Parcels Down, Cards Up Holiday Mail Statistics

Only the volume of parcels handled by the Georgetown post office showed a decrease according to figures on the Christmas mailing rush released this week by Georgetown postmaster Harold Marshall.

Mr. Marshall said the number of parcels received by the Georgetown post office has averaged 5,000 or better in recent seasons, but the total when this season's Christmas rush concluded was well under that.

The number of cards and letters handled during the busy period totalled in excess of 600,000. This figure is an approximation arrived at by doubling the number of outgoing cards processed through the counting machine.

One aspect of the rush period which Mr. Marshall said he could not account for was the

late arrival here of overseas mail. He said an unusually large number of cards from out of town also arrived late.

"We had more than 10,000 cards received here at 6:30 on the morning of December 24, so consequently they were all delivered late for Christmas," Mr. Marshall said.

He said Christmas mail was still turning up in the regular mail as late as January 7.

Regarding the post office staff, Mr. Marshall said it has returned to the normal number with one vacancy being filled. Mr. Vic Greygoose started duties this week as one of the post office's seven postal clerks.

The number dropped to six temporarily when an employee of several years, Delmer French, joined the Esqueping township office.

ASHGROVE

Elect Mrs. John McNabb as Church Women's President

The first meeting for 1966 was the UCW held on Tuesday afternoon, January 4th at the home of Mrs. Vern Pickett with president Mrs. Wilfrid Bird presiding. She opened the meeting with a suitable New Year poem, then all sang the hymn "Tis Winter Now", followed by prayer. The Roll Call was answered with suggestions for next year's programs. Devotional was in charge of Mrs. Harvey Nurse based on the one hundred and twenty first Psalm. Study Book on "Babylon by Choice" was taken by Mrs. Ward Brownridge, which showed quite clearly the contrast between country and cities. Christians concerned with the future of their message will have to understand and, in a certain way love the city. A lively discussion with everyone giving their views made it very interesting. Following this Mrs. Frank Wilson presented Mrs. Linstead with a pretty cup and saucer for which she thanked the ladies. Then the retiring president Mrs. W. Bird thanked the UCW ladies for the help and support they have given her these past two years as she turned the meeting over to the incoming president, Mrs. John McNabb. Mrs. C. B. Dick thanked Mrs. Bird for the splendid work in carrying on the UCW and presented her with a gift—a pretty serving tray for which she expressed her thanks. Mrs. John Bellbobby thanked the hostess and all who had taken part after which Mrs. Linstead installed the new officers for 1966, who are:

President, Mrs. John McNabb; Secretary, Mrs. Robert Cunningham; Treasurer, Mrs. Frank Wilson; Literature and Periodicals, Mrs. John Ruddle; Finance and Stewardship, Mrs. Ward Brownridge; Parsonage, Mrs. James Carney and Mrs. Vern Pickett; Community Friendship and Flowers, Mrs. Tom Brownridge, Mrs. Arthur Ruddle, Mrs. James McPhail, Mrs. Claude Pickett; Christian Education, Mrs. Harvey Nurse; Social Functions, Mrs. V. Pickett, Mrs. W. Bird, Mrs. Clayton Wilson; Citizenship and Social Assistance, Mrs. Cecil Wilson, Mrs. John Bellbobby, Mrs. C. B. Dick; Program, Mrs. J. M. Wickson; Pianist, Mrs. James Carney; Auditors, Mrs. Leslie Giffen, Mrs. John Bird.

During Christmas week Mrs. Cecil Wilson spent a few days with her sister and husband, Mr. and Mrs. Mark Collier of Waterloo.

Mr. and Mrs. Harold Bailey and their family... nine altogether, motored up to Haliburton for the New Year week-end to visit his parents, Mr. and Mrs. Calvin Bailey.

The Summary Day for Heds for You, is being held on Wednesday, January 12th at Halton Centennial Manor when different Institutes will demonstrate the hats they have made. Mrs. C. B. Dick and her daughter, Mrs. J. H. Hunter, have been the leaders for Ashgrove W.I.

Mushroom Firm Seeks More For Rattlesnake Dam Land

The first day of a municipal board hearing to determine payment on land expropriated by Halton Region Conservation Authority from a mushroom factory was held yesterday.

The firm of George and L. H. Leaver is asking for \$65,000 for 137 acres expropriated by the authority in 1962 for a dam it planned in the Rattlesnake Point area.

A sum of \$42,000 was set as compensation for the property by an advisory board headed by the late county judge George E. Elliott but the offer was rejected.

The Leaver operation, based on a 500-acre location in Toronto Township, expanded into Halton County in 1953, locating on a 603-acre site on the Guelph Line.

David Leaver, a partner in the firm, told the municipal board the 137 acres taken by the authority were needed for future expansion.

He said more than four million pounds of mushrooms are grown by the family business, with about two million pounds being grown here.

Mr. Leaver stated that the operation in Toronto Township will be ultimately transferred to the Guelph Line site.

He noted that Toronto Township is readily becoming built up and residents are finding odours from the mushroom business objectionable.

The firm's counsel John Weir of Toronto argued that all the land expropriated except 54 acres which is in escrow is "necessary to the efficient operation of the business."

The expropriation deprived the business of 23 per cent of its land, leaving it with 468 acres.

A. H. Arrell, vice-chairman of the Ontario Municipal Board, is

presiding over the application for settlement. He is assisted by board member V.A. Millburn.

Ross T. Heine, an appraiser with Webb and Masson Limited of Toronto, stated land in the area is worth from \$400 to \$1,000 an acre depending on its gravel content.

He stated that the bulk of the expropriated parcel would be worth about \$700 an acre. Francis Beales a University of Toronto geology professor, agreed with the evaluation.

The professor stated that at least 30 acres of the seized land contains gravel at least to a depth of 50 feet.

The expropriated property forms part of Rattlesnake valley where the conservation authority plans to keep its five buffalo next spring.

Georgetown Bridge Pair Winners, Toronto Match

Two members of Georgetown duplicate bridge club were prominent among winners at a tournament on Saturday at the Royal York Hotel.

Wellington (Duke) Wilson and Bob Remington, Acton, took first place in their section both afternoon and evening. And in an over-all competition in the afternoon, which comprised 47 tables of players, they took second place.

On Sunday, with Mike Lorusso and Lloyd Keir, they entered a team competition and placed seventh among the 24 teams entered. The competition drew players from many parts of the province, Buffalo and Detroit.

A Milton team, who also play at the Georgetown club, George Soly and Harry Frost, also won second prize in their section at the tournament.

Brampton Driving Centre Speeds Licence Process

A new driving examination centre to serve Georgetown residents opened in Brampton yesterday.

The new centre, with three full time examiners, will make it no longer necessary for Georgetown and area applicants to wait until a touring examiner makes his visits here Wednesday.

The new centre will be open five days a week from 8:30 until 5 p.m., except Thursdays, when it will be open at noon closing at 5:15.

The centre will also be open in the evenings from 6:30 until 8:30 but only for issuing 90 day temporary permits. Road tests will not be given during the evening.

The examiners who have been coming here once a week from Guelph, are booked for road tests right through until March.

For Brampton residents the new centre will mean no more travelling to outside centres.

Bolton and Orangeville have no testing centres and are visited every two weeks by an examiner.

Until six years ago, Georgetown residents could obtain a driving license from the town's private examiner Art Scott, but a law was passed allowing only government examiners to issue permits.

346 Find Dec. Work By NES Placement

The National Employment Service placed 346 workers in employment during December, Mr. C. B. Fraser of the Brampton office announced today. There were 899 persons registered for employment at the end of December a drop of 5% from the November figure and down 26% from the figure shown in December of 1965.

Male placements were 187 and female 159 with 147 going into clerical and sales occupations, 23 into services, 7 into agriculture, while 22 were skilled, 65 semi-skilled, and 82 unskilled industrial and construction workers.

No applications for loan or grants under the Manpower Mobility Program have been received at the local office so far, Mr. Fraser said.
