mrs. N. Robinson, Mrs. J. M. McClure, Mrs. R. Duncanson, and Mrs. Harold McClure.

The lunch committee to assist the hostess were Mrs. Oliver Huater and Mrs. N. Robinson.

Members are reminded to bring their clean used clothing to the next meeting to be held at the home of Mrs. Craig Reid on Tuesday, May 25th.

**Brewer's Retail Charged With Selling Beer To A Minor**

In what is believed to be the first of its kind, The Brewer's Retail Company Limited has been charged with selling beer to a minor through its outlet at the Delrex Market Centre, Georgetown.

The usual procedure has been

to charge the person for obtaining beer while underage or the individual outlet for supplying it.

A 16 year old Acton youth said in court Wednesday he purchased a carton of 12 pints from the Georgetown Brewers Retail Store December 14.

The youth said he signed the name of a dead cousin to the purchase order. The youth is five feet 11 inches tall and weighs 185 pounds. He was 15 years old when the alleged purchase took place.

The youth was found with a carton of 12 pints of Labatts 50 Ale in a car owned by a friend who had driven him to the outlet.

John H. Francis, defence counsel for the provincially controlled company, asked that the case be dismissed because the crown's evidence was based on the testimony of a minor.

Magistrate James Black denied the dismissal and adjourned the case to June 23 for further evidence from a person who was unable to attend court because of an injury.

The court was told that the Brewer's Retail Company Limited was cited in a charge earlier this year when the youth appeared in juvenile court for buying beer.

The court was told that the youth has spent nine months in the Bowmanville training school.

A Princeton university researcher says it is possible to send messages thru a person's skin. Even those with thick

HARLEY TO HALTON

WEEKLY OBSERVATIONS BY DR. HARRY HARLEY, M.P. FOR HALTON

HALTON MEMBER REPORTS FROM GENEVA

Dr. Harley, M.P., reports from Geneva, Switzerland, on the meetings of the 18th World Health Assembly.

THIS REPORT ON the World Health Assembly comes direct from the meeting now in progress in Geneva. These meetings are held in the building that was originally constructed to house the League of Nations. It was not finished until 1937 and because of the onset of World War II in Europe it never was used for the purpose for which it was built.

THE CHAMBER IN which the World Health Assembly meets is similar to a large movie theatre but with more grace and spaciousness. The stage in the front contains the elected officers and officials of the World Health Organization on raised platforms. The delegates are seated in rows like a theatre, but with more room to allow easy movement between the rows. The delegates are seated in alphabetical order, the beginning letter in the front row chosen by lottery to ensure fairness in the seating plan. The meeting is more informal here than in the House of Commons in Canada. One comes and goes informally, and does not bow to the Speaker on entering or leaving the chamber as is custom in the House of Commons.

THERE ARE APPROXIMATELY 500 delegates in this Assembly, consisting of representatives from 121 Member Countries and 3 Associated Member Countries.

I WISH TO REVIEW briefly from the report of the Director-General of the World Health Organization but may I point out at the beginning that what Canada takes as routine matters, such as smallpox vaccine, these are very severe problems elsewhere throughout the world. Two-thirds of the world's population imports all their drugs from other countries and even more important, two-thirds of the world have no guarantee of quality and safety of drugs as we in Canada have under the Food and Drug Act Regulations.

The Director-General's report in summary is as follows:

1. MALARIA — Malaria programmes are continuing and have reduced malaria dramatically, as much as 50% in endemic areas. Unfortunately in Africa its complete eradication

Seek Price Expropriating Ann St. Land

The Surveying firm of Carr and Westwood were authorized by Council recently to prepare an expropriation plan for widening of Ann St. to 68 feet. Coun. G. Hewson explained that no houses were involved, just bits and pieces of land, necessary to widen street, particularly at the bend.

In reply to a suggestion from Coun. Ballentine that it should be done under local improvement, Coun. Hewson explained that roads cannot be done under local improvement.

"Why widen a street that very few people use," queried Coun. Young.

The mayor opposed the idea of expropriation feeling it was bad public policy. "It only puts the people in a bad frame of mind," he concluded.

In answer to Coun. Hewson's contention that an appraisal couldn't be made till the land was staked, Coun. Smith simply has to be staked, our own town men could do it."

Coun. Smith also contended that there should be a price on the plan of expropriation, before anyone voted on it.

After further discussion, the motion was withdrawn until a price could be obtained.

Standard equipment: a bank loan

It has become almost standard practice today for people to go to their bank to finance the purchase of cars and other family items. You, too, may have found it a good idea to borrow where you save — at your local bank. It is often simpler, because the bank already knows you as a savings customer. And it also may save you money because bank loans are low-cost loans. For borrowing and saving, and for any other bank service you may need, just visit your local chartered bank. It's the one place where you can get all your banking done, under one roof.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Through 5,650 branches, all across Canada, the chartered banks bring full-range banking within the reach of everyone.
