

Tells How Women Can Help Cancer Services

Mrs. W. T. Craig Reid, 20, Crupper Court, was hostess to a special meeting of the Women's Services group of the Georgetown Unit of the Canadian Cancer Society, Tues., Jan. 25.

Miss Sayre, head of Women's Services, Oakville, was the guest speaker and outlined the various ways in which the local group could work. She told of nine services available to patients through the Society, they were: Drugs, Dressings, Home visiting, Nursing services, Lodging, accommodations, housekeeping service, home nursing service, diversionary programmes and patient transportation.

At the conclusion of her talk she showed various pieces of comfort equipment that could be made by them, for the convenience and well-being of patients.

She stressed the necessity of handling calls for help with delicacy and secrecy since patients in trouble do not want their affairs known publicly. In the local unit this has always been the practice since volunteers have no idea who the dressings they are working on are for and if you happen to be working directly with a patient, you and the patient are the only ones who know.

At a recent training seminar held for volunteer workers Lady Henrietta Banting, director of the Cancer Detection Clinic, said that "not all women can choose a career in medicine, nor in many other professions, but all can reach out into a larger world of interest and endeavour in service to the community." She also stated that in a changing world, the human need stays the same, "and it remains, and probably always will remain, for the trained, knowledgeable volunteer to fill this need." Mrs. Reid served a delicious lunch to close a most interesting meeting.

Municipal Building Addition Land Price Would Be \$6800

In a letter read to council Monday from Sam Mackenzie and Sid Silver, owners of the land adjacent to the municipal building, a strip of land twenty seven feet wide next to the town building, was offered for \$6,800.

In an attached sketch, it was shown that a two story addition providing 4,000 square feet, could be erected on the twenty seven foot strip of property.

Councillor Fred Harrison objected, saying that he understood only the price of the land was to be ascertained, and no authority was given by council to do more.

In reply the mayor stated that he had promised to find the approximate cost of the amount of square feet mentioned. "I think it's a distinct advantage to have this knowledge, and it's not costing the town a nickel," he added.

After a further exchange with Coun. Harrison, Mayor Gibbons stated "I got the answer we wanted to know, it will cost us \$6,800 for a strip of land twenty seven feet wide. I don't feel I stepped out of line at all, since I got as much information as possible, at no cost."

Avert Cemetery Erosion By Glen Flood Project

The threatened erosion of Glen Williams Cemetery has been averted through the combined efforts of the Credit Valley Conservation Authority, Essex Township and the Ontario government.

The Authority was responsible for moving the river away from the eroding bank, diverting half of it back to an old channel, then cutting through to join up with the other half of the river. This curved the river away from the bank. Stone rip-rap was used to hold the bank.

More work will be done on the river, by Halton County this time. When the County erected the new bridge, they moved it over one hundred feet to improve the traffic approach. As a result the river channel had to be moved.

It is planned to straighten out the sharp bends in the river, changing them into slow curves. In an effort to prevent ice jams, such as last year's, the channel will also be deepened.

It is felt that the combination of slow bends and deeper channel will help prevent flooding.

The Sainte-Helene, the site of Expo, was named by Samuel de Champlain after his wife, Helene.

Nurse Highest Corn Yield Middlebrook Tops for Hay

One hundred Halton County farmers attended their Annual Soil & Crop Improvement meeting at the Masonic Hall, Milton on January 19th. President Russell Hurren stressed the increased interest in the activities of the Association during the past year. Membership has increased from 76 to 128 since 1962, with twenty-one different projects carried on last year.

Prize money was presented to the competitor in the High Yield Hay Competition. Harold Middlebrook, Milton was the winner producing 8,495 lbs. of dry matter per acre on two cuttings of alfalfa. Russell Hurren, Campbellville was next with 7,830 lbs. followed by George and L. H. Leaver, Campbellville 7,830 lbs., Don Matthews, Acton 6,683 lbs., and Fred Bell, Burlington 6,368 lbs. A third cutting on the field of Harold Middlebrook gave a total yield for the three cuttings of 10,288 lbs. This project proved that over five tons of dry matter can be produced per acre from three cuttings of alfalfa under good management.

Geoff Taylor, Extension Fieldman, commented on the 4-H Corn and Grain Club during the past year. The Halton Soil & Crop Improvement Association assists with the purchase of the 4-H Club barley. Average yield of the 29 4-H Club barley plots was 61 bu. per acre with a value of \$67 per acre and an average cost of \$40 per acre. The 4-H members had an average profit of \$27 per acre. This profit ranged from \$7 to \$52 per acre.

Harvey Nurse, Georgetown received a gold watch from Doug Logsdall of the Plant Food Council of Ontario for winning the Halton High Yield Corn Competition with a yield of 147.8 bu. per acre. Prize money was presented to the other competitors in this competition — Norman Smith, Campbellville, 123.7; Geo. & L. H. Leaver, Campbellville, 119.2; Craig Reid, Milton, 117.6; Russell Hurren, Campbellville, 106.2; and Tom Foster Campbellville, 103.2.

Guest speaker Dr. John Baylor, Extension Agronomist, Pennsylvania State University, spoke in the morning on "Growing and Utilizing Crops for Silage." He stressed the relative varieties of the various crops for silage—their management, harvesting and storage.

Lunch was served by the Scotch Block Women's Institute.

Henry Stanley, Agricultural Representative, and C. H. King, Soil and Crops Specialist, presented the Annual report on the Association with comments and slides on the projects. Dr. John Baylor then addressed the members on "Let's Make Better Quality Hay."

Election of officers and directors for 1966 are as follows: Past President, Russell Hurren, Campbellville 2; President, Sam Harrop, Milton 5; Vice-President, Calvin Aitken, Acton 3; Secretary-Treasurer, Henry J. Stanley, Box 186, Milton.

DIRECTORS

Oakville: Hugh Beatty, Milton 4; Johnston Neelds, Hornby 1; Clarence Ford Jr., Milton 4; John Willmott, Milton 1.

Essex: R. C. Alexander, Georgetown 2; Sam Harrop, Milton 5; Frank Robertson, Milton 5; Earl Wilson, Norval 1.

Burlington: Fred Bell, Burlington 1; Harold Middlebrook, Milton 2; Tom Foster Campbellville 3.

Message-women: Russell Hurren, Campbellville 2; Sandy Buchanan, Moffat; Claude Ingles, Campbellville 2.

Acton District: Calvin Aitken, Acton 3.

Delegate: Tom Foster, Campbellville 3.

Alternate: John Willmott, Milton 1.

Ontario Soil and Crop Improvement Annual Convention, Coliseum, C.N.E., Toronto, Jan. 26-28th.

Maple Baptists To Salute Christian Service Brigade

The boys of Brigade Battalion No. 1235 of the Maple Avenue Baptist Church are joining with 50,000 other boys throughout the U.S. and Canada in observing Brigade Month during February. Brigade Month is a time of local recognition of Christian Service Brigades, an organization for boys 8 to 18 with 2,300 units in 48 states and 7 provinces in Canada.

The Maple Avenue Baptist Church will salute the work on February 27th in the regular Sunday evening service in which the boys and leaders will be taking part. In addition, the boys will host parents and friends at "Open House" at any of their regular weekly meetings through the month.

Mr. R. Olivier is Captain of Brigade Battalion No. 1235 for boys 12 to 18 and is assisted by Lieutenants L. Sullivan and E. Sarchuk. The stockade for boys 8 to 11 is led by chief Ranger L. Wuerch and is assisted by Rangers D. Mills, D. Davies, D. Holmes and E. Sarchuk. The Maple Avenue Baptist Church has appointed Mr. N. Palmer as Brigade Committee Chairman. Mr. E. Presley, U.

Mrs. Angus McDonald Dies at Dolly Varden

A resident of the Limehouse district all her life, Mrs. Angus McDonald, 84, died at her home at Dolly Varden last Jan. 20th after a short illness.

The former Emily Scott, she was the daughter of W. W. Scott and Rachel Arthur and was born at Limehouse. Following their marriage, Mr. and Mrs. McDonald lived near Acton, later in Limehouse and in 1925 moved to their home on the 4th Line. He died in 1934.

She leaves a family of eight children, Alex (Sandy) and Norman of Georgetown, Mrs. W. (Pearl) Lillie of Everton, Mrs. S. (Margaret) Mudda of Milton, Kenneth, Russell, Archie and Clifford of Limehouse; 27 grandchildren and 50 great-grandchildren; and three sisters, Mrs. Robert Lane, Limehouse; Mrs. Ed Hill and Mrs. Cedric Cross, Georgetown.

She was predeceased by three sons, William, Joseph and Hector, and by brothers and sisters, Walter, James, John and Joseph Scott, Mrs. Alex Dobbie, Mrs. William Hall and Mrs. Jonathan Lane.

Rev. Norman Young of Limehouse Presbyterian Church conducted the funeral service on Monday at the Harold C. McCure Funeral Home and interment was in Limehouse Cemetery. Six nephews were pallbearers, Earl and Arthur Scott, Lorne Cross, Perry Hill, Harvey Norton, and Bob Hall.

MEAT PRICES...

Stories appearing in most newspapers recently, report a continuing shortage of Meat Products in the United States — creating a strong demand for Canadian Beef and Pork. All indications are this condition will continue for an extended period. Heavy exports from Canada to meet this demand may well force even higher meat prices than presently prevail.

In the light of the above facts BLUE VALLEY MEAT MARKETS with stores in Georgetown and Brampton are urging their customers to stock their Freezers now. Our wide contacts in the Packing Industry indicate there is no prospect of lower meat prices in the foreseeable future — but that further increases in the coming weeks are very probable.

Suggests Improvements For Traffic Lights on Highway

IN THE MAIL BAG

Jan. 25th, 1966

Dear Editor:

In writing this letter to you I am hoping that those responsible will take corrective action toward a situation that I am sure has provoked a great majority of motorists in Georgetown. I am referring, of course, to the traffic signals at the intersection of Guelph and Water Streets. The Town Council has been informed about it and I have spoken to the chief of police. If the traffic signals must remain, I have three suggestions, which, as I see it, would help overcome an annoying situation.

1. Reduce the time for a proceed indication on Water Street by one half. I think that the majority of motorists approaching the signals on Water St. make a right hand turn. They can still do so on a red indicator providing they stop and the opposing routes are clear.
2. Take the advance green indication away from Water St. and put it on Guelph St. so that motorists going up the hill will have a chance to turn left on Water Street without tying up a string of cars. As it stands now, one car trying to turn left is tying up several.
3. At certain hours, for example, 12 a.m. until 7 a.m., have the signals facing Guelph St. display a flashing yellow, while Water St. displays a steady red. This is done in other small towns by the Police Dept. at approximately those hours. This prevents highway traffic in the middle of the night from having to stop needlessly.

Surely the testing period for this signal installation is over. Now let's have some imagination in setting the timing sequence for these traffic lights.

Sincerely,
—MR. C. R. CLANCY

SHEEP CLUB MEETS ELECTS OFFICERS

On Mon., Jan. 24th, the Halton 4-H Sheep Club held their second meeting for 1966 in the Ontario Department of Agriculture office, Milton.

A short history of Sheep production in Canada was given, followed by a panel discussion on sheep housing, and equipment.

Questions from the members were directed to the panel, consisting of: Lois Hunter, Verna Thompson, and Doug Gardhouse

Election of officers for the new club year were carried out, and the following positions were filled as follows:

President — Don Harris
Vice-President — Lois Hunter
Sec. Treasurer — Doug Gardhouse
Press Reporter — Gwen Kovachik

Archie McKinnon will once again be the 4-H Sheep Club Leader in Halton County this year.

Members are required to care for a flock of at least five ewes and their lambs — keeping records of production costs, etc., and to exhibit one lamb at the Achievement Day held in the fall of the year.

Expo will open April 28 and close six months later on October 27.

Hi Neighbour

WELCOME SERVICE

Recent arrivals in the Georgetown Community visited this past week by Mrs. Laura E. Dittich, of the Hi Neighbour Welcome Service.

MR. and MRS. ANTHONY EVANS are living at 5 Ontario Street. Mr. Evans is teaching at Park School. They are from Etobicoke on Tues. February 8 under the sponsorship of Christian Science Society, Etobicoke.

The lecture will be in the Richview Collegiate Auditorium at 520 Islington Ave. N. (Richview & Islington).

Mr. Bowles is on tour as a member of the Board of Lecturership of the First Church of Christ, Scientist, in Boston, Mass. A native of Chicago, Ill., Mr. Bowles withdrew from business in 1942 to devote his full time to the public practice of Christian Science healing. Since becoming a member of The Christian Science Board of Lectureship in 1968, he has travelled widely in Europe and other areas as well as the United States and Canada. His present home is Atlanta, Georgia, where he is also a recognized teacher of Christian Science.

The Canadian pavilion will have five separate theatres showing the history of our country.

Christian Science Lecture at Etobicoke

"Who Is Your Brother's Keeper?" is the title of a Christian Science lecture by Neil H. Bowles, C.S.B., who will speak in England and Mrs. Evans is an Australian.

MR. and MRS. CLIVE CRESSWELL of 19 Academy Road are also from England. They have a baby girl 18 months old. Mr. Cresswell is with Dominion Steel in Bezdale.

MR. and MRS. R. RAINE have moved to town from Chincoucou Township and are living at 14 Riverview Crescent. They have two little girls. Mr. Raine works for Benson & Hedges in Brampton.

MR. and MRS. HENDRIK KEEN of 61 Charles Street, moved here from Kettleby. They also have two little girls. Mr. Keen works for Regal Die Casting.
