Specialties Firm Expands, Would Build on 7 Acres

A letter from Rolling Specialties offering to purchase seven acres of Tydd Road at a price of $7,234 set off a full scale discussion on the policy of selling town owned industrial land at a council meeting last week.

In the letter, which stipulated lots 66 and 67, it was pointed out that they expect to triple their payroll next year.

On the seven acres approximately, Rolling Specialties plan to erect a 30,000 sq. ft. plant.

Almost immediately before this letter was read, a notice of intention from Delrex Developments to exercise their option on lots 66, 67, and 49 had been turned over to the Industrial Commission.

Clerk C. G. Benham pointed out that the same two lots were mentioned in both cases.

Deputy Reeve Hunter said this should be handled by the Industrial Commission. He said serious thought should be given to regulations concerning how much land can be bought in relation to plant size.

We could end up with all our land tied up and small plants", he said.

"Was this whole deal not a phony deal," queried the mayor, "we're taking land out of the tax column and putting it in the exempt column."

Reeve Elliott pointed out that if the town did not accept Rolling Specialties' $7,000 offer they would only get $700 from Delrex Developments.

Cr. Powers protested the method of land sales, stating—"There is no policy regarding real estate fees, or amount of land to be covered for the amount of land bought."

Following this Powers and Howson presented a motion that the Industrial Commission recommend to council a policy for sale of town owned industrial land, without delay.

The mayor said it was the responsibility of council to do this. In reply Cr. Howson explained that the motion was simply asking for a recommendation.

A meeting of council and the Industrial Commission was urged by Cr. Young, who felt the whole policy might be thrashed out at one meeting.

All agreed with this suggestion, but Cr. Powers would not withdraw his motion, even at the request of his seconder Cr. Howson, so the motion to have the Industrial Commission also recommend a policy to council was lost 6-to 1, in favour of a joint meeting.

Job Openings Exceed No. of Skilled Workers

Despite their general shortage of labour in the area, the area Office of the National Employment Service recorded 300 job placements during November of 1965. This figure is for the entire area served by the Immigration office which includes Georgetown, Shelburne, Orangeville and surrounding rural areas.

Manufacturing industries accounted for 168 of these placements and construction took 68. Industries engaged in trade accepted 47 and service industries 22.

Vacancies exist in most skilled trades and for draftsmen, salesmen, and farm workers.

The printed word is more reliable than the spoken word and it cannot be refuted because it is easily available for rechecking. More accurate information is obtained by reading than listening.

A SINCERE THANK YOU

TO THE ELECTORS OF ESQUESING TOWNSHIP FOR MY ELECTION TO TOWNSHIP COUNCIL FOR 1966.

GEORGE CURRIE
