—Bermuda News Bureau Photo

### Pretty Girls in Pretty Hats on Pretty Good Holiday

THE TWO PRETTY GIRLS in the two pretty hats are (left) Janice Mino, 15 McNabb's St., Georgetown, and Gail Stigger, 55 King St., Georgetown. Janice and Gail paused while seeing the sights of the Bermuda Islands for a Bermuda News Bureau photographer.

## Milton Legion Ladies Conduct Manor Bingo

The church service on Sunday, July 18, was conducted by a group of ladies and gentlemen who are members of the Christian Missionary Alliance Church in Burlington.

Pastor J. Robb, the minister of the church delivered the sermon and Mr. J. Penman was the competent leader. The organ accompaniments were shared by Mrs. B. Robinson and Mr. W. Twinn. Accompanied by Mr. Twinn at the organ, Mrs. Robinson also sang two lovely solos, when I survey the Wondrous Cross and Turn Your Eyes upon Jesus.

Mr. Penman read Psalm 121 and offered prayer. Mr. Robb based his sermon on this psalm. He began by saying that verse 1 of this psalm can be more readily understood if it is written as two sentences: I will lift up mine eyes unto the hills. From whence cometh my salvation? We who read this psalm centuries later can see the preservation of our lives in the words: He that keepeth Israel shall neither slumber nor sleep. Thus He is our keeper and we go forward in Him, with the complete assurance that He will help us to the end of our lives. This sermon was very appropriate and comforting one for the Manor Congregation.

The closing prayer was given by Mr. Ambridge.

On Wednesday night, July 21, another delightful bingo evening was added to the growing list conducted for the residents by the Ladies' Auxiliary of the Milton Branch number 136 of the Royal Canadian Legion. The evening's entertainment was convened by Mrs. K. Boughton who also performed the duties of caller. The handicapped were assisted by a group of willing helpers, Mrs. L. Wells, who is president of the Auxiliary, Mrs. L. Illwood, Mrs. M. Cullion, Mrs. B. Hepburn and Mrs. J. Patterson. Fourteen bingo-games were played and sixteen prizes awarded. All the prizes were donated by the Legion ladies. Mrs. C. Burnell won four prizes and winners of one prize each were: Mrs. B. Hartlen, Mrs. A. Smedley, Mrs. C. Elder, Mrs. A. Hill, Mrs. Radobenko, Mrs. A. Agnew, Mrs. McCance, Mrs. M. Forbes and Messrs. J. Sullivan, V. Foley, W. Hughes and J. Begley.

The prize won by Mrs. Forbes and Jim Begley was for a full card in the last game and was a \$1.00 bill. The prize won by Mr. Hughes was in a special game for men only. Three special prizes, distinct from the bingo-prizes, were awarded to residents having birthdays nearest to July 21. These were Mrs. A. Hill, Miss B. Richardson and Mr. J. Kozak.

The supper hour proved to be as enjoyable as the bingo games had been. Very tasty refreshments, fruit bread, ice cream and cold drinks were served and heartily enjoyed. The Legion ladies have promised to come again soon.

A church service that was impressive and inspiring in its earnestness and simplicity was conducted by several members of the Turner Chapel, A. M. E. Church of Oakville on Sunday afternoon, July 25. Mr. W. E. Milligan was in charge of the service and Mrs. V. Park played the organ. Mrs. A. Thomas and Mr. J. Richards were also in the group. Mr. Milligan offered several eloquent prayers and read the scripture lesson, which was verses 1-12 of Chapter 4 of Philippians. Mr. Milligan's sermon was based on the above verses. He began by saying that there is comfort in these verses for all those who believe in Christ. This is the kind of comfort that we need every day of our lives. The true Christian knows contentment in any plane of life in which he lives and also knows genuine brotherhood with his fellow-man. He has also the assurance taught by Christ through His Resurrection, that we shall meet our loved ones in Heaven. The musical part of the service consisted of a number of familiar hymns, the last of which Blessed Assurance, was very suitable to the sincere sermon delivered by Mr. Milligan.

### Place 313 Job Seekers Through N.E.S. Office

The Brampton office of the National Employment Service recorded 313 placements in July 1975. These were spread throughout the area served by the office which includes the towns of Georgetown, Orangeville and Shelburne.

Manufacturing industries took 127 of these workers, 30 female and 88 male. Construction called on the local office for 38 and the same number were placed in agriculture. Wholesale and retail trade absorbed 37 workers and the ever increasing service industries accepted 57 applicants referred from N. E. S. The remainder went to sundry industries.

### Raccoons Play Havoc With Sweet Corn Crop

Raccoons are causing extensive amounts of damage in plantings of sweet corn in this area. Damage occurs at night, when the coons pull down the stalks and eat at the ears of corn.

The problem of keeping the coons away is not as easy as one might think since a grower cannot afford to take extensive measures if the income does not warrant it.

The best suggestion might be not to grow sweet corn near wooded areas or in coon infested regions unless you are prepared for the consequences.

Other suggestions that might be tried are:

1. Loosely tie a couple of dogs in the corn patch so that they can run a bit.
2. Try an electric fence around the field.
3. A bright light, or a radio might have some effect.
4. Crumpled newspaper between the ear and stalk may scatter the coons when they hear the crinkling sound.

NOTE: Poison should not be used since coons, dogs, cats, etc. will also eat these, and serious damages could occur.

### Can't Mail Letters Wants McNabb Street Sidewalk

A sidewalk along McNabb St. from Durham to Queen was proposed by Miss Elizabeth Leslie to council last week.

Miss Leslie explained that since a mailbox has been moved from her street to Queen she has trouble posting letters.

"It's a reasonable request," said Mayor Gibbons. "Many owners on the street have suggested it."

Cr. Young told Miss Leslie she should bring a petition.

"We can't put in a \$1,000 sidewalk just because one lady wants to post letters," he said. The request was turned over to the road committee.

The choices of recreation offered by the forest are very wide including hunting, fishing, camping, painting, photography nature study, swimming skiing, and boating.

## Harley Readies Plans to Finalize Drug Study

Ottawa (Special to The Herald) — Unless a federal election intervenes this fall, the House of Commons' committee on food and drugs will be ready to move into high gear as soon as parliament reconvenes September 27.

Dr. Harley Harley, MP for Halton, and chairman of the special committee, was in Ottawa this week making final arrangements for the committee's hearings into the cost of drugs in Canada.

He said the first meeting of the committee has been scheduled for Tuesday, September 28, the day after parliament reconvenes. Initial hearings will be Canada's minister of national revenue, Z. J. Benson.

As a major part of the committee's investigation it will deal with the 11 per cent sales tax on drugs. In his last budget, finance minister Walter Gordon said the committee would be asked to look into the effect of the sales tax on drug prices and to recommend whether the tax should be removed. He came under opposition fire for not removing it immediately in his budget instead of waiting for the committee to report.

Dr. Harley said Mr. Benson would give evidence on the sales tax and also on the question of tariffs on drugs imported into Canada from other countries.

## Says Anthracite Filter Treatment Best for Rust

Recommendations of the Proctor and Hedfern engineering firm are now in council's hands for a proposed plant for removing iron rust from Georgetown's water.

A coarse anthracite filter treatment is recommended to overcome a pecky problem which has affected the town's

### Some Auction Sale!

(Published by request) A city man who bought a farm, found that agriculture did not return the promising dividends he had hoped for, consequently he decided to dispose of the whole lot. Here is the list he took to the printing office:

- Jersey mare, 20 years old; 2 Berkshire colts, 10 years old; 1 team of mules, one with red hair and some freckles, the other crossed; 11 DeLaval cows with ice cream attachments; 2 I.H.C. riding heaters, good as new; 10 Plymouth Rock milk cows; 4 Yorkshire yearling calves, 6 years old; 72 Berkshire sheep; 24 dapple grey Monorky chickens; 10 Holstein Jersey roosters; 1 Durham hen, soon fresh; 1 John Deere binder, with fuel; Poland China hobsleigh, good layer; 1 cultivator that can be ridden or driven by children; 1 riding dray; 1 new cutter, runs fine if driven slow and smooth; 2 fallen top buggies, one which has fallen; 1 plow with Valentine founce; 1 right handed pig scraper; 2 old cultivators, coming in soon; 1 wheelbarrow, can pace, trot or gallop, and not afraid of Ford cars; 1 broken milk stool; 2 empty corn cribs with springs complete; 1 rocking chair, better than new with a game leg; 1 fleece-lined cupboard without shelves; 2 leaking unwashable milk pails, good as new; 1 left handed pancake turner; three broken soup dishes; 1 piano horse; 10 ds. canvas belting, better than new; 1 well 25 feet deep; a number of post holes; 1 green cat and other articles too valuable to mention.

Free lunch at noon, 15c a piece. All sums of \$25.00 and under cash, and over that amount 9 months to pay it in at 7 p.c.

Mr. Haycede Johnson, Clerk  
I. C. Maginty Auctioneer

Ontario's forests fall into 3 main regions — the Boreal Forest, the Great Lakes-St. Lawrence Forest, and the Deciduous Forest. Each is affected by its own peculiar climate and tree species.

### Leafy spurge

Very often we are the least familiar with some of the most harmful shrubs and plants. For example I think I'm safe in assuming that the majority of the people in Ontario could not recognize either Common Barberry or European Buckthorn. This would also be true of "Leafy Spurge" which is probably the hardest weed to control in the province.

It has been classed as public enemy No. 1 in the war on weeds. This persistent perennial is listed as "Prohibited Noxious" in the Canada Seeds Act which makes it illegal for even one "Leafy Spurge" seed to be present in any seed offered for sale in Canada.

I must admit that I have confused this weed with "St. John's Wort" as they both grow in thick yellow patches. Leafy Spurge however can be distinguished, even as you drive along, by the yellowish green tint to the flowers. Upon closer examination we find that the yellow green colour is in the upper portion of the plant and is the mass effect of small leaves that bracket the flowers and flower branches. The plants grow from one to two and a half feet in height. The real test to identify "Leafy Spurge" is to break open a stem or one of the long narrow leaves and a thick, sticky white milk will appear.

This weed spreads by a very tough underground root system and is very hard to kill either by cultivation or with chemicals. The best time to attack "Spurge" is when the first small patch appears. Ordinarily 2-4 1/2 sprays give a small measure of control but soil sterilant types of herbicides are necessary to get a complete kill. Sodium Chlorate Mixture, Simazine or Atrazine and Karamex are re-

commended treatments in the Ontario Department of Agriculture bulletin No. 75.

Someone has said that "Leafy Spurge" used to be planted as an ornament in pioneer cemeteries. This may be the way it was introduced to this country as I first learned to recognize it in an abandoned cemetery which has since been re-nated.

## ANNOUNCEMENT

ONTARIO

# Ontario Hospital Insurance will now cover dependent children to 21st birthday

Beginning September 1, 1965, benefits under the Ontario Hospital Insurance "Family" premium will be extended to cover eligible unmarried, unemployed dependent children until they reach their 21st birthday (rather than to the 19th birthday as in the past). This will apply, also, to the supplementary "semi-private" coverage for which some residents remit additional premiums to private carriers through the Commission.

Separate premiums will be required when such dependants reach age 21, or marry, or become regularly employed. Applications for registration are available in hospitals, banks, Province of Ontario Savings Offices and Commission offices.

The Family premium, however, will cover a person over age 21 who is dependent upon the insured parent or guardian because of physical or mental infirmity, provided he or she was the insured parent's dependent before age 21.

**Refund of Premiums**

An unmarried, unemployed person who will now become eligible as a Family dependant under age 21 because of this new regulation, and for whom separate premiums have already been prepaid beyond September 1, 1965, is entitled to a refund of premiums back to that date. Means must be requested as this is the only means of identifying those eligible. The form at the bottom of this announcement is for the convenience of Pay Direct members in claiming this refund. Premiums prepaid through a group (other than as an employee) will be refunded through the group.

**Note:**

Commission literature is being changed to show the new age limit. In the meantime, please read all references to age 19 in existing pamphlets as "age 21".
