

**West Nassau
Wives to Institute**

Women's Institute... Mrs. Robert McDonald... The program took members on a tour of the western United States and back through Canada in movie shows by Mrs. Bruce Ketter who made the trip by car and had taken the pictures. She also showed pictures taken on a trip to Nassau.

St. John's church guild are busy at their meetings getting ready for the annual bazaar, bake sale and tea which will be held the first Saturday in November. As part of their fund raising project, there was a draw on a unbrothered tea towel which was won by Mrs. Bruce Beckett. They now have a good supply of their cook book on hand and available from members.

TORIES HOLD OPEN HOUSE FOR CANDIDATE

LAST THURSDAY NIGHT'S Tory meeting was a highly informal affair, with the candidate chatting to guests over coffee. Picture above shows L. Mac McKinnon talking to PC local proxy, Doug Latimer and standard bearer Mayor Al Masson. Oakville. Last week saw Tory candidate Al Masson of Oakville in town and district for several days. He spent several mornings in the township and was in Georgetown all day Thursday, climaxed by a 'Meet the Candidate' night in the Legion Hall on Thursday evening. This was attended by an excellent crowd. Coffee and sandwiches were served and the candidate greeted each of those present. He later gave a short talk to those present. He was introduced by president Doug Latimer, of the local Conservative Association. Mr. Masson briefly outlined P.C. policy, and promised to do everything he could to bring honesty back to our government. Still campaigning in the north of the county, he visited a number of activities on Saturday, including the Art & Crafts Exhibit in the Riviera, Norval

Can't Afford is Esqueusing's View Road Improvements

After pouring over maps showing four alternate schemes for improving the Esqueusing-Chingacoucy townline from Terra Cotta Inn, up to the Conservation area, Coun. George Currie, turned to his fellow Esqueusing Councilors Monday night and said, "Why do we bother looking at maps, we can't afford any of them."

The rest of Council echoed his sentiments. "I can't see spending this much on a road used only for two or three months, when roads used every day by our residents need work," commented Reeve G. Leslie.

"The cheapest estimate gives us that as \$26,000 and before it is done it would be forty thousand," added Coun. Currie. "We've got 143 miles of road in the township," he continued, "and 143 need fixing." In conclusion he demanded, "How much traffic is there in the winter time?"

You're stealing my thunder, joked the Reeve, who went on to explain he had tried to have this road brought into the County system, but had not succeeded. Estimates on the cost ran from \$262,284 for the cheapest scheme to \$700,000 for the most expensive. The cost would be divided as follows: 80% from the Department of Highways, 10% from Chingacoucy and 10% from Esqueusing.

Urge Unions Here Boycott Oil Firm

Delegates from labour unions at a District Labour Council meeting Thursday endorsed a labour council executive board recommendation resolving that all affiliated unions go on record to boycott British American Oil Company products and return B.A. credit cards to the company.

The resolution also urged local union members to influence their acquaintances and relations to follow suit. Said Brother John Kane, president of Local 9-363 of the oil, chemical and atomic workers union which represents the area refinery workers, "Your support will aid us in our just dispute with the B.A. oil company and our membership will notice your demonstration of solidarity."

The delegates further authorized a donation of several hundreds of dollars to the New Democratic Party Federal Election Campaign Fund. Token donations were also made the striking retail sales clerks of local 206 on strike against IGA stores in Ottawa, the Toronto Human Rights committee and to the Oakville United Appeal Campaign.

Toronto, chosen as Ontario's capital in 1793, showed no significant growth until the railway came in 1850.
