COMMENTS ON 'TOTAL' LOOK

— Peter Jones Photo

ANN DRAPER of Silver's Department Store displays a moderate version of the upped hamline as the staples on the new stock.

The "total" look in fashion is the name the world of fashion has attached to a short skirt three to six inches above the knee, worn with a matching sweater and stockings, and sometimes a matching tam. What do you think of this latest innovation?

MRS. W. PACHOLOK — Evelyn Shoppe, Main Street. I'm all for them. They're much better than having the girls going around all winter in Bobby socks. At least the long stockings keep them warm. However, they are strictly for teen-age girls going to school.

MRS. H. HELFANT, Delrex Blvd. It's okay for anyone under 30, but above that age — never.

MISS GLORIA ZILJO No, I don't like them at all.

MISS LILIAN WATSON — Silver's Dept. Store. I think they are terrific for the teen age group. We are having enquiries all the time, and we expect them to sell like hotcakes.

MRS. ALICE BULMER — Cotton's. They are selling very well, but they are strictly for teenagers. They can have two or three outfits just by changing the sweater and stockings. Above all they are a lot warmer than bare legs.

MRS. PAT EVERSON I think they are cute, but you have to be right size to wear them.

WENDY EARL No I don't like them at all.

MRS. DOROTHY CALDER — American Dress and Fur. We haven't got them in yet, but I think they're pretty cute for young people.

MRS. J. SINCLAIR — Delrex Fashions. We have the matching sweaters and stockings, but the skirts aren't specifically three to six inches above the knee, but they are shorter. It's strictly the young teenagers who want them.

Some men on the subject, who asked to remain unidentified, said they were looking forward to seeing them.

Name Committee Convenes New Presbyterian Group

A prayer that the new Presbyterian Church of Canada would be found worthy was voiced by its newly-elected Moderator, the Rev. Robert McMillan, at its inaugural meeting in the Presbyterian Church, Brampton, on Tuesday, September 14.

Formed by action of the 91st General Assembly of the Presbyterian Church in Canada, the new Presbyterian Church was carved out of parts of the Presbyteries of West Toronto, Orangeville and Guelph, and comprises all of Peel County, all of Halton County except Burlington and the southern part of Dufferin County.

Dr. L.H. Fowler, of Aurora, in bringing the greetings of the Clerk of the General Assembly, pointed out that the Presbytery today carries out the same basic functions as it did in the early post-reformation days, but that there were many additions to its responsibilities and that there was need of additional personnel to administer its works, which he saw to be of vital importance to the church.

An interesting event was the presentation by the Rev. F. E. M. Anderson, Moderator of West Toronto Presbytery, from which the bulk of new Presbytery was drawn, of a specially made moderator's gavel. The wood of the handle was brought over by United Loyalists and that of the head was from the spire of the old St. Andrew's Presbyterian Church in Niagara-on-the-Lake, burned during the war of 1812.

The initial organization of the Presbytery was accomplished and the following from this district were named conveners of committees:

Fathers Integral Part of Classes for Parenthood

The first of a series of nine classes for expectant mothers will be held on Thursday October 7 in Knox Presbyterian Church, the Director of Nursing for the Halton County Health Unit, Miss Grace Levey announced this week.

Miss Levey said the classes are designed to assist parents to "anticipate the birth of the baby with confidence through knowledge and understanding."

"Many parents recognize the need for this knowledge to prepare them for the responsibilities of parenthood," Miss Levey told The Herald. "They are becoming increasingly aware of the relationship of health to successful, happy living," she said.

Miss Levey said the Health Unit collaborates and solicits the support of family physician and other professional workers, who for health reasons share in this family education programme.

"The fathers are invited to attend two of the classes," Miss Levey said. "We are very pleased with the attendance and interest displayed by the fathers. Mimeographed copies of subject material is provided to the mother after each class session, and there is an opportunity for fathers as well as mothers to share in information discussed in each class," said Miss Levey.

In their home visiting program the Public Health Nurses offer instruction and guidance to mothers who find it not possible to attend regular classes.

"We hope that through our efforts, and efforts of others concerned with this group, we have made significant contribution toward the promotion and maintenance of healthful family living," the Director of Nursing commented.

The first factory built in Canada was a textile factory built in 1703 by Madame Pierre de Repentigny of Montreal.

A PUBLIC MEETING OF Halton County Liberal Association
will be held on
Tuesday, September 28th
at Nelson High School, New Street

Children's Aid Services Explained to Hospital W.A.

A film showing examples of problems facing families with children and the resulting situations which require the services of the Children's Aid Society was viewed by members of the Georgetown & District Memorial Hospital at the first meeting of their new season Tuesday Sept. 14.

The film entitled, Children in Jeopardy, was presented by the Auxiliary's guest speaker Mrs. Gilmore and Mrs. Wloszczyński of Halton County office of the Children's Aid.

In a discussion period Mrs. Gilmore said that as a rule the society worked toward remedying the problem in the home and leaving the children with their parents rather than placing them in foster homes.

The Society has the authority to step in when a child is being neglected or abused, but such a situation only comes to their attention when a complaint is made to them.

During the business at the meeting the Auxiliary made a new pledge to the hospital worth \$3,000. This money is to pay for the installation of a system for piping oxygen in Wing A and the emergency room, and will also purchase a "Thermo-Patch" mending machine which costs \$1,000.

The Auxiliary pledge of \$3,000 to outfit the hospital's Physiotherapy Dept. was paid off last year.

A number of fund raising projects will help beef up the Auxiliary coffers this fall. A major one is the Sept. 24 Fall Musical to feature Tom Darole, Tom Trouton, Pat Grady, Lois Elliott, Clay Gooling, Sandra Gooling, the high school band, and Milros Armstrong.

Lois Elliott, age 10, is one of two new performers and will sing a medley of music from Mary Poppins with Sandra Greig. Also a newcomer to the show is Clay Gooling, a flamenco guitarist. Mr. Ivan Long will direct the high school band, and the musical director will be Ralph Ursel.

Also on the fire is an Opportunity Sale in October or early November with Mrs. George Hewson the convener; and a bake sale to be held September 29 in the hospital cafeteria, Mrs. Reg Broomhead the convener.

A letter from the nursing staff thanked the Auxiliary members for a utility cart and mentioned

that the item has been very useful to the staff.

Mrs. Gordon Sampson, director of volunteer services, reported that all services had operated smoothly through the summer, but more volunteers are urgently required to help in the hospital.

She said there is also a need for more Candy-stripers, a group which has been a popular addition to the hospital service.

Mrs. Sampson said the new evening visiting hours at the hospital should prove more convenient to the busy volunteers. The new hours are from 7:00 p.m. to 8:30 p.m.

Novral Jerseys are Top Producers

Two Novral Jersey cows had the best production records of all Canadian Jerseys for the month of August according to a news release from the Canadian Jersey Cattle Club.

Rosegate Bijou Lady, a daughter of Generation Sir Bijou, owned and tested by Mac Alexander, Novral had the highest record in Canada in the senior two-year-old class.

"At two years 296 days, in 306 days, she produced 11,032 lbs. of milk, 600 lbs. fat, 5.44 per cent — a Silver Medal Record.

In the junior two-year-olds the highest record was that of Rosegate Eunice G. B., another daughter of Generation Sir Bijou, also from the herd of Mac Alexander.

She produced, at 2 years 173 days, in 305 days, 10,585 lbs. of milk, 590 lbs. of fat, 5.57 per cent, thus qualifying for a Silver Medal.

It's a Volkswagen.

A fastback Volkswagen.
A twin-carburetor Volkswagen.
A family Volkswagen.
A bucket-seated Volkswagen.
An engine-in-the-rear Volkswagen.
A fun-to-drive Volkswagen.
We call it the 1600 fastback sedan.
1600 because that's how big the engine is. Fastback because that's the way the back is. And sedan because it's not a sports car. Although it has a lot of sports car features.

Like a fully-synchronized four-on-the-floor. And four-wheel independent suspension to take the bend out of corners. And front wheel disc brakes that stop you effortlessly. And the comfortable bucket seats we've already mentioned.

Then what's sedan about our fastback sedan? Let's start with room. It seats five. Or two adults and as many kids as you want to stuff into the back seat.

There's 17 cu. ft. of luggage space. A fully instrumented padded dash with electric clock. Carpeted floors. And seat backs that adjust to seven different angles.

These are just a few reasons why our new fastback is a sedan. And a sporty car.

After you've driven one hard for a few years, you'll know why it's a Volkswagen.
