

BUILDING THEIR OWN JAIL?

GEORGETOWN JAYCES Mike Szwec, Sandy Mackenzie and Lew Mason could be building a number of things here, a semi-private jail cell, a steel umbrella for when it rains cats and dogs, or maybe a football for the jolly green giant. The frame work embracing them here will actually become Humpty Dumpty, the egg with vertigo, and will be part of the Junior Chamber's float in the Santa Claus parade, December 11th.

Will Send Delegates to Farm Leadership Course

A meeting of the Directors of the Halton Federation of Agriculture was held Monday evening, Nov. 15 in the Department of Agriculture offices, Milton.

There was a provincial meeting on Regional Planning in Toronto at the Royal York Hotel for three days, Wednesday November 17 to Friday, November 19 inclusive. The Halton directors were told that Regional Development and Regional Government would be facts of the near future. The size of the area for each development is as yet undetermined. It is as yet only under discussion.

The government hopes that it can be accomplished by evolution rather than governmental law.

Denzil Laurence and Thomas Alderson attended the provincial meeting in Toronto.

Denzil Laurence and Elmer Foster represented the Halton Federation at the Halton Plowmen's banquet.

A letter was read from Mr. Plunkett advising the group of an approaching meeting the date of which was as yet, unset.

LEADERSHIP COURSE
The secretary Roy Coulter read a letter from the Rural Learning Association. It advised the Federation that it was planning an Advanced Leadership Forum. It will be for graduates of the regular Leadership Forum. It is to develop leadership skill in people in Agriculture. They must be interested in the development of other people and interested in the community and community groups.

PLAN ANNUAL MEETING
President Denzil Laurence, Elmer Foster, Chester Early and secretary Roy Coulter are to finalize the details of the annual meeting.

Frank Hall, William Mahon, Elmer Foster and Spencer Wil-

son will be the nominating committee for the new slate of officers for 1966.

ACKNOWLEDGE AID
Letters of grateful acknowledgment were received from two of the winners of the Halton Federation Scholarships of \$100 each.

Interesting reports of the annual convention of the O.F.A. were given by Elmer Foster, Frank Hall, Denzil Laurence and Mrs. Viola Alderson. Good discussion followed on the various resolutions and the decisions reached by the convention. It was felt more thought should be put into the resolutions before they are presented to the O.F.A. to be dealt with.

Some Thoughts on Choosing Candidates for Council

14 Union St.
November 24, 1965

Dear Mr. Editor:
Once again the Town of Georgetown faces its annual flurry of local political activity as election day approaches. With a full slate of candidates for council it should be an exciting election.

In line with tradition the candidates are promising representation, hard work and boasting of their experience. The conduct of campaigns, however, raises some pretty fundamental questions about the nature and purpose of municipal government.

For instance, what does your candidate mean when he promises to represent you on council? How does he intend to discover what your opinion is on the various matters that come before council? If you have never met or spoken to the man how can he possibly claim to represent your opinion? Assuming he has met this challenge, is he able to articulate your opinion in council debate?

When you vote in a federal or provincial election your vote is in effect, cast for the party

policy. Presumably the policy of the party with the most seats has the general support of the electorate. But in a municipal election such a consensus is not available. All too often an elected representative arrives at an opinion and then projects that opinion upon his constituents so that what he is really representing is his own opinion and not that of those he represents.

The town council is, or should be, fundamentally a policy making body. The town has paid administrators to implement policies and programs. Councilors need not spend their time worrying about implementation details. They need all the time they can spare, and probably more, to devise programs to suit the needs of the town, to plan for its future to correct the mistakes of the past.

Any council, and particularly the incoming council, will have to make decisions which will be very unpopular with a good number of the electorate but in the best interest of the town. The councilors will receive much criticism, sometimes malicious. Is the candidate able to have his ideas criticized without
