Staff Hired, Swimming Pool Gets Ready For Opening

Summer time and the pool staff are busy, or will be shortly if the weather cooperates. Chief Swim Instructor Cliff Johnson has his staff all lined up.

During July the instructors will be Mike Baker, Chris Sargent, Ann Johnson, Jackie Lince, Janet Chamberlain, Bev Johnson and Barbara Fankens.

During August Sharon Emmerson, John Layman, John Golden and Les Gosling will also be on the instructional staff.

All the instructors will also do lifeguarding duty, while relief lifeguarding will be done by Diane Foster, Leslie Buresh and Neil Haydie, who will also do duty in the basket rooms. They, too are qualified lifeguards.

At the moment there are plans for both bronze medalship and adult swimming lessons, anyone interested should call Cliff Johnson.

With lessons starting July 1st, Mr. Johnson would appreciate the return of the registration cards as soon as possible. He

would also like to know if, because of transportation difficulties, you would like your children to have lessons at the same time to please include a note with the cards. This would apply even if they were not in the same swim class.

A fact not too well known, is that the local chapter of the Red Cross pays the cost of courses and lodgings for instructors at the pool.

This year, alone, our local chapter has put up \$200 to cover the sending of seventeen students for courses in Kitchener and Guelph.

The courses last four days, which necessitates housing and feeding.

Upon passing the course, the entrant becomes either a qualified instructor or assistant instructor, depending on the course.

Board Committee to Study Value Community College

Will Halton County have a community college? If so, where will it be located? Would Georgetown students attend a Community College in Brampton instead of Halton? And how would the elimination of Grade 13 affect the local high school?

Those were some of the questions tossed up for discussion when the Georgetown High School Board pondered the proposed Community College scheme Monday night.

The discussion came about when vice-chairman Donald Lawson made the board aware of a Central Peel Composite School committee which had been formed to investigate the Department of Education's plan and its effect on high schools.

The result was a three-member committee appointed to meet with the Central Peel fact finding group. On an M. E. Hall, W. W. Gault motion, a trustee,
