SHERIDAN TREES WILL SHADE WORLD FAIR GOERS

ONE OF THE TRUCKS which thousands of saplings and shrubs from Sheridan Nurseries' Glen Williams' farm will be transported by, to the site of the 1967 World's Fair at Montreal this month is loaded with young trees before starting the long trip. Expo '67 and all of its exhibitors are buying their trees and shrubs from the local farm. The huge job of transporting the thousands of items of nursery stock to their new home began last week. By the time Expo opens, the once barren island on which it's situated will literally have a forest of Glen Williams trees.

Leaver Holstein Herd Has Top County Record

The highest scoring Holstein herds on Record of Performance have been announced for the year ending Feb. 29th, 1965. The winner for herds with 20 or more records completed, was George and L. H. Leaver, Campbellville. Their twenty-three records averaged 15,501 lbs. of milk; 500 lbs. of butterfat, 3.81 per cent. This is a breed class average of 143 for milk and 147 for fat. Thus these cows have averaged over 40 per cent higher than the average for all Holsteins of that age.

In second place, Jim Carney, Georgetown, 28 records of 15,085 milk, 556 fat, 3.69 per cent, for a BCA of 137 and 138. This outstanding herd was dispersed earlier this year.

In third place, Tom H. McGee, Norval, 23 records, 14,658 milk, 528 fat, 3.74 per cent, for a BCA of 135 and 138.

In the section for under 20 records completed, C. Anderson, Terra Cotta, had 10 records, 14,116 of milk, 548 of fat, 3.88 per cent for a BCA of 135 and 143.

Next was Fred Nurse, Georgetown: 11 records, 15,054 of milk, 538 of fat, 3.57 per cent with a BCA of 140 and 137.

In third position Howson Ruddle, Georgetown, 13 records, 14,214 milk, 527 fat, 3.71 per cent, for a BCA of 135 and 136.

Certificates will be presented to these breeders at the Annual Meeting of the Halton Holstein Club.
