

Wolf Cubs Look Back—Scouts Look Ahead at Action

THESE INDIANS AND TRAPPERS picking up supplies at a Hudson's Bay Trading Post are really 3rd Georgetown Wolf Cubs making their contribution to 'Action '66' the Scout and Cub project at the Georgetown armoury Saturday afternoon which highlighted Boy Scout Week. Cubs used displays such as this to show what life was like during the days when much of Canada was still unexplored territory. Many packs exhibited facts and figures about the explorers themselves.

THE SCOUT MOTTO is 'Be Prepared' and it was significant that their part of the day consisted of demonstrating ways of doing just that. Here the 1st Ballinfad Troop stress being prepared to survive nuclear fallout. They built the simulated shelter in front of which are all the items a well-stocked shelter should contain. A good sized crowd made up mainly of parents of the participating boys visited the park to inspect the show. Denny Lewis of the Ontario Scout executive and 60 Cubs representing two Brampton packs also dropped around.

GLEN WILLIAMS

Scouts, Cubs, Fathers Banquet at the Glen

Fifty Boy Scouts, Cubs and fathers sat down to a turkey supper in the United Church basement last Monday evening, provided by the United Church Women. Ross Giles was chairman for the evening. He introduced the following seated at the head table—Rev. H. Lewis, St. Alban's, Mr. Tom Forgrave of Glen United, District Commissioner Doug Ward, Scoutmaster Bob Hardman, Ross Colter, Rover Roger Clark, Scoutmaster's Assistant, Akela Brenda Reynolds and Caa Diane Giles. Rev. Lewis said grace. After all had enjoyed the meal they went upstairs to the Fellowship Room where Mr. Forgrave talked to them on the early missionaries who came out from the British Isles to Canada and the hardships they had to overcome. These men had good educations but he stressed how much more the boys of today need it—so, therefore, stay at school.

Scoutmaster Hardman then showed a film on the Jamboree held in Greece and then a film he had taken of his trip with the local scouts to Algonquin Park last year. A Norval Scout, Philip White, showed one on a trip to various zoos in Britain. It was an enjoyable evening of fellowship for fathers and sons.

COUNCIL BRIEFS

Georgetown council has engaged Wm. J. Walker, a retired town employee, as weed inspector this year.

Weed cutting will be handled by Guy Rodgers, who will provide equipment and manpower at a \$5.00 per hour charge.

A truck loading zone at the south end of Main St. in front of Barrager Cleaners will be restricted all day, instead of only mornings as it is at present.

Some councillors said the zone should be done away with altogether and a meter installed but the zoning carried on a 4-3 vote. Deputy Reeve Young said consideration is also being given to establishing a truck zone on Mill St. at the hotel corner also.

Complaints relayed by Cr. Smith of dogs running in packs in the eastern part of town, led to a decision to discuss this with the dog control officer at a committee meeting.

"Nice to get some compliments now and then," said Reeve Hunter as a letter was read from Mountainview Rd. residents Mr. & Mrs. Del Majury, thanking the town for cutting down a snow bank in front of their home.

The last four months of the calendar for the year's programs were planned and Mrs. Miller closed the meeting with prayer.

Country Estate Homes Planned on Hwy. 25

A plan calling for nine country-estate type homes, south of Speyside on Hwy. 25, was submitted to Esquimaux Council Monday night, by William Ollon, owner of the forty five acre site.

The lots ranging in size from two and a half to eight acres, are situated on the side of a hill, and would be serviced with septic tanks and wells.

A letter from Halton County Health Unit approved the project, providing the wells were drilled and water supply proven before construction began on each house. The wells must be at least one hundred and fifty feet away from each tile field.

Reeve George Leslie pointed out that this was not a registered plan of subdivision, and contravened the present by-law covering separations.

"It's up to you," added Cr. George Currie, "but the simplest way is to have a registered plan of subdivision."

Mr. Ollon was advised to see a solicitor, regarding the advisability of registering a plan of subdivision.
