

Over 200 Canvassers Seek Support in YW-YM Campaign

Tomorrow night the fourth annual fund drive of the Georgetown and District YMCA-YWCA gets underway. The culmination of months of planning will be put before the public.

It will be up to the people now, to show with their donations, whether they believe the Y program deserves their support.

A great number of people, over two hundred of them, have volunteered their time free to work in the canvass. The campaign has been planned by a committee under the chairmanship of Cec Walker.

The chairman of the various canvassing groups are: Graham Farnell, Residential (Georgetown); Helen Atkinson Residential (District); Helen Van Sickle, Out-of-town; Greame Guehlin, Commercial; Tom Niven, Industrial; and Rev. Kelvin Johnston, Special Names.

Over two hundred canvassers have volunteered to do the actual leg-work of knocking on doors and contacting the citizens for their donations. They have even donated their time to training sessions. Two sessions were held at St. John's

United Church Auditorium, one last Thursday night, one last Monday night. Both were informative, and were greeted with enthusiasm.

The service clubs, busy as they are with their own work and programs, have pitched in, to make this a truly co-operative district effort. Among those actively participating in the canvass will be the Rotary Club, the Lions Club, the Junkey Chamber of Commerce, and the Legion.

Ed. Wilson, a well-known local man and an accomplished public speaker, was available to go to the various service clubs and explain the work and needs of the Y to the members. Several organizations showed their interest by availing themselves of this opportunity.

The kick-off night will be Friday, when all canvassers will meet at Georgetown's District High School Cafeteria before they launch their canvass. Featured guest of the evening will be Les Vipond, present General Secretary of the National Council of the YMCA. Mr. Vipond has been in active Y work

over 27 years, and is quite familiar with the area, for he used to be Executive Secretary of the Toronto West End Y, and worked at their camp at Norval from 1928-1941.

From 1941 to 1945 he was executive secretary of Halifax Y; from 1945 to 1947 he was general secretary of Maritime Association; from 1948 to 1951 he was Boys Work secretary with the Y's National Council of Canada; from 1951 until 1957 he was permanent secretary with the National Council, and in 1958 he was appointed General Secretary of the Y for All Canada.

Thermometers will be placed at two strategic locations in town, so that everyone will be able to follow the progress of the campaign as it aims for the objective.

The most encouraging sign that this will be a successful campaign comes from E. W. "Nick" Carter, the Y's Program Director. To date, over \$600 has come in from various sources in cash donations — even before the main campaigning has begun.

Two are Injured in District Accidents

Fifteen-year old Thomas Morrison of Goldie Avenue, Guelph, received a fractured pelvis when struck by a car while walking along Highway 7 near Acton Saturday night.

The youth is listed as in fair condition today. Driver of the car was Brian Hammond of R.R. 1 Campbellville.

Arts and Craft Exhibit Discussed by Committees

Committee members of the Georgetown Arts and Crafts Group met recently to plan the Fall Exhibit to be held next month. This day has become one of the most looked for events in Arts and Crafts circles throughout Ontario. This year many new features have been added, and it is hoped to have several thousand people, both from Georgetown and other centres, view the many exhibits and demonstrations.

The various committee chairmen gave their reports and included an interesting one from the exhibit head, who announced that she had arranged for exhibits in more fields than ever before, and that among them would be demonstrations of - Pottery, Decorating, Leather Carving, Ocarina Portraits, Box Looms, Lino-Block Printing. Exhibits will include creative leather, textile design, weaving, for ceramics, silver, leather jewellery, jig saw puzzles, Pottery and oil painting.

The convener of special attractions reported that an outstanding silversmith, copper enamelling experts, would be present, along with a number of unique and fascinating unusual crafts would be there.

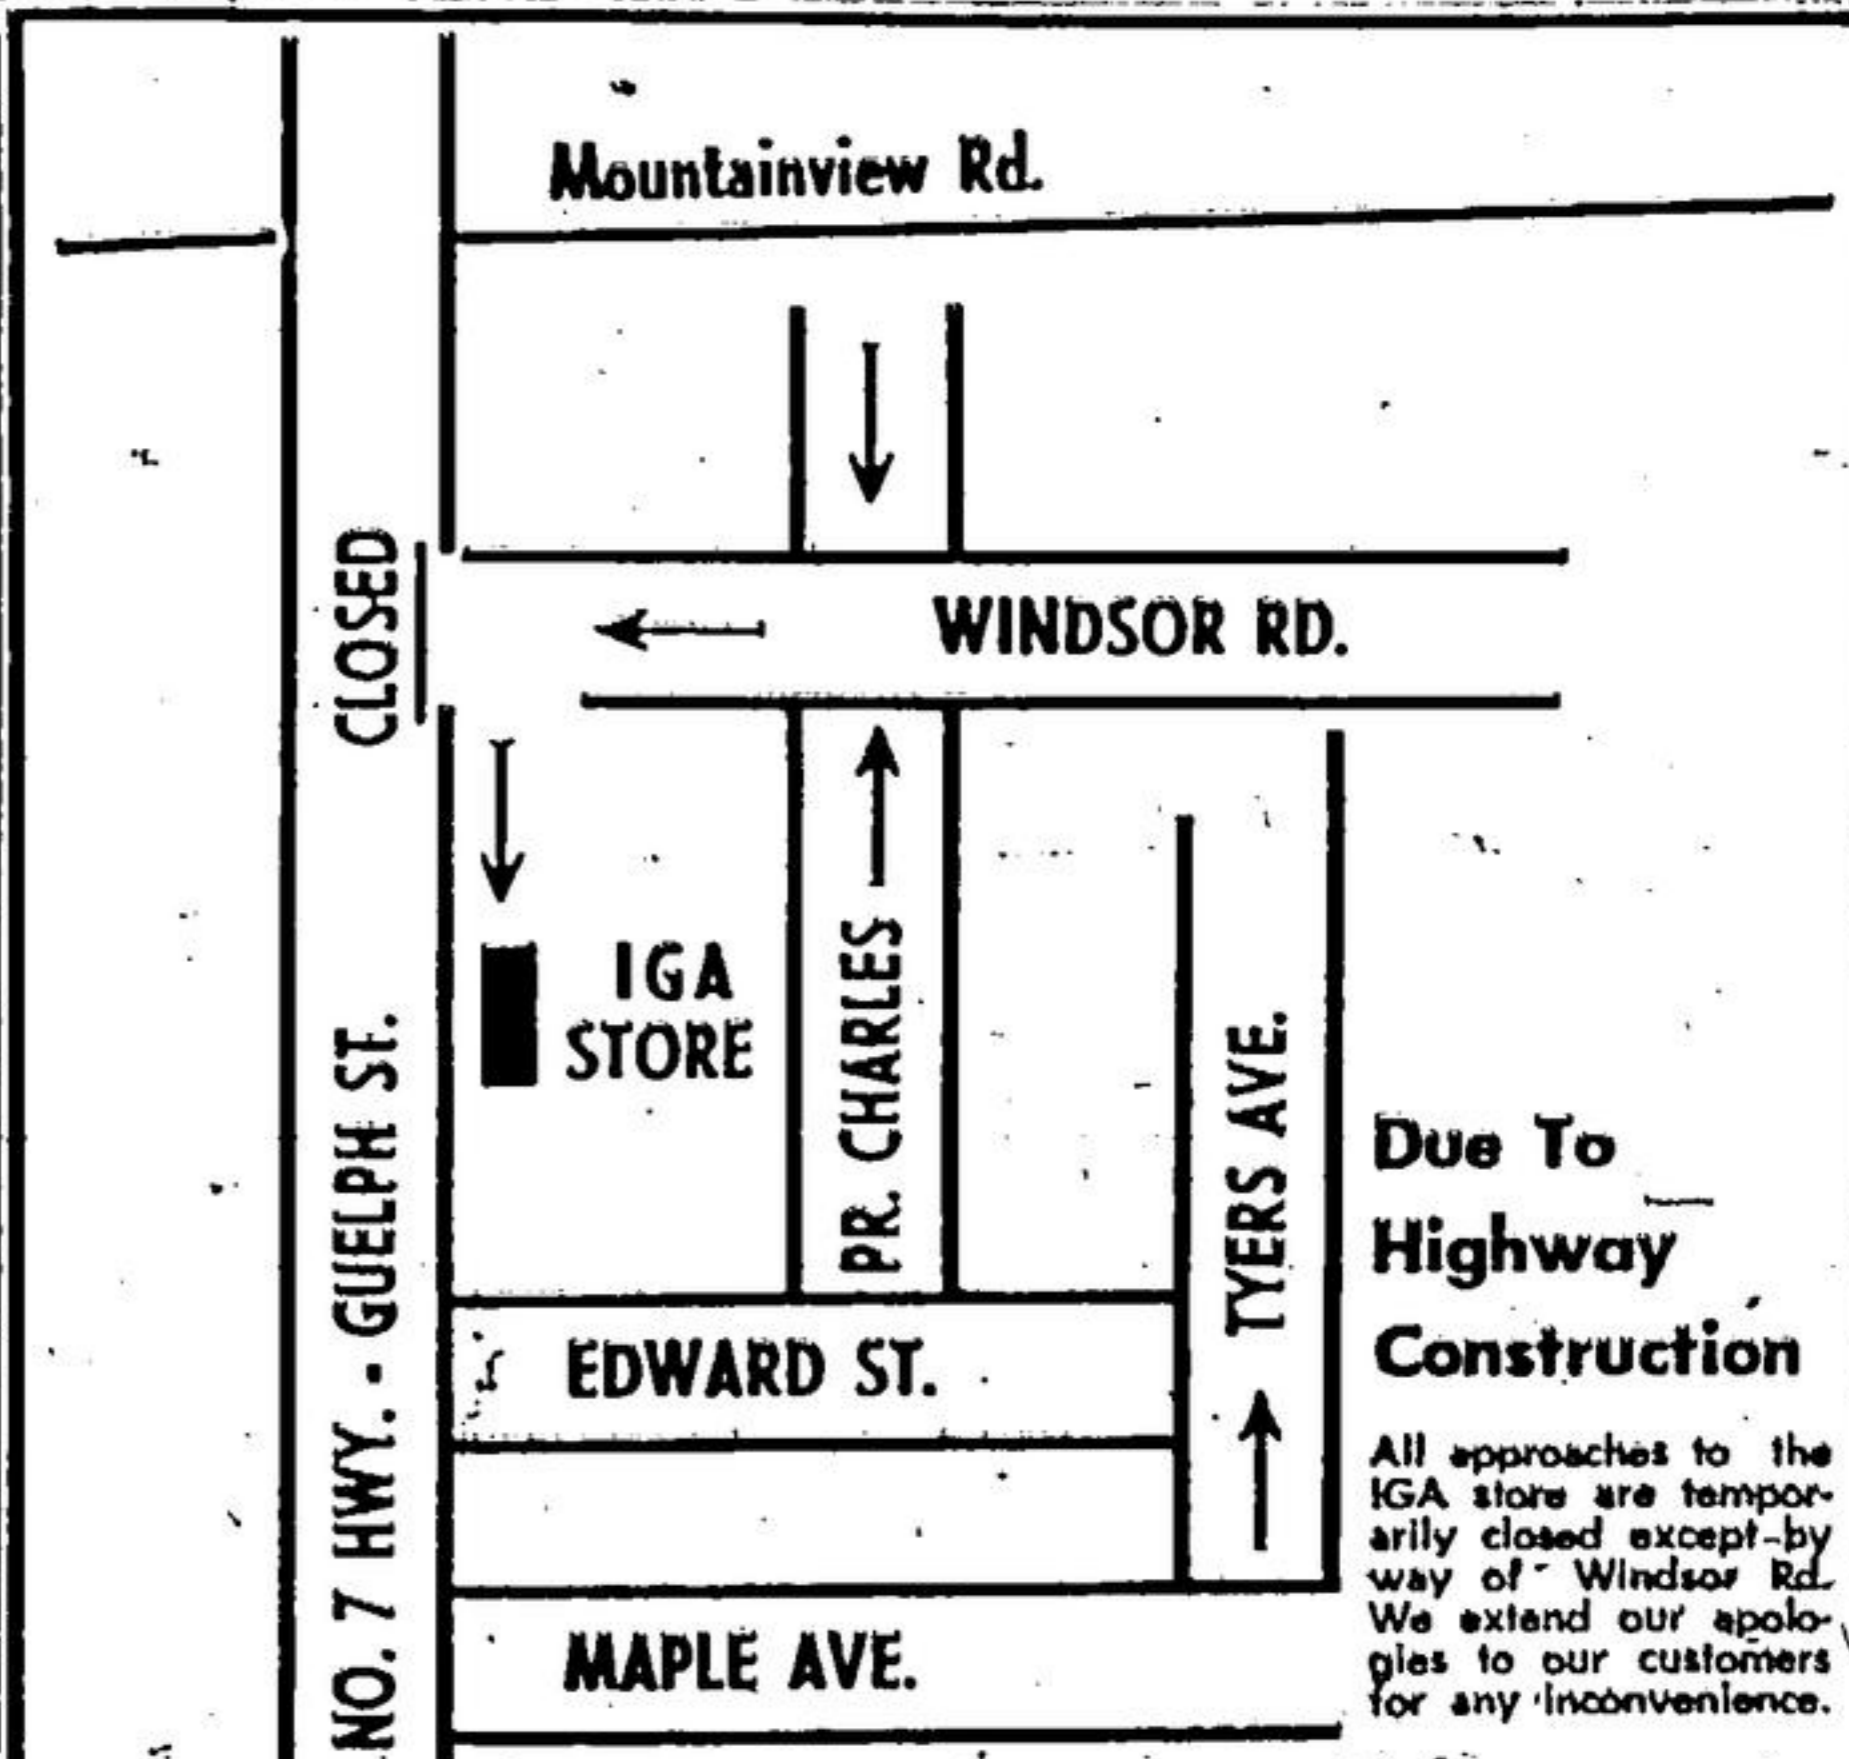

She also reported that there would be demonstrations of spinning wheels, semi-precious stone and Canadian Institute of the Blind display, as well as a large display of toys.

Publicity chairman Mrs. Les Clark reported that at least two TV stations as well as several radio stations had been most cooperative, and one TV station is anxious to film parts of the affair.

A number of the members of the group are expected to appear on TV and be heard over various radio stations, demonstrating and speaking on their various crafts.

This year special emphasis is being made on crafts interesting to district people. It is hoped this way to interest more people in this large field.

The arrangements convener reported that the Rivers Hall had been booked for both the morning and afternoon of October 16th and that coffee would be available in the morning and afternoon tea would be served as usual.
