Candlelight Birthday Party as Power Fails
 One Georgetown girl will have no trouble remembering the day of the big hydro interruption which blacked out a large portion of eastern Canada and the States for a couple of hours.
 Brenda, daughter of Mr. and Mrs. Bob Hedley, 7 Brucewood Road, was entertaining at a party to celebrate her sixth birthday when the power shortage started just after 8 p.m. The party continued by candlelight and Mrs. Hedley called a camp stove into service to prepare hamburgers and chips for the guests.
 Party guests were Nancy Hunter, Kimberley Harvey, Linda George, Kathy Butrey, Wendy Styles, Diane Lovell, Holly Green, Julie Ann Carney, and Wendy From.

Movies Available for Georgetown Clubs
 I'd like to remind Georgetown area church and social groups and other clubs and organizations that over 60 entertaining and educational films are available from the Bell, free of charge, for showings to your members. All are of course professionally done — many in colour — and there are bound to be several which will have particular interest for your group. One favourite is this year's main addition to the Company's film-lending library — a fascinating 20-minute film called "Communication." It shows how human beings have communicated with each other down through the ages — from the caves of pre-history through Egypt, Greece and Rome, right up to modern day Canada. The colour is beautiful, the technique avant garde, and the result is actually emotional. Incidentally, the film was produced in Canada, especially for the Bell, and certainly shows the tremendous talent this country has for the movie-making art.

A free film catalogue which describes the many films available from the Company can be had upon request. If your entertainment committee does not already have one, they need only call our Business Office at 877-2202 and we'll have one forwarded immediately.

For Overseas Calls at Christmas
 Reservations to make overseas calls during the extremely busy periods of December 24th to 26th, and December 31st to January 2nd, will be taken starting Monday, November 20th at 9:00 a.m. Reservations can be made by asking the Long Distance Operator to connect you with the Overseas Operator for the desired country. The Overseas Operator will arrange the details with you.

Because of the heavy volume of calls during the two peak periods mentioned, I would recommend that if at all possible your overseas calls be placed on other days (no reservations are required.) Many Canadian families have soldier or airman sons in Europe and Asia, and a call at Christmas time is especially important for these boys.

That Time Again!

If you want to take advantage of Christmas this year to give your family something that is really useful all year round, why not order an extension telephone for the kitchen, master bedroom, or workshop? They're only \$1.25 a month!

Arnold Blachford

Some soul-searching questions for women who don't have an automatic gas dryer

Take a few minutes to answer some simple multiple choice questions on modern automatic Gas Dryers. If you're firmly faithful to hanging your clothes on the line every washday, the going may be tough at first. But persevere! Correct answers will be found at the end of the quiz.

<p>Q: What is the fastest way to dry clothes?</p> <p>A: 1. Blow on them while they're hanging on the New Non-Fray String Em-Up Clothes Line. 2. Start the barbecue under the clothes rack as the clothes are drying. 3. Dry the clothes as fast as you wash them, in an automatic Gas Dryer. (A load of synthetics dries in as little as 20 minutes.)</p>	<p>Q: How can you save money while drying clothes?</p> <p>A: 1. Put your pannies in the cookie jar. 2. Sell treats to the neighbourhood kiddies. 3. Dry clothes for about a penny a load in an automatic Gas Dryer.</p>	<p>Q: What is the easiest way to watch your weight while drying clothes?</p> <p>A: 1. Walk 42 miles a year from washer to clothes line. (Survey-proven method.) 2. Sleep five times when reaching for each clothes-pint. 3. Make a salad-leaf and celery-heart salad while the automatic Gas Dryer fluffs up the last load.</p>
<p>Q: What is the most economical clothes dryer?</p> <p>A: 1. A fan with four-foot blades that takes only two men to move. 2. A clothes dryer which requires a special three-wire circuit, gives laundry rooms a steam bath and has a complicated mechanism. 3. A Gas Dryer which can be simply connected, vents steam out of laundry rooms and costs less than other mechanical methods.</p>	<p>Q: What is the best way to dry clothes wrinkle-free and sensibly-pressed?</p> <p>A: 1. Sprinkle the clothes with a child's water-ink can before ironing. 2. Iron only when the sun is shining. 3. Dry the clothes in a lint-free automatic Gas Dryer which waits away moisture so gently that Wash'n Wear clothes never need ironing... other washables need very little ironing, if any at all.</p>	<p>Q: How can you have the most fun on washday?</p> <p>A: 1. Donate the washing to a charitable organization. 2. Visit an out-of-town friend and hope your husband will do the washing. 3. "Waltz Through Washday" with a modern, automatic Gas Dryer. From now to the end of December Gas appliance dealers are featuring special offers on automatic Gas Dryers. Choose from leading makes and models—all Canadian Gas Association Approved.</p>

Number 3 answers are all correct. If you choose any others there has been a conspiracy afoot to keep you from finding out about the advantages of modern, economical, automatic Gas Dryers.

Visit your gas appliance dealer, department store or United Gas Limited
