RAILWAY WON'T CLOSE EXPRESS DEPOT COMPLETELY

The local CNR freight office will not be closed completely, Council was informed Monday night, by letter.

According to the CNR, only the method will be changed, now the separate express office will be closed but a combined express and freight office will still operate here in the main station office.

Direct pick-up and delivery will be made by truck from Brampton, but anything that cannot be delivered will be left at Georgetown station for pick-up.

For local residents the main point is that a parcel can still be sent out and picked up here, while the local factories will still get direct delivery, but it will now be from Brampton.

Carload handling will still be done here in Georgetown. On Hand, and in Bond traffic will also be handled here.

It is another step in the CNR's centralization programme, and should go into effect June 5th.

WHERE DID THE BY-LAW COME FROM?

A by-law to execute an agreement between the town and C. Reid of Maple Ave. East, allowing Mr. Reid to continue to use part of a road allowance was withdrawn when no-one knew who authorized the drawing up of the by-law.

"I don't know of any resolution to prepare a by-law", opined Deputy Reeve Hunter.

Coun. Powers explained that Mr. Reid had come to Council several times about this, and as far as he remembered it had been decided in Committee, together with Mr. Reid's lawyer, that he would be allowed six years undisturbed, then on a year to year basis. However, he could not recall any motion to prepare a by-law either. It was referred back to the Committee.

OUT OF TOWN BUT WANTS TOWN WATER

A motion to provide T. M. Girvan, R. R. 1, with town water, was withdrawn when the seconder, Coun. J. Young had some doubts.

In making the motion Coun. D. Powers pointed out that all expenses of installation, connecting and maintenance would be borne by Mr. Girvan, while the town would receive double rates. The service would have to be extended three hundred and fifty feet from the present main.

The sale of a lot in the Wildwood area, belonging to Mr. Girvan is contingent on the water line, said Coun. Powers.

"If we have services to supply they should build in town where we get the taxes", opined the Mayor. "I don't see the wisdom of this", he concluded.

Reeve Elliott wondered if the town would get enough out of it to merit the trouble, such as extending the water meter reader's route. He also wondered if pressure could be maintained in that area.

It will be discussed again next week.
