

Hospital Auxiliary Gives \$100 Bebenek Memorial Fund

A donation of \$100 to a memorial fund for Dr. Bernard Bebenek was voted by members of the Hospital Auxiliary at their meeting on January 11th. The

Georgetown doctor was killed in a motor accident during Christmas week, and a fund has been established by the hospital board and medical associa-

tion, for a suitable memorial. Fire Chief Erwin Lewis and members of his department were guests at the meeting and

showed a film on fire prevention in hospitals. It showed carelessness that could happen on the part of hospital staff, volunteers, patients and visitors.

Anyone in a hospital who sees a fire hazard should do something about it, he said, as fire prevention is everyone's responsibility. Mrs. Robert Thompson thanked Mr. Lewis on behalf of the members.

the hospital gift shop. Mrs. Morris Goudeketter reported on the service of the Candy Strippers, a group of young girls, who assist with volunteer work, and the girls joined the meeting to see the film.

Mrs. Walter Pope reported on the library cart and asked for two volunteers to help catalogue new books that have been donated. Mrs. J. Barton reminded members that yearly fees are due the end of the last month. Minutes of the last meeting were read by Mrs. J. Mills.

used during the holiday season at the hospital. February 8th is the annual meeting and members were reminded that nominations should be mailed to the nominating committee fifteen days before that date. Mrs. W. Pope is chairman.

That Cedarvale Purchase ... Just What Did We Get?

The Cedarvale Girls School property and buildings became Georgetown's on January 6th, be groomed as this town's Centennial Project. The purchase was made from the United Church of Canada for \$80,000, approximately 50 per cent of which will be paid for by the town with the balance being shared by the federal and provincial governments.

as the logical location for a long sought after band shell. The hub of the property is the Cedarvale school itself. It originally housed Armenian war orphans after the first World War and became a girls' school in 1928. It was remodelled and an addition appended in the recent past.

It is flanked by two houses. The one on its west side, misleadingly referred to as the 'cottage', has six bedrooms, a large living room, sun porch, and downstairs, a laundry room and washrooms.

nished. The kitchens are fully equipped with refrigerators and stoves, and some of the other rooms contain such items as pianos, television sets and record players. A caretaker and watchman is living on the property to insure there will be no recurrence of a vandalism spree which did damage last year.

What did we get? The twenty acres and buildings at the corner of Maple Avenue and Main Street South will probably be the site of a lot of future activity and public functions as a community centre and park. The grounds have been mooted

The three storey building included a hall, two kitchens, large classroom with desks, a long sun room which was used as a sewing room, a dining room, a large lounge, a corner sitting room, 12 bedrooms on the second and third floors which could be used as club of-

ices, and of course a furnace room and various utility rooms and closets. The other house, a two storey farm house, contains 3 upstairs bedrooms, and bath, a kitchen, living room, den, and large downstairs bedroom, as well as a two level back shed with two small upstairs rooms.

Many of the rooms are furnished. The kitchens are fully equipped with refrigerators and stoves, and some of the other rooms contain such items as pianos, television sets and record players. A caretaker and watchman is living on the property to insure there will be no recurrence of a vandalism spree which did damage last year.

Warns Drinking Under Age Brings Stiffer Penalties

Magistrate James R. Black warned Wednesday that the Ontario Liquor Control Act has been changed to provide for stiffer penalties against persons convicted of drinking while under age.

Mr. Black emphasized the new penalties in a warning to 3 Georgetown youths convicted of consuming liquor while being minors. He fined them each \$50 including costs or ten days in jail.

Georgetown PC David Bell said the three were charged in Georgetown after he checked a car and found three part bottles of beer. He said the three youths had the odour of alcohol on their breaths.

The change in the act raises the maximum penalty for the first offenders for a fine of \$500 and 30 days imprisonment, to a maximum of \$2,000 and six months imprisonment.

"The size of these penalties should impress anyone and it certainly impresses the court. Drinking while under age is a serious offence," the magistrate said.

Changes in the Liquor Control Act were made at the last session of the legislature.

Train 22 Women as Home Nursing Aides

The Georgetown Red Cross Chapter's home nursing course which started Monday January 10 has attracted one of its largest classes this time.

Twenty-two registered for the course which is being taught by Mrs. Mary Simpson R.N. in the Georgetown Volunteer Ambulance Service station on James St. It will run for fifteen weeks.

Winter's the time ...

WHY WAIT FOR SPRING?

WINTER WORK ADVANTAGES

People stand to gain when they have renovation and repair jobs done in winter. Tradesmen are on hand, and so can be quickly on the job, and the extra care and time skilled workmen can devote to a task during slack months gives the plant or office official, or the householder, more for his money. He is also likely to find there are fewer delays in the delivery of materials, and, in the case of an addition to a home or business premises there is the likelihood of earlier occupancy
