

OLDEST SCHOOL NEARING CENTURY MARK

THE OLDEST SCHOOL IN THE GEORGETOWN Public School System is getting close to the 100 year mark. Chapel Street public school, which up until 11 years ago was the only elementary school here, has been educating local youngsters since 1868...

Was Flying Object A Meteor? Witnesses Are Not So Sure

Was it a meteor? People who called The Herald after watching the glowing green object cross the southern sky Monday night aren't so sure.

The bright whatever-it-was, sighted by people from the northern United States to Central Europe, was visible for only a few seconds. Most people placed the sighting time at close to 10:30.

Although officials at the Dunlop Observatory at Richmond Hill identified the object as 'possibly' a meteor, Georgetown area fighters are reluctant to accept the explanation.

Don Cummings of Windsor Road said the UFO was traveling parallel to the earth with an apparent yield to the pull of gravity. He and his wife were driving east on Guelph Street and able to watch it until it disappeared from sight.

He said the glowing ball had a tail about twice as long as its own diameter.

Mrs. Myles Gilson, Sarah Stone of about 60 people at an auction sale on King St. who witnessed the flight, said she came into view over a clump of trees to the south.

*One woman yelled and we all looked. It didn't look like a meteor to me, in fact I thought it was a jet," she said.

all looked. It didn't look like a meteor to me, in fact I thought it was a jet," she said.

Roy Tizzard, R R 1, Glen Williams, said the object in the sky was "barrel-shaped and moved in a straight line at a very high rate of speed. He said it didn't resemble any falling star or meteorite.

Campbellville public school principal James Watson bore out that description. He said it was geometrical in shape, but he said he noticed other details — lights flicking on and off rhythmically with small windows in the front section and appeared to be an advanced type of air machine.

In Milton, Janice Rogers, said the UFO had red and green blinking lights.

In Brampton, Bill Drysdale, a pilot said: "It was no plane, and I've never seen falling stars at this angle."

At Malton International Airport, the tower supervisor, Alan Fry, said: "It was the wrong colour to be a meteorite and it was flying parallel to the ground — and meteorites just can't do this."

Uncle was Prominent Churchman in Montreal

Mr. and Mrs. Bill Breckenridge, 93 Main St. S. were in Montreal recently to attend the funeral service of her uncle.

Rt. Rev. Monseigneur Harold J. Doran was a prominent Montreal churchman, who had been pastor of Mt. Royal's Anglican parish for ten years and an official of St. Patrick's parish. In 1957 he was elevated to the prelature as monseigneur.

He was ordained a Roman Catholic priest in 1925, and at one time was "visitor" to the English and French Roman Catholic schools in the city. A native of the city he was a graduate of the College of Montreal.

His brother James Doran of Toronto, nephews Edward of Montreal and Harold of Toronto, and his niece, Mrs. Breckenridge are his closest relatives.

Offer Reward for Car Wash Vandals

A reward has been offered for the arrest and conviction of whoever demolished a pair of paper chamois dispensers at the 25 Cent Car Wash on Guelph St. East on the weekend.

The operators of the business said the dispensers were obviously damaged by someone hoping to make a haul from their coin boxes. The boxes contained nothing since the take is collected daily, however the dispensers will cost \$100 each to replace.

The units were apparently smashed with a large bar some time late Saturday night or early Sunday morning.

Strikers picketing the E. W. Bliss company across the road told the car wash managers they noticed nothing unusual during the night.

The reward of \$50 was posted Monday. The car wash has been open for about 10 months.

Certify UBCJA Union For Cabinet Plant

The Ontario Labour Relations Board has certified Local 2679 United Brotherhood of Carpenters and Joiners of America to represent all employees of Essex Quality Kitchens at Georgetown, except office staff and other designated exceptions.

Essex Quality Kitchens recently occupied the factory building on the north side of Guelph St. near the Delrex Market Centre.

SOCIAL & PERSONAL

Mrs. Jack Gerrie, Toronto, is spending a few days with Mrs. S. B. Groat, 22 Main St. S.

Mr. and Mrs. Charles Chesney and Carl of Cleveland, Ohio, spent the weekend at their cottage in Willow Park, Norval.

Mr. and Mrs. Wes Ebelg, 45 Victoria Avenue, have just returned from a three week motor trip to California.

Mr. and Mrs. Ted Gorth, 38 Delrex Blvd. motored south for a recent holiday. They toured Florida state, and en route home spent a few days in Washington, D.C.

Mr. and Mrs. Bob Lane, 1 Terry Court, flew to Florida for an Easter holiday. Daughter Carole and son Terry drove down, meeting them for a stay at Golden Isle Beach near Miami, and the family returned home by car.

Mrs. Margaret Inglis, Galt, was a weekend visitor in town with Miss Margaret Cain, John Street East. While Mrs. Inglis was in town she attended the Domtar Quarter Century Club Dinner and the Rebekah birthday party and visited with many old friends.

Mrs. J.H. Chamberlain, 3 Market St. and daughter Janet, a student at Havergal College, Toronto, flew to Florida for the Easter holiday. They were joined at Clearwater by Dr. Chamberlain, Blake and John, who motored south, and the family returned home together.

Mrs. Ernest Sykes accompanied friends from Toronto on a trip to Salt Lake City, Utah, Easter weekend, where they attended a church conference at the Church of Jesus Christ of Latter Day Saints. Mrs. Sykes also visited her son Bill in nearby Provo, where he is attending the Brigham Young University.

Mr. and Mrs. Oliver Hunter, 17 Valleyview Rd. have returned from a motor trip which took them south through Texas and to California. They stayed at some of the well-known tourist centres such as Tucson and Yuma, Arizona, Los Angeles, San Francisco, and Las Vegas, Anaheim, California, they visited with a former Georgetown couple, Mr. and Mrs. Ted Darlington.

Mr. and Mrs. Albert Kershaw have returned home from a 38 day, 4200 mile motor tour of the eastern states of the United States, the deep south and Florida. While in Florida they spent some time in St. Augustine, Ormond Beach, Daytona Beach, West Palm Beach, Lauderdale-by-the-Sea, Fort Lauderdale, Hollywood-by-the-Sea and Miami. They were 25 miles south of Central Florida when a tornado swept across that part of the state and thus escaped the destruction it caused.

Miss Katharine Tyers, whose marriage to John Clifford Reineke took place in Holy Cross Church on April 16, was feted by Georgetown and Toronto friends at several events. Mrs. Wm. Anderson, John St. E. was hostess for a miscellaneous shower as was Mrs. James Boyle Main St. N. in the city. Miss Belle Dickson was a shower hostess and Misses June Lerch and Patricia More were joint hostesses at another shower. At a luncheon at the Rathskeller Restaurant, members of the area sales office of CN-CP Telecommunications and other CN departments, feted the bride and Mr. A.O. Leach presented her with four place settings of Royal Doulton china.

Suggest Cross-Canada Model Parliament As Centenary Project

On Saturday, April 23, five students from Georgetown District High School attended a History Club-U.N. Club convention at Bramalea Secondary School.

This convention was to attempt to provide a "meeting of the minds" for club members from the various schools in Halton and Peel. It was presented as a Georgetown motion that there be a loose federation of History-U.N. Clubs established in the area in order to coordinate activities and speakers.

Other ideas were suggested to be considered at a later date, such as holding a cross-Canada model parliament as a centenary project.

Students attending from Georgetown were Don Young, Roger Smith, John Riley, Lesley Burch, and Tony McAuley. Next week as well, Georgetown students are attending a Model U.N. assembly to be held at Oakville-Trafalgar High School.

Students Express Interest In Interprovincial Visits

Last Thursday, April 21st, about 40 students interested in the exchange program between Ontario and Quebec met in the school library during the lunch hour. Mr. Hatton, Regional Director of the Canadian Council of Christians and Jews, lectured to students on the program.

The purpose of the organization is to promote better understanding between the people of Ontario who speak English and the French-speaking inhabitants of Quebec. It is also hoped that conscientious students will improve their conversational ability in French.

Applications have to be submitted by May 1st. On these the student is requested to give a short life history, his interests and hobbies, so that the organization can find a partner in Quebec with interests and abilities similar to his.

Once such a partner is found, which is usually by June, both are requested to write to one another in the language of the other, i.e. a person from Ontario would write in French.

in July the Ontario students travel from Toronto to Quebec where they meet their partners and remain for two weeks. Then they return to Ontario with their Quebec partners for two weeks.

The only cost to the student is the train fare, which may amount to a maximum of \$20. Anything over that amount will be refunded.

Students are advised to take about \$15. with them for spending money. The organization makes sure that the home students visits are properly supervised by parents of whom at least one is always at home. If this is found to be not the case, the student is transferred to another more suitable home.

Last year the total personal savings of Canadians was \$2.2 billion, their total tax payments were \$12.2 million.

of about 60 people at an auction sale on King St. who witnessed the flight, said she came into view over a clump of trees to the south.

GLEN WILLIAMS The history of Glen Williams, as written by a public school student, and published in last week's Herald, was indeed interesting and informative. Even the "old timers" found many new and interesting items in the essay. One correction, can be made, in that the ownership of Wheeler's General Store did not change hands during three generations — just the business — for a period, between John A. and Harold C. Wheeler.

No doubt, in years to come, the tragic flood of 1965, will also be mentioned in the annals of our community.

DECORATING YOUR HOME

by Alex Campbell The creation of a beautiful home, one that reflects her personality, is the ambition of all home-makers. It gives an opportunity for self expression, but often this does not get fulfillment because there is not sufficient appreciation of the value of color. Color is the greatest single factor in Interior Decoration. It can be used to express one's personality, it can make a small room larger, a dark room brighter. Almost any effect can be created by the proper use of colour. The various color combinations between walls — windows and floor can be arranged in an infinite variety to emphasize any mood or period. Next week I will go into the subject of color in greater detail as it relates to traditional homes. For free personal consultation call MR. CAMPBELL CAMPBELL'S INTERIORS MILTON 878-6021 (collect)
